ITEMS CHECKED ABOVE ARE APPROVED AND WITHOUT DEFICIENCIES.

OBSERVED DEFICIENCIES AND COMMENTS:

REPORT CONTINUED ON ATTACHED PAGES.

FINAL STRUCTURAL OBSERVATION REPORT:

The structure generally complies with the approved construction documents, and all observed deficiencies were corrected.

I declare that the following statements are true to the best of my knowledge:

1. I am the licensed design professional retained by the owner to be in responsible charge of the structural observation;
2. I, or another licensed design professional whom I have designated above and is under my responsible charge, have performed the required site visits at each significant construction stage to verify that the structure is in general conformance with the approved construction documents;
3. I understand that all deficiencies which I have documented must be corrected, prior to final acceptance of the structural systems by the City of Newport Beach, Building Division.

STAMP OF STRUCTURAL OBSERVER

SIGNATURE OF STRUCTURAL OBSERVER OF RECORD DATE

STRUCTURAL OBSERVATION DOES NOT WAIVE ANY REQUIREMENTS FOR BUILDING INSPECTION BY AUTHORIZED EMPLOYEES OF THE CITY OF NEWPORT BEACH.

STRUCTURAL OBSERVATION REPORT INSTRUCTIONS

When structural observation is required for a project, the structural observer shall perform site visits at significant construction stages throughout the progress of the work. Site visit frequency shall allow for correction of observed deficiencies without substantial effort or uncovering of the completed work. Structural observation site visits shall be performed for each construction stage identified on the approved construction documents.

The structural observer may utilize the City of Newport Beach "Structural Observation Report" form, or a similarly formatted report, to record the required observation visits. If the City's form is not used the alternate report shall be on the structural observer's letterhead, state the site address, plan check and permit numbers, stages and elements observed, date observed, and complete contact information for the structural observer. All structural observation reports, regardless of form used, shall include the license stamp and wet signature of the structural observer responsible for the project.

OBSERVED DEFICIENCIES

When a deficiency is noted, the structural observer shall give copies of the completed structural observation report to the owner or owner's representative, project contractor, and the Chief Building Official or designee.

The contractor shall resolve all deficiencies prior to final inspection or acceptance of the structural work by the Chief Building Official, or designee.

FINAL STRUCTURAL OBSERVATION REPORT

The structural observer shall submit a final structural observation report to the Chief Building Official, or designee, upon completion of the structural system. The final structural observation report shall state that the structural system conforms to the approved construction documents and that all previously observed deficiencies have been corrected. Final inspection or other acceptance of the structural system by the Chief Building Official, or designee, will not occur until the final structural observation report is received.
