SECTION 1. GETTING STARTED: YOUR PRIMARY CARE PHYSICIAN (PCP)

- **What is a PCP?**
- **What is a Subscriber?**
- **What is a Network Medical Group?**
- **Your Provider Directory**
- **Choosing Your PCP**
- **Continuity of Care**

One of the first things you do when joining UnitedHealthcare is to select a PCP. This is the doctor in charge of overseeing your care through UnitedHealthcare. This section explains the role of the PCP, as well as how to make your choice. You will also learn about your Network Medical Group and how to use your Provider Directory.

PLEASE READ THE FOLLOWING INFORMATION SO YOU WILL KNOW FROM WHOM OR WHAT GROUP OF PROVIDERS HEALTH CARE MAY BE OBTAINED.

Introduction

Now that you are a UnitedHealthcare Member, it is important to become familiar with the details of your coverage. Reading this publication will help you go a long way toward understanding your coverage and health care benefits. It is written for **all** our Members receiving this plan, whether you are the Subscriber or an enrolled Family Member.

Please read this *Combined Evidence of Coverage and Disclosure Form* along with any supplements you may have with this coverage. You should also read and become familiar with your *Schedule of Benefits*, which lists the benefits and costs unique to your plan.

What is a PCP?

When you become a Member of UnitedHealthcare, one of the first things you do is choose a doctor to be your PCP. This is a doctor who is contracted with UnitedHealthcare and who is primarily responsible for the coordination of your health care services. A PCP is trained in internal medicine, general practice, family practice, pediatrics or obstetrics/gynecology. At times, others may participate in the coordination of your health care services, such as a Hospitalist (Please refer to **Section 2. Seeing Your Doctor** for information on Hospitalist programs).

Unless you need Emergency or Urgently Needed care, your PCP is your first stop for using your medical benefits. Your PCP will also seek authorization for any referrals, as well as initiate any necessary Hospital Services. Either your PCP or a Hospitalist may provide the coordination of any necessary Hospital Services.

All Members of UnitedHealthcare are required to have a PCP. If you do not select one when you enroll, UnitedHealthcare will choose one for you. Except in an urgent or emergency situation, if you see another health care Provider without the approval of either your PCP, Network Medical Group or UnitedHealthcare, the costs for these services will not be covered.

What is the difference between a Subscriber and an enrolled Family Member?

While both are Members of UnitedHealthcare, there is a difference between a Subscriber and an enrolled Family Member. A Subscriber is the Member who enrolls through his or her employment after meeting the eligibility requirements of the Employer Group and UnitedHealthcare. A Subscriber may also contribute toward a portion of the Premiums paid to UnitedHealthcare for his or her health care coverage for himself or herself and any enrolled Family Members. An enrolled Family Member is someone such as a Legal Spouse, Domestic Partner, or child whose Dependent status with the Subscriber allows him or her to be a Member of UnitedHealthcare. Why point out the difference? Because Subscribers often have special responsibilities, including sharing benefit updates

Questions about your benefits? Call our Customer Service Department at 1-877-359-3714 or 711 (TTY)

with any enrolled Family Members. Subscribers also have special responsibilities that are noted throughout this publication. If you are a Subscriber, please pay attention to any instructions given specifically for you. For a more detailed explanation of any terms, see the **Definitions** section of this publication.

A STATEMENT DESCRIBING UNITEDHEALTHCARE’S POLICIES AND PROCEDURES FOR PRESERVING THE CONFIDENTIALITY OF MEDICAL RECORDS IS AVAILABLE AND WILL BE FURNISHED TO YOU UPON REQUEST.

Choosing a PCP

When choosing a PCP, you should always make certain your doctor meets the following criteria:

Your doctor is selected from the list of PCPs in UnitedHealthcare’s *Provider Directory*.

Your doctor is located within 30 miles of either your Primary Residence or Primary Workplace.

You will find a list of our Network PCPs in the *Provider Directory*. It is also a source for other valuable information. (Note: If you are pregnant, please read the section below, “If You Are Pregnant,” to learn how to choose a PCP for your newborn.)

What is a Network Medical Group?

When you select a PCP, you are also selecting a Network Medical Group. This is the group that’s affiliated with both your doctor and UnitedHealthcare. If you need a referral to a specialist or Non-Physician Health Care Practitioner, you will generally be referred to a doctor, Non-Physician Health Care Practitioner or service within this group. Since Network Medical Groups are independent contractors not employed by UnitedHealthcare, each has its own unique network of affiliated specialists and Providers. Only if a specialist, Non-Physician Health Care Practitioner or service is unavailable will you be referred to a health care Provider outside your medical group.

To learn more about a particular Network Medical Group, look in your *Provider Directory*, where you will find addresses and phone numbers and other important information about Hospital affiliations or any restrictions limiting the availability of certain Providers.

