MARKETING PLAN

This is a description of how you intend to inform the public about your event. It can be brief and general, but include the date you intend to start publicity. It is strongly suggested that publicity not start until you have secured your event permit.

NOISE AND AMPLIFIED SOUND

Having a Special Event Permit does not give the permit holder “permission” to violate the City Ordinances. All permit applicants are encouraged to work with sound engineers to make every effort to keep the noise produced by the event within the confines of the property site. Code enforcement officers can be required to make sound checks for events at your expense. A citation can be issued if your event is not in compliance with noise ordinances. It is highly suggested that event organizers maintain volume control over all entertainment in order to comply with direction from police or code enforcement officers. In most cases, limited outdoor amplified sound will be allowed only during the hours of 8am to 10pm.

These conditions are required by law to be adhered to by the permit holder and any vendors or subcontractors involved in the event. Failure to comply with permit conditions can result in revocation of the permit, forfeiture of deposit, administrative citations, fines and denial of future permit applications.

PLOT PLAN

For all events, a detailed diagram of all fixed and movable objects is required. Include: fire exits, food tables, etc.

According to City Council Policy B-8, the City of Newport Beach limits runs, races or bicycle events to no more than twelve (12) per year. Before applying for such an event, please check with Recreation Services staff on availability.
