

Residential Rebates Are Still Available

Since the regional water rebate program was relaunched in September 2009, many Newport Beach residents have taken advantage of the residential rebates available through the SoCalWaterSmart program.

Take a look at the rebates currently offered to Newport Beach Residents:

(Please note that devices must be on a qualifying products list)

Rebates Available for Newport Beach Residential Customers

High Efficiency Toilet (HET)	\$50 rebate (no limit)
Rotating Nozzle	\$4 per nozzle installation of pressure regulating head is required (no limit)
SmarTimer Rebate Program	\$60 per station

Newport Beach encourages you to act quickly, since funding is limited and rebates are issued on a first-come, first-served basis. For detailed information or to download a rebate application, visit the program's website at www.socalwatersmart.com. Rebate information can also be found on www.watersmartnewport.org.

Suggested Weekly Winter Irrigation Schedule

	Turf Grass	Trees, Shrubs, and Ground Cover	% Option**
March	3 days, 2 cycles* of 3 minutes	2 days, 2 cycles* of 3 minutes	50%
April	3 days, 2 cycles* of 4 minutes	2 days, 2 cycles* of 4 minutes	70%

* Programming the run time for a 3-4 minute duration and cycling one hour apart allows deeper watering, healthy root growth and minimize runoff.

** This percentage option, either a button or a dial, permits the watering run times for all electric valves managed by a controller to be increased or decreased by adjusting the percentage.

Please remember that the suggested schedules may not be appropriate for your specific property. If you have questions, please call **(949) 644-3214** or send an e-mail to conservationinfo@newportbeachca.gov.

Green Your Car ... Go Waterless!

Washing our cars in our driveways is one of the most environmentally un-friendly chores we can do around the house.

Unlike household waste water that enters sewers or septic systems and undergoes treatment before it is discharged into the environment, wash water from your car flows **untreated into storm drains and into the bay and ocean**. An alternative to the bucket and soap are waterless car wash products. Save water and drive a little greener.

The City of Newport Beach in no way endorses any particular company nor product performance. Products mentioned are for the sole purpose of providing information.

Questions or comments? Call (949) 644-3214 or e-mail conservationinfo@newportbeachca.gov.
