Development of the 2011-2012 CAPER

As required by the United States Department of Housing and Urban Development (HUD), the City of Newport Beach has prepared the CAPER for public review and comment prior to its submittal to HUD. This document contains an assessment of the City's performance relative to the One-Year Action Plan. To the greatest extent feasible, the data collection efforts required by the CAPER reflect information for housing and community development projects that occurred within the City's jurisdiction, even if the City was not the lead agency.

Citizen Participation

As a prerequisite to submitting its CAPER, the City's Citizen Participation Plan and the CDBG implementing regulation require that a public hearing is held to provide citizens with an opportunity to express their views concerning the use of said funds. The public hearing was held on September 25, 2012 before the City Council.

In addition, the draft 2011-2012 CAPER was made available to the general public for a period of 15 days in order to provide them with an opportunity to review the document. In compliance with the City's approved Citizen Participation Plan and CDBG implementing regulation 24 CFR 92-105, a Public Notice was published to solicit public comments from interested citizens regarding the City's 2011-2012 CAPER. A copy of the published Public Hearing Notice can be found in Appendix "C".

Consultation

The City obtained information from local agencies in the preparation of the 2011-2012 CAPER. These included Community Based Organizations, various departments at the City of Newport Beach, the Fair Housing Foundation, and the Fair Housing Council of Orange County.

City Council Review and Public Hearing

On September 25, 2012, the City Council reviewed the 2011-2012 CAPER, allowed citizens an opportunity to comment on the draft CAPER and approved the 2011-2012 Newport Beach Consolidated Annual Performance and Evaluation Report.

I. GENERAL NARRATIVE

I. GENERAL NARRATIVE

General Questions

1. Assessment of the one-year goals and objectives:
 - a. Describe the accomplishments in attaining the goals and objectives for the reporting period.
 - b. Provide a breakdown of the CPD formula grant funds spent on grant activities for each goal and objective.
 - c. If applicable, explain why progress was not made towards meeting the goals and objectives.

The City consulted with several local agencies concerning their accomplishments for the program year, including the Community Based Organizations, City of Newport Beach Public Works Department, and Fair Housing Foundation. Overall, the City has been successful in implementing most of the proposed projects for this Program Year and meeting most of the Five-Year Consolidated Plan goals (See Executive Summary 2011-2012 Program Year Goals vs. Accomplishments Table).

The City uses its allocation of Community Development Block Grant (CDBG) funds to address the Strategic Plan goals for Affordable Housing, Special Needs Populations, Homeless Objectives, Community Development Objectives, and some Housing Objectives. The majority of the Housing objectives, however, are funded locally using the City’s in-lieu fee proceeds. The specific accomplishments for the 2011-2012 program year concerning housing goals and objectives are discussed in Section VII, Housing.

The City successfully utilized its allocation of CDBG funds to exceed the annual goals established for the 2011-2012 program year as illustrated in the table below:

2011-2012 Program Year Goals vs. Accomplishments

Activity	Accomplishment Units	2011-2012 Goals	2011-2012 Accomplishments

2. Describe the manner in which the recipient would change its program as a result of its experiences.

The City would not change its program at this time. This is a worthy program that increases accessibility for the purpose of creating a suitable living environment and access to decent housing for the residents of Newport Beach.

3. Affirmatively Furthering Fair Housing:
 - a. Provide a summary of impediments to fair housing choice.
 - b. Identify actions taken to overcome effects of impediments identified.

In addition to developing a Consolidated Plan that addresses a broad range of housing and community development needs, the City also participated in the development of a regional plan with other Orange County cities called the “Analysis of Impediments to Fair Housing Choice”, or AI, to specifically address overcoming the barriers to fair housing found in the community. This study identifies impediments to fair housing and also recommends actions to overcome the effects of these impediments.

During the most recent AI update, the City of Newport Beach monitored and reviewed its land use and other policies to ensure compliance with fair housing laws. The jurisdiction will work to ensure all potential recipients of government funds for housing related programs assist the jurisdiction in affirmatively furthering fair housing choice.

The following impediments were identified in the 2010-2015 Orange County Regional Analysis of Impediments to Fair Housing Choice (Regional AI).

HOUSING DISCRIMINATION

Impediment

The California Department of Fair Employment and Housing (DFEH) compiled data on housing discrimination complaints for this *Regional AI*. In the five-year period since the prior AI, about 300 housing discrimination complaints have been filed with DFEH. Annually, the number of housing discrimination complaints averaged 60 per year. The number of cases ranged from a low of 46 in 2005 to a high of 78 in 2006. The vast majority – 244 of 302 housing discrimination complaints – have been filed in the Entitlement Cities. Irvine (58) and Anaheim (40) accounted for the highest number of complaints.

Housing discrimination, especially in the rental housing market, is an impediment to fair housing choice because 60 complaints annually are filed by residents of the participating entitlement cities and Urban County.

A housing discrimination complaint can have more than one basis. The bases include:

- Physical Disability
- Mental Disability
- Race/Color
- National Origin
- Familial Status
- Sex
- Marital Status
- Other - Retaliation; Religion; Source of Income; Association and Age

About 35% of the housing discrimination complaints were based on a physical or mental disability. Since the prior *Regional AI* was completed, disability has been

increasing as a basis for a housing discrimination complaint. Race and color (20%) and national origin (14%) rank second and third as a basis for making a housing discrimination complaint. Although individual cities vary in terms of the basis for a housing discrimination complaint, disability, race/color and national origin comprise the basis for the highest number of complaints.

The DFEH compiles data on number of housing discrimination cases according to nine types of alleged acts:

- Refusal to Rent
- Eviction
- Refusal to Show
- Loan Withheld
- Unequal Terms
- Harassment
- Unequal Access to Facilities
- Denied Reasonable Modification/Accommodation

A summary of the highest number and percentage of alleged acts is presented below:

- About 22% (101) of the housing discrimination complaints occurred during the eviction process.
- About 19% each of the alleged acts pertained to unequal terms (88) and to denial of a reasonable modification and/or accommodation (87).
- About 15% each of the housing cases were filed because of harassment (72) and the refusal to rent (68).