Your *Provider Directory* – Choice of Physicians and Hospitals (Facilities)

Along with listing our Network Physicians, your *Provider Directory* has detailed information about our Network Medical Groups and other Providers. This includes a QUALITY INDEX® for helping you become familiar with our Network Medical Groups. Every Subscriber should receive a *Provider Directory*. If you need a copy or would like assistance picking your PCP, please call our Customer Service department. You can also find an online version of the Directory at uhc.com/CalPERS.

Note: If you are seeing a Network Provider who is not a part of a Medical Group, your doctor will coordinate services directly with UnitedHealthcare.

Choosing a PCP for Each Enrolled Family Member

Every UnitedHealthcare Member must have a PCP; however, the Subscriber and any enrolled Family Members do not need to choose the same doctor. Each UnitedHealthcare Member can choose his or her own PCP, so long as the doctor is selected from UnitedHealthcare’s list of PCPs. If you are an active employee or a working CalPERS retiree, you may enroll in a plan using either your residential or work ZIP Code. When you retire from a CalPERS employer and are no longer working for any employer, you must select a health plan using your residential ZIP Code. If you use your residential ZIP Code, all enrolled dependents must reside in the health plan’s service area. When you use your work ZIP Code, all enrolled dependents must receive all covered health care services (except emergency and urgent care) within the health plan’s service area, even if they do not reside in that area.

Questions about your benefits? Call our Customer Service Department at 1-877-359-3714 or 711 (TTY)

If a Family Member doesn't make a selection during enrollment, UnitedHealthcare will choose the Member's PCP. (**Note:** If an enrolled Family Member is pregnant, please read below to learn how to choose a PCP for the newborn.)

Continuity of Care for New Members at the Time of Enrollment

Under certain circumstances, as a new Member of UnitedHealthcare, you may be able to continue receiving services from an Out-of-Network Provider to allow for the completion of Covered Health Care Services provided by an Out-of-Network Provider, if you were receiving services from that Provider at the time your coverage became effective, for one of the Continuity of Care Conditions as limited and described in **Section 10.**

Definitions. Please make sure to submit a completed Continuity of Care form to UnitedHealthcare for review and approval. The Continuity of Care form may be found and downloaded at uhc.com/CalPERS.

This Continuity of Care assistance is intended to facilitate the smooth transition in medical care across health care delivery systems for new Members who are undergoing a course of treatment when the Member or the Member's employer changes Health Plans during open enrollment.

For a newly enrolled Member to continue receiving care from an Out-of-Network Provider, the following conditions must be met:

1. Your Employer Group did not offer you a PPO plan or other plan that would provide you with an out-of-Network benefit or would allow you to continue to obtain services from your Out-of-Network Provider;
2. A request for Continuity of Care services from an Out-of-Network Provider must be submitted to UnitedHealthcare within 30 calendar days from your effective date on the Health Plan for review and approval.
3. The requested treatment must be a Covered Service under this Plan;
4. The Out-of-Network Provider must agree in writing to meet the same contractual terms and conditions that are imposed upon UnitedHealthcare's Network Providers, including locations within UnitedHealthcare's Service Area, payment methodologies and rates of payment.

Covered Health Care Services for the Continuity of Care Condition under treatment by the Out-of-Network Provider will be considered complete when:

1. The Member's Continuity of Care Condition under treatment is medically stable; and
2. There are no clinical contraindications that would prevent a medically safe transfer to a Network Provider as determined by a UnitedHealthcare Medical Director in consultation with the Member, the Out-of-Network Provider and as applicable, the newly enrolled Member's assigned Network Provider.

Continuity of Care also applies to those new UnitedHealthcare Members who are receiving Mental Health care services from an Out-of-Network Mental Health Provider at the time their coverage becomes effective.

Members eligible for continuity of mental health care services may continue to receive mental health services from an Out-of-Network Provider for a reasonable period of time to safely transition care to a Mental Health Network Provider. Please refer to "Medical Benefits" and "Exclusions and Limitations" in **Section 5. Your Medical Benefits** of the UnitedHealthcare *Combined Evidence of Coverage and Disclosure Form*, and the *Schedule of Benefits* for supplemental mental health care coverage information. For a description of coverage of mental health care services, please refer to **Section 5. Your Medical Benefits** and to the behavioral health supplement to this *Combined Evidence of Coverage and Disclosure Form* for U.S. Behavioral Health Plan, California (USBHPC). An Out-of-Network Mental Health Provider means a psychiatrist, licensed psychologist, licensed marriage and family therapist or licensed clinical social worker who has not entered into a written agreement with the network of Providers from whom the Member is entitled to receive Covered Health Care Services.

