General Information

Pursuant to 20.52.040 of the Zoning Code the purpose of a Limited Term Permit is to allow for uses of limited duration (e.g., interim, non-permanent, and/or seasonal in nature) that might not meet the development or use standards of the applicable zoning district, but may otherwise be acceptable because of their temporary or limited nature.

The following limited duration uses are allowed, subject to the issuance of a Limited Term Permit:

1. Contractors' construction yards - off-site: Off-site contractors' construction yard(s), in conjunction with an approved construction project. The permit may be effective for up to 12 months, or the expiration of the Building Permit.
2. Off-site parking for marine activities: Off-site parking for uses requiring a Marine Activities Permit in compliance with Municipal Code Chapter 17.10 for the duration of the permit or for not more than 12 months, whichever is less.
3. Seasonal sales: Seasonal sales including holiday boutiques, Halloween pumpkin sales and Christmas tree sale lots only by businesses holding a valid Business License; provided, the activity may only be held from October 1st through October 31st, of the same year for the Halloween pumpkin sales, and from the day after Thanksgiving through December 26th, for Christmas tree sales.
4. Limited duration sales and/or work trailers: A trailer or mobile home may be used for limited duration sales activities (e.g., model home sales, etc.) or as a limited duration work site for employees of a business.
 - a. A trailer or mobile home may be used:
 - (1) During construction or remodeling of a permanent commercial, industrial, and mixed-use structure, when a valid Building Permit is in force; or
 - (2) Upon demonstration by the applicant that the limited duration work site is a necessity, while a permanent work site is being obtained.
 - b. A permit for limited duration trailer(s) may be granted for up to 12 months and may be extended for a longer period in conjunction with a valid Building Permit.
5. Limited duration structures: A limited duration classroom, office, or similar portable structure, including a manufactured or mobile unit, may be approved, for a maximum time period of 12 months in the commercial, industrial, and mixed-use zoning districts.
6. Limited duration use of a vacant lot: The limited duration use of a vacant lot with non-permanent structural improvements, for a use typically allowed subject to the approval of a Conditional Use Permit or Minor Use Permit, may be approved for a maximum time period of 12 months in the commercial, industrial, and mixed-use zoning districts.
7. Other similar limited duration uses: Similar limited duration uses that, in the opinion of the Director, are compatible with the subject zoning district and surrounding uses.

Justification and Required Findings

Pursuant to 20.52.040 G., the Zoning Administrator may approve or conditionally approve a Limited Term Permit application, only after first finding all of the following:

1. The operation of the requested limited duration use at the location proposed and within the time period specified would not be detrimental to the harmonious and orderly growth of the City, or endanger, jeopardize, or otherwise constitute a hazard to the public convenience, health, interest, safety, or general welfare of persons residing or working in the neighborhood of the requested limited duration use;
2. The subject lot is adequate in size and shape to accommodate the limited duration use without material detriment to the use and enjoyment of other properties located adjacent to and in the vicinity of the lot;
3. The subject lot is adequately served by streets or highways having sufficient width and improvements to accommodate the kind and quantity of traffic that the limited duration use would or could reasonably be expected to generate;
4. Adequate temporary parking to accommodate vehicular traffic to be generated by the limited duration use would be available either on-site or at alternate locations acceptable to the Zoning Administrator; and
5. The limited duration use is consistent with all applicable provisions of the General Plan, any applicable specific plan, Municipal Code, and other City regulations.

Other Information

1. Limited Term Permits can be applied for a fixed period of time of up to 90 days or 90 days or more; however, there is a 30 day time limit for uses not occupying a structure, including promotion activities, and a 12 month limit for all other limited duration uses or structure.
2. A Limited Term Permit may be extended upon request of the applicant and for good cause shown, up to a maximum time equal to the original approval, but not to exceed 12 additional months, with a maximum of 24 months total.
3. The application for a Limited Term Permit, except for seasonal sales, shall be filed with the Planning Department at least 30 days before the date that the proposed limited duration use is scheduled to take place.
4. The same or very similar limited duration use, except for seasonal sales, shall not be allowed to operate on the same lot for at least 30 days following termination of the previous use.
5. Applications for a Limited Term Permit shall not be filed or accepted if final action has been taken within the previous 180 days by the Zoning Administrator to deny an application for the same or substantially the same permit.
6. In approving a Limited Term Permit application, the review authority may impose conditions that are deemed necessary to ensure that the permit would be in full compliance with the findings noted above.
7. A public hearing shall not be required for a Limited Term Permit application for a limited duration use that is proposed to operate for up to 90 days, unless based on the specifics of the case, the Planning Director determines otherwise.
8. A public hearing shall be required for a Limited Term Permit application for a limited duration use that is proposed to operate for 90 days or more.

removed from the site within a reasonable time following the cessation of the use and that the property would be restored to its former condition, or better to ensure that any changes to the site would not limit the range of possible future uses otherwise allowed by this Zoning Code.