It appears that most of the alleged acts affect renters or persons seeking rental housing. This mirrors HUD's national study which found that about 70% of the persons who thought they were victims of discrimination were looking to rent at the time.

Actions Taken

During the 2010-2015 period, the FHCOC is implementing the following actions:

1. FHCOC committed to continue to process housing discrimination complaints filed by city and county residents.
2. FHCOC committed to conduct testing of housing provider practices to determine whether there are differences in treatment based on a protected class. The 2005-2009 housing discrimination complaint data and the fair housing community profile used to identify the protected classes and locations of housing providers that should be tested.

3. FHCOC committed to revise its website to provide direct access to a housing discrimination complaint form and provide a diagram or brief explanation of the process for investigating and resolving a complaint.
4. FHCOC committed to revise its website to add more information on how residents can detect whether they have been victims of unlawful housing discrimination.
5. FHCOC committed to publish a quarterly report on the FHCOC website summarizing the remedies pertaining to filed housing discrimination complaints.
6. FHCOC committed to compile an Annual Report on housing discrimination complaints filed with the FHCOC, the State Department of Fair Employment and Housing (DFEH) and HUD. The report will include housing discrimination complaints unique to each participating jurisdiction as well as those of the entire County. The Annual Report will describe emerging trends within the City and County.
7. FHCOC committed to transmit the Annual Report to the participating jurisdictions by August of each calendar year to allow jurisdictions to include a summary of the report findings in the CAPER. To date, the City of Newport Beach has not received this report.

DISCRIMINATORY ADVERTISING

Impediment

Rental housing ads that state “no pets” or indicate rental discounts for seniors are impediments to fair housing choice because they make housing unavailable to disabled persons and the non-elderly. “No Section 8” ads may become an impediment to fair housing choice because they could make housing unavailable disproportionately to a protected class such as persons with disabilities.

Actions Taken

During the five-year period of the Consolidated Plan, the FHCOC is implementing the following actions:

1. FHCOC is encourage the Orange County Register to publish a Fair Housing Notice in the for rent classified ad section and to identify the FHCOC as an agency that can respond to fair housing questions. FHCOC is encouraging apartment rental websites to display more prominently their Fair Housing Notice.
2. FHCOC is encouraging the Los Angeles Times and Orange County Register to publish a “no pets” disclaimer that indicates rental housing

- owners must provide reasonable accommodations, including “service animals” and “companion animals” for disabled persons.
3. FHCOC Supports an amendment to the Communications Decency Act of 1996 to state no provider or user of an interactive computer service shall be treated as the publisher or speaker of any information provided by another information content provider, except for notices, statements, or advertisements with respect to the sale, rental, financing or insuring, or any other service of a dwelling that violate the Fair Housing Act, 42 U.S.C. § 3601 et seq.
 4. FHCOC committed to periodically review for rent and for sale ads published in the print media.
 5. FHCOC committed to prepare a summary of the accomplishments each year and transmit to the Entitlement Cities and Urban County in August of each year to allow the Entitlement Cities and Urban County to include a summary of the accomplishments in the CAPER. To date, the City of Newport Beach has not received the report.

BLOCKBUSTING

Impediment

Blockbusting is unlawful; however, it does not appear to be a significant impediment to fair housing choice. For profit, to induce or attempt to induce any person to sell or rent any dwelling by representations regarding the entry or prospective entry into the neighborhood of a person or persons of a particular race, color, religion, sex, handicap, familial status, or national origin.

With respect to blockbusting, the California law has more protected classes than the Federal Fair Housing Act.

There is no local or county agency that maintains records on actual or potential blockbusting incidents. Such incidents would take place primarily as real estate agents attempt to solicit or induce homeowners to sell their homes. The California Real Estate Commissioner is authorized to take disciplinary action against licensees who have committed the prohibited discriminatory practice of blockbusting and panic selling. The Department of Real Estate stated in June 2010 that no Orange County licensee has had their license suspended or revoked because of the illegal practice of blockbusting.

Actions Taken

During the five-year period of the Fair Housing Action Plan, the FHCOC is implementing the following actions:

1. FHCOC provides information on their website about the unlawful practice of blockbusting and includes examples of this illegal practice.
2. FHCOC committed to work with the California Department of Real Estate to determine if any Orange County licensees have had their licenses suspended or revoked because of the illegal practice of blockbusting.
3. In the event, a licensee has been found to have committed blockbusting, FHCOC committed to provide education and information on this practice to the responsible broker and all related salespersons.

DENIAL OF REASONABLE MODIFICATION/REASONABLE ACCOMMODATION

Impediment

Denial of a reasonable modification or reasonable accommodation is an impediment to fair housing choice because they account for almost one-fifth of all alleged discriminatory acts. It is unlawful to refuse to make reasonable accommodations for disabled persons.

The DFEH compiles data on the number of housing discrimination cases according to nine types of alleged acts. During the 2005-2009 period, 461 alleged discriminatory acts were committed in the cases processed by the DFEH. Of this total, 87 or 18.9% involved denial of a reasonable modification/reasonable accommodation. About 17-18 denials of reasonable modification/reasonable accommodation occurred per year during the five-year period.

Actions Taken

During the five-year period of the Fair Housing Action Plan, the FHCOC is implementing the following actions:

1. FHCOC committed to provide education and information on why this practice is unlawful to the owners and managers of apartment complexes and homeowner associations.
2. FHCOC committed to provide information on the unlawful practice of denying reasonable modifications/reasonable accommodations at fair housing seminars conducted by the Apartment Association of Orange County.

HATE CRIMES

Impediment

Hate crimes committed at a residence are an impediment to fair housing choice because they impact the lives of 20-30 households per year. Almost one-half of all hate crime events in Orange County had an anti-Black or anti-Latino bias motivation.

Hate crime events were reviewed for the 5-year period from 2004 to 2008 as reported by Criminal Justice Statistics Center of the California Department of Justice (DOJ). The annual average of events was 73 and, during the five-years there was a narrow low (69) to high (79) range. Except for the City of Huntington Beach, on a city-by-city basis, the number of hate crime events is low.

