

The City of Newport Beach presents

# The Mental Health Forum

*Mental illness can effect anyone. More than 47 million people in the US experienced mental illness in 2018, more than the number of people living with diabetes, breast cancer, prostate cancer and melanoma - combined.*

*About 1 in 6 people, ages 6 to 17, experience a mental health disorder each year. More than 1 in 5 seniors, ages 55 and older, experience some kind of mental health concern.*

**Join us for a conversation about mental health in our community.**

Speakers include

**Clayton Chau, MD, PhD**

Mind OC & Be Well Orange County

**Min Suh**

Mind OC & Be Well Orange County

**Heidi Sweeney**
