

BOARDS, COMMISSIONS AND COMMITTEES -
EXPRESSIONS OF OFFICIAL CITY POSITION OR POLICY

If members of City Boards, Commissions, or Committees desire that a particular official City position or policy be established or expressed on a given issue, they shall submit their recommendations on said position or policy, to the City Council for evaluation and disposition as the Council sees fit.

This policy is not intended to restrict communications between Boards, Commissions and Committees and others on matters exclusively within the purview or responsibility of such Boards, Commissions or Committees, but rather is intended to avoid confusion with regard to the official City position or policy, which is defined as that of the City Council.