In 2008, according to the Orange County Human Rights Commission (OCHRC), there were 79 cases of hate crimes in Orange County, essentially unchanged from the 80 cases in 2007. Despite the fact that the African American population makes up less than 2% of Orange County's population, this group continues to be the most frequent target for hate crimes. Hate crimes against Latinos continues to increase. In fact, since 2006 there has been almost a 100% increase in the number of cases reported. After a four-year downward trend, hate crimes against Jews increased. Additionally, while there was a slight decrease in hate crimes reported against Gays and Lesbian, this group frequently underreports.

In 2008, 29% and 19% of the hate crimes in Orange County had an anti-African American and anti-Latino bias motivation.

The California DOJ reports the location of hate crime events for the entire state by 25 categories (e.g., church, park, college, etc). During the past five years two locations are predominant, accounting for about 60% of all hate crime locations: Highway/Road/Alley/Street (29.1%) and Residence/Home/Driveway (29.7%).

The application of the statewide housing location average of 29.7% to the annual Orange County average of hate crime events of 73 yields at estimate of 22 annual events occurring at a residence, home or driveway. The application of the 40% factor cited by the OCHRC yields an estimate of 29 events occurring at a housing location.

On an individual city basis, the number of hate crime events occurring at a *housing* location is small. However, the number at the countywide level is significant and, as a result, the resources to monitor and alleviate this impediment are best handled at the regional level.

Actions Taken

During the five-year of the Fair Housing Action Plan, FHCOC is implementing the following actions:

1. FHCOC committed to coordinate with the Orange County Human Relations Commission, Center OC and the Orange County Victim Assistance Partnership.
2. FHCOC committed to provide affected residents – when needed - with referrals to hate crime victim resources.

UNFAIR LENDING

Impediment

Disparities in the loan denial rates experienced by Hispanic and Black/African applicants create an impediment to fair housing choice as they have loans denied at rates 1.5 to 2.0 times greater than White applicants.

The Equal Credit Opportunity Act (ECOA) 15 U.S.C. 1691 *et seq.* prohibits creditors from discriminating against credit applicants on the basis of race, color, religion, national origin, sex, marital status, age, because an applicant receives income from a public assistance program, or because an applicant has in good faith exercised any right under the Consumer Credit Protection Act.

To supplement federal legislation, state laws have been enacted to forbid the discriminatory practice known as “redlining;” a practice results in blanket refusals by some lenders to make loans in whole neighborhoods or geographic areas. Redlining is illegal in California pursuant to the Housing Financial Discrimination Act of 1977 (Holden Act). (Health & Safety Code Section 35800-35833) The Holden Act prohibits the consideration of race, color, religion, sex, marital status, national origin, or ancestry in lending for the purchase, construction, improvement, or rehabilitation of housing. Further, lenders cannot deny loan applications because of ethnic composition, conditions, characteristics, or expected trends in the neighborhood or geographic area surrounding the property.

An analysis of the 2008 Home Mortgage Disclosure Act (HMDA) data was completed in order to determine loan denial rates by census tract, race/ethnicity and income. HMDA requires lenders to report on the action taken on each loan application, as follows:

- Loan Originated
- Application Approved, Not Accepted
- Application Denied
- Application Withdrawn
- Filed Closed for Incompleteness

Many determinants of a loan decision – such as borrower credit history, debt-to-income-ratio and loan-to-value ratio - are not included in the HMDA data. Although the loan denial rates do not support definitive conclusions regarding discrimination on the bases of race or ethnicity, they are a useful screen to identify disparities in loan approval rates by the race and ethnicity of applicants and geographic markets where differences in denial rates warrant further investigation. Additionally, identifying census tracts/neighborhoods with high loan denial rates helps to target credit counseling and homebuyer education programs.

Evidence from the 2008 Home Mortgage Disclosure Act (HMDA) data reveals the loan denial disparities between White applicants and Black and Hispanic applicants. Moderate income Blacks have an FHA loan denial rate almost two times greater

than moderate income White applicants. Above moderate income Blacks have an FHA loan denial rate about 1.4 times greater than White applicants with identical incomes. The conventional loan disparities are lower for moderate and above moderate income applicants than for FHA loans. However, low income Blacks have a conventional loan denial rate 2.55 times greater than White applicants.

Moderate-income Hispanics have a loan denial rate for FHA and conventional loans that is two times greater than White applicants. The very low, low and above moderate income Hispanics have loan denial rates 1.46 to 1.93 higher than White applicants.

Unfair lending is manifested more in the loan denial disparities experienced by different racial/ethnic borrowers than by the denial rate disparities experienced in neighborhoods with 20%-79% minority populations, regardless of income.

Additionally, a regression analysis was completed to determine if race/ethnicity is associated with the denial of loan applications. Two types of loans applications were considered in the analysis: (1) home purchases with conventional loans and (2) home purchases with FHA loan.

A logit regression was used to “predict” if a loan was denied based on the minority population and income ratio of the census tract, as well as the loan amount. These variables were chosen because the results of a preliminary analysis utilizing census tract level data suggested each of these variables were influencing denials. Each of the three variables was significant predictors of loan denials for conventional loan applications, while the percent minority and the income ratio of a census tract were significant predictors of denials for FHA loan applications.

For conventional loans, the probability of a loan being denied increased as the percentage *minority population* in the census tract *increased*, as the *income increased* the probability of a denial *decreased*, and as the *amount of the loan increased* the probability of a loan denial *increased*.

Actions Taken

1. FHCOC committed to monitor the HMDA data annually using the 2008 HMDA analysis as a benchmark.
2. FHCOC committed to complete a HMDA analysis of the top 10 lenders in Orange County to compare and contrast loan denial rates.
3. FHCOC committed to conduct a follow-up analysis of loan denial rates at the neighborhood level to determine to what extent, if any, redlining may exist in Orange County. This follow-up will be completed when Census 2010 data are available on minority populations at the census tract level. The Census 2010 data will enable an analysis of loan activity and minority population characteristics for the *same* time period.

