

What's ACE?

After Class Enrichment (ACE) is a series of programs run by the City of Newport Beach designed to further enhance your child's curriculum by providing high quality instruction in a variety of recreational activities held immediately after school dismissal. Your favorite instructors from the City of Newport Beach's Recreation & Senior Services Department will host their class on campus, allowing your young ones the opportunity to expand their learning, discover a new hobby, and develop friendships for years to come.

Monday

9/18-10/30

Clay House Fall Projects NCE101 - \$210 - Rm.3

Students will have so much fun making their very own fall leaf bowls, spooky masks, and pumpkin sculptures out of clay which will be fired and glazed. Fundamental skills will be taught by a professional artist and teacher such as coil, slab, pinch pot, blending and glazing techniques. Experience this wonderful and exciting new class and take home some amazing masterpieces!

Spanish for Beginners NCE102 - \$133 - Rm.5

Learning a second language has become essential for our children. What better than to learn it at an early age! Children will learn to converse in Spanish and often begin making sentences after a few lessons, using Comprehensible Input methodologies that focus on the four areas of acquisition: reading, writing, listening, and speaking. This fun and unique language-learning experience will have your children asking for, "Mas español, por favor."

Yoga

NCE103 - \$128 - MPR

Fun and exciting yoga class created especially for Children. Children will stretch like a cat, balance like a flamingo and breath like the wind, nurturing the whole child in a cooperative non-competitive environment.

Tuesday

9/19-10/31

Inventors Workshop! NCE104 - \$135 - Rm. 3

Join Inventor's Workshop and learn to think outside the box as you explore the inner workings of past inventions and come up with your own innovative ideas! From a pen dipped in ink to a text message from a friend, learn about the history & evolution of inventions. Make homemade paper, paint, musical instruments, and more as you examine how everyday inventions have changed the world. Inventions are amazing!

After School Basketball NCE105 - \$105 - Blacktop

Chillin' out, maxin', relaxin' all cool, we'll be shootin' some b-ball outside of the school. This program encourages children to play, have fun, and enjoy the game, without the added pressure of coaches, referees, and parents. No set teams or assigned coaches mean more focus on skill development and fun!

Wednesday

9/20-10/25

Guitar Ninja NCE106 - \$90 - Rm. 3

Learn to play rock tunes on the guitar that teaches power chords, open chords, rhythm, and guitar tab. If you've always wanted to learn to rock like your favorite guitar heroes, this is the class!

Core Athletics NCE107 - \$165 - Field

CORE Programs instill a love for sport and physical activity, while developing your child's specific sport skills and overall athleticism. Classes will fine-tune your child's sports skills in a fun, group setting, while exposing them to important life lessons, such as good sportsmanship, teamwork, fairness, and appropriate peer interaction.

Drawing, Pastels and Painting NCE108 - \$168 - Rm.5

A creative class where children will be taught the fundamentals of painting, drawing, ceramics, collage and printing. A wide variety of mediums will be used such as pastels, water colors, acrylic paints, metal embossing and clay. Students will create new Winter-themed projects of the highest quality and definite keepsakes.

Thursday

9/21-11/2

Hip Hop Funk NCE109 - \$140 - MPR

Get ready to rock the dance floor using all the latest moves! This dance class is a high energy class that explores the expressive style of Hip-Hop movement. Students will be introduced to jumps, turns, across the floor and hip choreography.

Chem Kidz NCE110 - \$135 - Rm.5

Have you ever wondered what it means to think like a chemist? Just add an ounce of curiosity with a cup of enthusiasm to learn what makes the world tick. Have you ever wondered how to make homemade Play-Dough, whip up Elephant Toothpaste, grow crystals, or create extreme bubbles? These are just a few of the many exciting hands-on experiments students will perform while learning the difference between physical changes and chemical reactions in this electrifying class!

STEM Challenge using LEGO NCE111 - \$147 - Rm.5

Master your engineering skills with Play-Well TEKologies and thousands of LEGO® parts! Apply real-world concepts in physics and engineering through engineer-designed projects such as Gear Cars, Gondolas, Merry-Go-Rounds, and Scissor Lifts! Design, build, and explore your craziest ideas in a supportive environment. There is no prerequisite for this course.

Friday
