Since the Newport Coast annexation began in 2001, the Newport Beach Building Department has **NOT received** all records (such as plans and permits) from the County of Orange for the Newport Coast area.

The annexation cooperative agreement between the City of Newport Beach and the County of Orange states that the county retains jurisdiction over all Newport Coast areas until a certificate of occupancy has been issued for each lot in a specific planning area. The City of Newport Beach only receives records for areas that have been built out.

Therefore, only the records received per the cooperative agreement from the County of Orange are scanned into the City's archive at this date.

The Newport Coast archive can be viewed on the second floor of the Building Department at City Hall, 3300 Newport Blvd., Newport Beach, CA 92663.

The Building Department staff is happy to assist you with your search.