4. FHCOC committed to conduct outreach to cultural, ethnic and minority organizations to potentially increase interest and readiness in home purchases.
5. FHCOC committed to provide homebuyer education programs in neighborhoods with high denial rates, high minority population concentrations and limited English speaking proficiency to help increase loan approval rates.

ACTIONS TO ADDRESS PUBLIC SECTOR IMPEDIMENTS

Public Sector Impediments Common to Most Participating Jurisdictions

As part of the preparation of an *Analysis of Impediments to Fair Housing Choice* participating cities responded to a 24-question survey regarding local governmental codes or policies and practices that may result in the creation or perpetuation of one or more impediments to fair housing choice. The survey has a particular focus on land use and zoning regulations, practices and procedures that can act as barriers to the siting, development, or use of housing for individuals with disabilities. In identifying impediments to fair housing choice, the survey looks to distinguish between *regulatory* impediments based on specific code provisions and *practice* impediments, which arise from practices or implementing policies used by the jurisdiction.

- The most common public sector impediments are:
- The zoning regulations do not define “disability”.
- The zoning regulations do not define “supportive” and “transitional housing” as required by Government Code Section 65583(a)(5).
- Some cities have not adopted a reasonable accommodation procedure.
- The zoning regulations do not discuss housing for “special needs” populations.
- The zoning regulations do not discuss fair housing.

The population to be served by supportive and transitional housing is people with different kinds of disabilities. Actions by the entitlement cities and Urban County to provide zoning regulations will eliminate a potential impediment to the development of such housing.

City Identified Public Sector Impediments

Based on an evaluation of City Zoning and Planning Codes as well as policies and practices that may pose an impediment to Fair Housing Choice, the City of Newport Beach did not identify any public sector impediments.

Actions to be Taken by the City

Based on an evaluation of City Zoning and Planning Codes as well as policies and practices that may pose an impediment to Fair Housing Choice, the City of Newport

Beach did not identify any public sector impediments.

Therefore, there are no actions to be taken at this time by the City with respect to public sector impediments.

Actions To Affirmatively Further Fair Housing Choice Through the Location of Affordable Housing

During the 2010-2015 period, the FHCOC committed to take the following actions:

- As needed, provide technical assistance to participating jurisdictions on how the location of affordable housing contributes to AFFH.
- Aggregate - for each census tract - the number of voucher holders assisted by all four housing authorities. FHCOC committed to accomplish this in calendar year 2011, but has not provided the City with its findings to date.
- Conduct an analysis of the location of affordable housing in census tracts with a low concentration of minority and low income populations for purposes of determining whether they offer sufficient affordable housing opportunities. FHCOC committed to accomplish this in calendar year 2011 or as soon as Census 2010 and American Community Survey data are available, but has not provided the City with its findings to date.
- Extend the analysis to include census tracts with minority populations in the range of 60 to 80%. FHCOC committed to accomplish this in calendar year 2011 or as soon as Census 2010 and American Community Survey data are available, but has not provided the City with its findings to date.
- Suggest policies that the Housing Authorities and/or entitlement cities and the Urban County Program can implement to promote affordable housing opportunities outside of census tracts with high percentages of poverty and minority populations. FHCOC committed to review the housing authority annual plans and to provide input to the entitlement cities and Urban County Program as needed.

4. Describe Other Actions in Strategic Plan or Action Plan taken to address obstacles to meeting underserved needs.

According to the Consolidated Plan, one of the most underserved needs in the City is affordable housing for families of extremely low, very low and low income. The City has identified the lack of developable sites, high land costs and limited funding as obstacles to affordable housing. Other obstacles in non-housing community development include NIMBY-ism (Not in My Backyard), lack of organizational capacity, and lack of available funding.

The City has previously adopted policies to overcome these obstacles and to encourage affordable housing production by providing density bonuses and fee waivers.

In addition, the City encourages affordable housing production by providing density bonuses to interested developers and through the inclusionary zoning requirements. The City will work closely with affordable housing developers to expedite the permitting process in order to cut costs.

In regard to non-housing obstacles, the City will facilitate community involvement to increase understanding of community needs and the possible solutions to meet those needs. The City will maintain close partnerships with service providers and other community development professionals to identify and correct issues such as lack of capacity and resources.

Toward the end of the 2010-2014 Consolidated Plan cycle, additional affordable units will be created. The City continues to monitor and enforce affordability covenants on affordable housing projects throughout the City. This includes not only housing units developed with federal funds, but also all units with an affordability covenant in place.

5. Leveraging Resources
 - a. Identify progress in obtaining "other" public and private resources to address needs.
 - b. How Federal resources from HUD leveraged other public and private resources.
 - c. How matching requirements were satisfied.

The City used its CDBG allocations as collateral to secure a \$2.4 million Section 108 loan in the 2001-2002 program year. These additional funds were used to complete a portion of the Balboa Village Improvement Project. The 108 loan is being repaid over a twenty year-period. Ten payments remain on a principal balance.

The Orange County Partnership's Continuum of Care Homeless Assistance Grant application resulted in an award of \$13.7 Million for 44 ongoing programs. The Orange County Housing and Community also received \$1,506,678 million of CDBG and HOME Investment Partnership funds for affordable housing in Orange County during the program year 2011-2012.

There are no matching requirements for CDBG.

MANAGING THE PROCESS

1. Describe actions taken during the last year to ensure compliance with program and comprehensive planning requirements.

The City has made all efforts to ensure compliance with the 2010-2014 Consolidated Plan and the 2011-2012 Action Plan. The City has utilized data from the HUD Integrated Disbursement and Information System (IDIS) for preparation of the Consolidated Plan and Action Plans. The City has included all necessary HUD reports as part of its CAPER submittal and has utilized the CPMP Tool to monitor the progress of the Strategic Plan (also see Appendix "A"). In addition, the City continues to consult with HUD for technical assistance of projects when necessary.

CITIZEN PARTICIPATION

1. Provide a summary of citizen comments.

The City encourages input and feedback on its performance in meeting the objectives of the Strategic Plan from concerned residents and local advocacy groups. The City provides a public review and comment period for the draft version of the CAPER, and also holds a public hearing to solicit input.

A draft copy of the CAPER covering PY 2011-2012 was made available from September 10, 2012 to September 25, 2012. No public comments were received. The public hearing to solicit public input and comment on the CAPER and the City's performance during PY 2011-2012 was held at the Newport Beach City Council Chambers at 3300 Newport Boulevard, Newport Beach, California. No public comments were made. Notice of both the public comment/review period and the public hearing was published on September 8, 2012 in the Daily Pilot, a newspaper of local circulation. A copy of the Notice appears in Appendix "C".

2. In addition, the performance report provided to citizens must identify the Federal funds made available for furthering the objectives of the Consolidated Plan. For each formula grant program, the grantee shall identify the total amount of funds available (including estimated program income), the total amount of funds committed during the reporting period, the total amount expended during the reporting period, and the geographic distribution and location of expenditures. Jurisdictions are encouraged to include maps in describing the geographic distribution and location of investment (including areas of minority concentration). The geographic distribution and expenditure requirement may also be satisfied by specifying the census tracts where expenditures were concentrated.

INSTITUTIONAL STRUCTURE

1. Describe actions taken during the last year to overcome gaps in institutional structures and enhance coordination.

The City of Newport Beach continued to work with Orange County, the Orange County Housing Authority and various non-profit organizations to provide services to

the City's residents. Through the cooperative efforts of these organizations, a variety of housing and community development programs were implemented throughout the community.

The City maintained close contact with social service organizations funded by the City as well as other local service providers to coordinate efforts and to avoid the duplication of services.

MONITORING

1. Describe how and the frequency with which you monitored your activities.

Each program year, the City develops a custom monitoring schedule including each contractor / subrecipient. The monitoring plan includes the following tools:

- Annual Subrecipient Conference / Onsite Technical Assistance Visit
- Desk monitoring
- Performance reports through our *Grants Management System (GMS)*
- Onsite program and financial reviews

An appropriate combination of these four items provides a clear and timely picture of each contractor/subrecipient's progress and level of compliance with program regulations.

Annual Subrecipient Workshop / Onsite Technical Assistance Visits

An annual workshop is provided for new subrecipients. At this workshop, City staff review the program reporting requirements and documentation/recordkeeping standards to foster compliance. For high risk agencies, an onsite technical assistance meeting may also be necessary to assess the subrecipient's capacity related to recordkeeping, service delivery, and/or accounting systems. These visits are conducted in August and February of each year.

Desk Monitoring

Annually, the City reviews copies of case files to ensure complete and accurate documentation regarding the following items:

- Client eligibility (if applicable)
- Property eligibility (if applicable)
- Appropriate funding levels for the activity
- Compliance with all program requirements (i.e. environmental review)

Performance Reports

The City requires that performance reports from all subrecipients be submitted through the GMS in order to facilitate the examination of a project's progress throughout the program year. For capital projects and public service grants, reports are required on a quarterly basis. The performance reports alert staff to any

problems in subrecipient performance, need for technical assistance, and ensure data collection requirements are met.

Annual Onsite Program and Financial Reviews

The Department provides annual on-site reviews of all high-risk subrecipients in order to conduct a complete programmatic and financial monitoring. The Department will conduct on-site monitoring of low and moderate-risk subrecipients on a bi-annual basis.

Monitoring Staff

The City has the following monitoring duties:

- Oversee the planning and budgeting process to ensure that projects and programs are consistent with the Consolidated Plan's identified high- and in some cases medium-priority strategic objectives and grant requirements. Staff also provides technical guidance regarding Affirmative Marketing and Fair Housing practices.
- Provide technical guidance with each subrecipient partner regarding: program structure, income requirements, and document compliance. Staff reviews the City's monthly expenditure reports. At a minimum, staff performs quarterly draw downs in HUD's Integrated Disbursement and Information System (IDIS) against the appropriate grant. For IDIS, Staff gathers quarterly program statistical reports from the subrecipient partners and updates all necessary fields from setup to completion of each project and activity. Regular updating and draws ensures the City meets the CDBG timeliness deadline. As needed, staff performs environmental reviews and Davis-Bacon monitoring.
- Review the invoices from each subrecipient and ensure timeliness with expenditures.
- Provide technical guidance regarding all housing construction, demolition, and rehabilitation projects ensuring the correct number of units, timeliness in build-out, and approval of payments. For new construction, ensure compliance with all applicable local codes, ordinances, and zoning ordinances at the time of project completion.

Provide monitoring orientation with all subrecipient partners and establish monitoring visits. The monitoring orientation includes the timing for monitoring visits. Subrecipient partners without problems or significant findings receive annual or semi-annual monitoring visits, while new subrecipients and subrecipients with significant problems or complex projects receive quarterly visits.

2. Describe the results of your monitoring including any improvements.

The Department achieved monitoring success through:

- Pre-award screening, risk assessment, and orientation;
- Strong written agreements;
- Performance standards and program objectives; and
- Defined monitoring of each subrecipient partner on quarterly, semi-annual, and annual basis.

The City will continually refine its monitoring procedures to ensure that each monitoring has a meaningfully positive impact on the overall program and that projects have measurable outcomes.

3. Self Evaluation

- a. Describe the effect programs have in solving neighborhood and community problems.
- b. Describe progress in meeting priority needs and specific objectives and help make community's vision of the future a reality.
- c. Describe how you provided decent housing and a suitable living environment and expanded economic opportunity principally for low and moderate-income persons.
- d. Indicate any activities falling behind schedule.
- e. Describe how activities and strategies made an impact on identified needs.
- f. Identify indicators that would best describe the results.
- g. Identify barriers that had a negative impact on fulfilling the strategies and overall vision.
- h. Identify whether major goals are on target and discuss reasons for those that are not on target.
- i. Identify any adjustments or improvements to strategies and activities that might meet your needs more effectively.

Program Year 2011-2012 was the eighteenth year that Newport Beach administered its own CDBG program since becoming a CDBG Entitlement Jurisdiction in 1994. The City completed all the planning requirements of the CDBG program and began program implementation on July 1, 2011.

To facilitate the administration of the CDBG program, the City has retained a consultant to provide technical support and to oversee the City of Newport Beach CDBG activities and expenditures.

CDBG grants were awarded to five (5) social service and fair housing agencies to address the supportive service needs of Newport Beach residents.

Overall, the City has been successful in implementing the proposed projects during the seventeenth year of its CDBG program and first under the 2010-2014 Five-Year Consolidated Plan.

The City utilizes its CDBG funds to address homeless issues, special needs and community development objectives. Housing objectives are primarily met with the use of local in-lieu fee proceeds. As a result, for this Report, the majority of the achievements in this report address the strategic plan objectives in which CDBG

funds are utilized (homeless, special needs and community development objectives).

The City has met the majority of the annual goals for the aforementioned objectives. The City met the following objectives for the program year:

2011-2012 Program Year Goals vs. Accomplishments

Activity	Accomplishment Units	2011-2012 Goals	2011-2012 Achievements

General Program Administration	N/A	N/A	N/A

The table in the Executive Summary and Managing the Process clearly demonstrate that the City met a majority of the quantifiable goals it proposed in the Five-Year Consolidated Plan and the One-Year Action Plan, and exceeded most goals. However, many of the City’s programs have indirect benefits that are difficult to measure. For example, the full benefits of the Balboa Village Public Facility Improvements will not be realized until private businesses capitalize on the public investment, expand their operations and hire new staff.

In establishing five-year priorities, the City of Newport Beach has taken two (2) concerns into consideration: 1) those categories of lower- and moderate-income households most in need of housing and community development assistance; and 2) which activities will best meet the needs of those identified households. The homeless, persons with special needs, and those at risk of homelessness are most in need of housing and community assistance. The City developed the following strategies to address the needs of such persons:

- Provide supportive services and housing for the homeless and near homeless through support of social agencies and regional programs;
- Provide supportive services for special needs populations;
- Provide for the access needs of the physically challenged; and
- Provide needed community services to those of lower- and moderate-income.

The activities funded in program year 2011-2012 not only addressed the above strategies, but improved the quality of life for those identified as the most in need of housing and community development assistance.

To illustrate, the City awarded the Fair Housing Foundation CDBG funds to help low and moderate-income and persons with special needs to remain in their homes. The Fair Housing Foundation assisted 161 persons with various fair housing services.

The most noted example of how activities and strategies made an impact on identified needs during the 2011-2012 program year is Age Well Senior Services Mobile Meals Program. This organization provides home-delivered nutritious meals to homebound, disabled, low and moderate-income seniors and disabled persons in southern Orange County, including Newport Beach. Age Well Senior Services delivered nutritional meals to 145 seniors and disabled persons in the City during the program year. In an effort to increase supportive services to elderly residents and disabled persons, Age Well Senior Services has worked with HOAG Hospital to ensure that discharged low-income seniors and disabled persons can receive home delivered nutritionally appropriate meals. Such coordination has improved the access of seniors and disabled persons to services.

Serving People In Need (SPIN) assisted 7 low- and moderate-income residents suffering from substance abuse.

Families Forward provided emergency/transitional shelter to 147 people providing meals, shelter, clothing, case management and referral services to homeless families.

Human Options provided services to 14 clients who are homeless because of domestic violence. This agency provides to battered women with children shelter, food, clothing, and counseling and legal advocacy.

Share Our Selves (SOS) served 404 low- and moderate-income residents providing primary/urgent care on a daily walk-in basis, chronic care, and specialty care by appointment to uninsured Orange County residents and patients in the County MSI Program. This activity provided a service to persons in need of medical and dental care.

The Substantial Amendment to the Annual Action Plan 2010-2011 cancelled the Utility Assessment District Grant Program activity. Eight (8) applications were received in FY 2010-2011. The status and disposition of those applicants includes:

Four (4) were determined eligible and provided with information on how to solicit bids and to contract for the work in conformance with the Program Guidelines. None of those four (4) applicants provided the documentation necessary to actually provide grant assistance.

Two (2) were determined ineligible based on household income exceeding the 50% of AMI threshold.

Two (2) applications were determined to be incomplete. Neither applicant provided the necessary documentation to complete their applications.

Subsequent to cancellation, the entire \$65,922 budget was re-allocated to the new 2012-2013 Sidewalk, Curb and Gutter Improvements activity.

The City continues to look for ways to provide affordable housing to low- and moderate-income households by using resources such as City's in-lieu fee associated with market-rate development, as well as local regulations such as density bonuses, waiver of processing and permitting fees, and the relaxation of development standards. The City continues to look for potential developers of affordable housing for seniors and families to use these available funds. In program year 2011-2012, the City used in-lieu fee proceeds for plumbing repairs needed to preserve affordable housing units.

The City continues to preserve affordable housing by monitoring existing affordable housing units and enforcing affordability covenants. Additionally, the City is working with developers to create over 100 new affordable housing units (see Affordable Housing Table in Section VII). The current projects expected to lead to the creation of new affordable housing units include:

- **Uptown Newport:** This project will provide 102 very low-income, 185 low-income or 369 moderate-income units on or off-site. The project is currently under review and the entitlement process is expected to be completed during FY 2012-2013. 50% of the affordable units are expected to be completed by 2018. Completion of the balance of the affordable units is anticipated between 2021 and 2027.
- **Santa Barbara Condos:** This project will develop 79 ownership units. The project applicant had the option of converting 12 market-rate apartments into affordable units; however, the applicant has elected to pay in-lieu housing fees of \$1,622,976. Payment of this fee is expected in FY 2012-2013 and a specific use for these additional in-lieu funds has not been identified, but could lead to the acquisition of affordability covenants on existing rental units.
- **North Newport Center Planned Community:** This project consists of 524 new residential units. In order to construct this project, the project applicant will convert existing market-rate apartment units at The Bays Apartments to create affordable housing. The applicant has the option of providing either 52

very low-income, 79 low-income, or 105 moderate-income units for a 30-year period. Project completion is expected in 2015.

The Substantial Amendment to the Annual Action Plan 2011-2012 cancelled the Sidewalk, Curb and Gutter Improvements activity. The activity was not implemented during 2011-2012 due to insufficient CDBG funds. Subsequent to cancellation, the entire \$8,802 budget is to be allocated to the new 2012-2013 Sidewalk, Curb and Gutter Improvements activity as part of the 2012-2013 Action Plan.

The City will continue to provide funding for ADA Sidewalk Improvements to public facilities throughout the City to ensure accessibility to residents with disabilities during the 2012-2013 program year. The City set a goal of improving ADA access to two public facilities in the consolidated plan.

The City cannot identify any barriers to strategies and activities at this time. As previously stated, the City is on target with major Strategic Plan goals and objectives. The City has no other adjustments to strategies and activities other than those previously mentioned in this report.

LEAD-BASED PAINT

1. Describe actions taken during the last year to evaluate and reduce lead-based paint hazards.

The City does not administer a general housing rehabilitation program that includes lead abatement and therefore has no method of directly reducing the threat of lead paint in the community. The City supports the efforts of the Orange County Department of Health Services, an organization that educates residents on the health hazards of lead-based paint through the dissemination of brochures to residents.

II. HOUSING

II. HOUSING

Housing Needs

1. Describe Actions taken during the last year to foster and maintain affordable housing.

The City fosters and maintains affordable housing with local resources such as the in-lieu fee associated with market-rate development and local regulations such as density bonuses, waiver of processing and permitting fees, and the relaxation of development standards. The City continues to look for potential developers of affordable housing for seniors and families to use these available funds. In program year 2011-2012, the City used in-lieu fee proceeds for plumbing repairs needed to preserve affordable housing. In addition, City staff continued to monitor the number of affordable housing units and enforce the affordability covenants of units in Newport Beach. The table below provides a list of units that currently have affordability covenants and are located within the City of Newport Beach. The City is responsible for monitoring 377 of the 538 affordable units.

Specific Housing Objectives

1. Evaluate progress in meeting specific objective of providing affordable housing, including the number of extremely low-income, low-income, and moderate-income renter and owner households comparing actual accomplishments with proposed goals during the reporting period.

The City divided its efforts to foster and maintain affordable housing into three specific objectives that are described more fully below. The three objectives are:

- Add and maintain 34 affordable housing units
- Maintain current level of Section 8 Vouchers
- Ensure universal access to fair housing

Maintain current level of Section 8 Vouchers

The Orange County Housing Authority (OCHA) administers the Section 8 rental certificate and rental voucher program for the City. The Section 8 rental program provides rental assistance to very low-income families. In PY 2011-2012, 120 households received Section 8 rental assistance.

Ensure universal access to fair housing

The Fair Housing Foundation was allocated \$12,000 to provide landlord tenant mediation, eviction prevention and fair housing counseling. Fair Housing Foundation made contacts with individuals in Newport Beach regarding fair housing issues, 161 persons received services. A comprehensive education and outreach program was implemented to ensure that residents, potential residents, landlords, real estate brokers and agents all have access to critical information needed to ensure fair housing choice throughout Newport Beach.

	Fair Housing Program	People	200	161

- Evaluate progress in providing affordable housing that meets the Section 215 definition of affordable housing for rental and owner households comparing actual accomplishments with proposed goals during the reporting period.

The City's goal is to preserve and increase housing affordability. The City expects to add at least 102 affordable housing units through the Uptown Newport project (formerly referred to as Airport Area Conexant in the Consolidated Plan with a goal of 68 units). Completion of half of these units is expected by 2018.

The City established a Consolidated Plan goal of acquiring at least 34 affordable housing covenants by June 30, 2015. Currently, the City plans to acquire these covenants through the conversion of existing market rate apartments at The Bays Apartments into affordable units as a condition of the approval of the Newport North Center Planned Community. The completion of the project and the provision of the affordable units is not anticipated until 2015. The in-lieu fee paid as part of the Santa Barbara Condominiums project Affordable Housing Implementation Plan may also be used to create additional affordable units during the Consolidated Plan cycle.

- Describe efforts to address “worst-case” housing needs and housing needs of persons with disabilities.

In addition to the activities mentioned in questions number 1 and 2 of the Specific Housing Objectives Section above, the City addressed the needs of “worst-case” households through the funding of non-profit public service agencies. “Worst-case” households are defined as households that do not receive on-going rental assistance and pay more than one-half of their income for rent or live in severely inadequate housing. These households face the greatest risk of becoming homeless.

Public Housing Strategy

1. Describe actions taken during the last year to improve public housing and resident initiatives.

The City supported the Orange County Housing Authority (OCHA) efforts to maximize the use of Section 8 funds and other resources within Newport Beach. There are currently thirty-one (31) OCHA participating jurisdictions, including Newport Beach. Representatives from the participating jurisdictions meet at a minimum quarterly, often times monthly, to form the Cities Advisory Committee to assist the Orange County Board of Supervisors and the OCHA staff in accomplishing public housing goals. Newport Beach attends the meetings regularly and provides input on the OCHA Five-Year Strategic Plan, Annual Plan and Administrative Plans. Although there are currently no public housing units in Newport Beach, the City continued to participate on the Advisory Committee and support OCHA's efforts (1) in expanding affordable housing opportunities for Section 8 Voucher recipients, and (2) ensuring OCHA goals are consistent with the City's Consolidated Plan and Housing Element.

Barriers to Affordable Housing

1. Describe actions taken during the last year to eliminate barriers to affordable housing.

The City implemented the following actions to reduce barriers to affordable housing:

- Continued to monitor all regulations, ordinances, departmental processing procedures, and residential development fees to ensure these requirements do not excessively constrain affordable residential development.
- Continued to enforce the Inclusionary Housing Ordinance that requires market-rate developers to allocate between 10 and 20 percent of new units for low and moderate-income households. Developers can also opt for the in-lieu fee. The City currently has \$2,128,289 million of in-lieu fees. In-lieu fees are reserved for the development or preservation of affordable housing.
- Continued to offer density bonus incentives for the development of affordable housing pursuant to state density bonus requirements and Newport Beach Housing Element.
- Offered fee waivers to developers of affordable housing.

HOME/American Dream Down Payment Initiative (ADDI)

The City of Newport Beach does not receive HOME funds.

III. HOMELESS NEEDS

III. HOMELESS NEEDS

Homeless Needs

1. Identify actions taken to address needs of homeless persons.

The Strategic Plan addresses the needs of persons who are homeless and are at risk of homelessness.

1. Preserve the supply of emergency and transitional units available
2. Assist homeless and those at risk of homelessness
3. Assist homeless battered women and children

Preserve the supply of emergency and transitional units available

Three (3) of the five (5) public service agencies receiving CDBG funds from the City provided emergency or transitional housing for homeless persons in Orange County. These funded programs were:

- Human Options – Emergency Shelter for Battered Women;
- Families Forward - Transitional Housing Programs; and
- Serving People in Need (SPIN) - Substance Abuse Rehabilitation Program.

Assist homeless and those at risk of homelessness

The City of Newport Beach provided financial assistance to Serving People In Need (SPIN), Families Forward, and Age Well Senior Services to provide access to recovery programs to homeless and low income individuals who otherwise could not afford such services. The program includes one month of room and board, counseling, and supplemental services focused on employment, medical assistance, and legal assistance. Home delivery meals twice daily to homebound persons to age, illness or disability.

Please also see the services provided by the Fair Housing Council of Orange County in the *General Narrative, Affirmatively Furthering Fair Housing*.

Assist homeless battered women and children

The City of Newport Beach provided financial assistance to Human Options under the Domestic Violence Intervention/Prevention Program to provide temporary emergency shelter to battered and abused women and their children. This program also receives referrals through the Courthouse Family violence Outreach Center, Interval House Project, and Transitional Housing Project.

2. Identify actions to help homeless persons make the transition to permanent housing and independent living.

In order to address homelessness in an effective, comprehensive manner, HUD asks cities to form Continuums of Care. A Continuum of care refers to an overall plan to coordinate the efforts of all involved parties to meet the needs of homeless persons and persons at risk of homelessness. The components of a continuum include homeless prevention, emergency shelter, transitional shelter, permanent supportive housing, and supportive services. The overall objective is to move homeless persons and families outside the service delivery system into emergency housing, then to transitional housing, and finally to self-sufficiency or permanent supportive housing.

The City of Newport Beach actively participates in the Orange County Continuum of Care, a collaboration of other city jurisdictions, non-profit organizations, and local groups and charities. The City is involved with the Steering Committee and has assisted in the development of strategies to meet homeless needs. The City also funded several non-profits involved at different stages of the Continuum:

Prevention:	Fair Housing Foundation and Human Options
Emergency Shelter:	Human Options & Families Forward
Transitional Housing:	Serving People In Need (SPIN), Human Options; and Families Forward
Permanent Supportive Housing:	None
Supportive Services:	Families Forward, Human Options, and SPIN

Accordingly, the City of Newport Beach developed a Consolidated Plan – One-Year Action Plan that gave priority to meeting community housing, public service, fair housing, public facilities and improvements, ADA Accessibility programs.

Through public meetings, and public hearings, the City provided residents and service providers an opportunity to help identify the City's major needs and thereby assist in the establishment of long and short term community development objectives.

During the 2011-2012 fiscal year, the City expended CDBG funds in a manner consistent with meeting the National Objectives of the program. 100% of the CDBG funds expended were for activities that benefit low to moderate income persons. The percentage includes Administration and Planning activities.

The following is a list of CDBG public service programs that were implemented:

- Fair Housing and Landlord/Tenant Mediation
- Community Resource Center
- Emergency/Transitional Housing Shelter

Two (2) were determined ineligible based on household income exceeding the 50% of AMI threshold.

Two (2) applications were determined to be incomplete. Neither applicant provided the necessary documentation to complete their applications.

Minority Business Enterprise / Women-Owned Business Enterprise (MBE-WBE)

As an Entitlement recipient of CDBG funds, the City of Newport Beach is required to provide business opportunities to minority and women-owned businesses in connection with the activities funded through the CDBG grant. This requirement is applicable to contracting and subcontracting opportunities funded in whole or in part with the federal housing and community development assistance provided to the City as a grantee. OMB Circular A-102 states that “It is national policy to award a fair share of contracts to small and minority business firms. Grantees shall take similar appropriate affirmative action to support of women's enterprises and are encouraged to procure goods and services from labor surplus areas.” The Uniform Administrative Requirements of 24 CFR 85.36(e) require the City to “take all necessary affirmative steps to assure that minority firms, women’s business enterprises, and labor surplus area firms are used when possible.” Further, the City is required under §570.507(b) - Reports (24 CFR Part 570, CDBG Final Rule) to submit a report to the U.S. Department of Housing and Urban Development (HUD) on the City’s MBE-WBE contracting and subcontracting activity generated through the expenditure of HUD funds.

To comply with these requirements, the City includes MBE-WBE firms on its bid solicitation lists and encourages MBE-WBE firms to compete for CDBG-funded construction contracts. The City’s Economic Development Coordinator ensures that the Contract-Subcontract Activity Report and the MBE-WBE Summary Report are submitted to the Los Angeles Field Office of the U.S. Department of Housing and Urban Development as required.

Where the certification is not met, ask for further information and, when necessary, take corrective or remedial action.

To calculate the level of overall benefit this year:

1. Figure the amount subject to program benefit:

a. Enter the activity expenditures (on line 15 of IDIS Report number C04PR26)

\$ _____

b. Subtract P&A expenditures (line 12 of IDIS Report number C04PR26)

\$ _____

c. Equals expenditures subject to overall benefit calculation \$ _____

2. Figure the percentage of expenditures benefiting L/M Persons:

a. Enter amount of expenditures benefiting L/M Persons (line 19 IDIS Report number C04PR26)