Questions about your benefits? Call our Customer Service Department at 1-877-359-3714 or 711 (TTY)

Complete and return the form to UnitedHealthcare as soon as possible, but no later than 30 calendar days of the Member's effective date of enrollment. Exceptions to the 30-calendar-day time frame will be considered for good cause. The address is:

UnitedHealthcare of California
Attention: Continuity of Care Department
Mail Stop: CA124-0181
P.O. Box 30968
Salt Lake City, UT 84130-0968
Fax: 1-888-361-0514

All Continuity of Care requests will be reviewed on a case-by-case basis. We will consider the severity of the newly enrolled Member's condition and the potential clinical effect of a change in Provider regarding the Member's treatment and outcome of the condition under treatment.

UnitedHealthcare's Health Care Services department will complete a clinical review of your Continuity of Care request for the completion of Covered Health Care Services with an Out-of-Network Provider and the decision will be made and communicated in a timely manner appropriate to the nature of your medical condition. In most instances, decisions for non-urgent requests will be made within five (5) business days of UnitedHealthcare's receipt of the completed form. You will be notified of the decision by telephone and provided with a plan for your continued care. Written notification of the decision and plan of care will be sent to you, by United States mail, within two (2) business days of making the decision. If your request for continued care with an Out-of-Network Provider is denied, you may appeal the decision. (To learn more about appealing a denial, please refer to **Section 8. Overseeing Your Health Care.**)

If you have any questions, would like a description of UnitedHealthcare's continuity of care process, or want to appeal a denial, please contact our Customer Service department.

Please Note: It is not enough to simply prefer receiving treatment from a former Physician or other Out-of-Network Provider. You should not continue care with an Out-of-Network Provider without our formal approval. If you do not receive Preauthorization from UnitedHealthcare or your Network Medical Group, payment for routine services performed by an Out-of-Network Provider will be your responsibility.

What to do If You Are Pregnant

Every Member of UnitedHealthcare needs a PCP, including your newborn. Newborns are assigned to the mother's Network Medical Group from birth until discharge from the Hospital. You may request to reassign your newborn to a different PCP or Network Medical Group following the newborn's discharge by calling UnitedHealthcare's Customer Service department. If a PCP isn't chosen for your child, the newborn will remain with the mother's PCP or Network Medical Group. If you call the Customer Service department by the 15th of the current month, your newborn's transfer will be effective on the first day of the following month. If the request for transfer is received after the 15th of the current month, your newborn's transfer will be effective the first day of the second succeeding month. For example, if you call UnitedHealthcare on June 12th to request a new doctor for your newborn, the transfer will be effective on July 1st. If you call UnitedHealthcare on June 16th, the transfer will be effective August 1st. In order for coverage to continue beyond the first 60 days of life, the Subscriber must submit a request to add the baby to his or her employer group/UnitedHealthcare prior to the expiration of the 30-day period to continue coverage beyond the first 60 days of life. If you do not enroll the newborn child within 60 days, the newborn is covered for only 31 days (including the date of birth).

If your newborn has not been discharged from the Hospital, is being followed by the Case Management or is receiving acute institutional care at the time of your request, a change in your newborn's PCP or Network Medical Group will not be effective until the first day of the second month following the newborn's

Questions about your benefits? Call our Customer Service Department at 1-877-359-3714 or 711 (TTY)

discharge from the institution or termination of treatment. When UnitedHealthcare's Case Management is involved, the Case Manager is also consulted about the effective date of your requested Physician change for your newborn.

You can learn more about changing PCPs in **Section 4. Changing Your Doctor or Medical Group**. For more information on how we may coordinate your newborn's benefits, please see **Section 6. Coordination of Benefits** and for more information about adding a newborn to your coverage, see **Section 7. Member Eligibility**.

Does your Group or Hospital restrict any reproductive services?

Some Hospitals and other Providers do not provide one or more of the following services that may be covered under your plan contract and that you or your Family Member might need: family planning; contraceptive services, including emergency contraception; sterilization, including tubal ligation at the time of labor and delivery; infertility treatments; or abortion. You should obtain more information before you enroll. Call your prospective doctor, medical group, independent practice association, or clinic, or call the UnitedHealthcare Health Plan Customer Service department at 1-877-359-3714 or 711 (TTY) to ensure that you can obtain the health care services that you need.

If you have chosen a Network Medical Group that does not provide the family planning benefits you need, and these benefits have been purchased by your Employer Group, please call our Customer Service department.

SECTION 2. SEEING THE DOCTOR OR OTHER PROVIDERS AND TIMELY ACCESS TO CARE

- Scheduling Appointments
- Referrals to Specialists
- OB/GYN and Other Services/ Getting Care Without a Referral
- Second Medical Opinions
- Prearranging Hospital Stays
- 24-Hour Support and Information
- Timely Access To Care

Now that you have chosen a PCP, you have a doctor for your routine health care.

This section will help you begin taking advantage of your health care coverage. It will also answer common questions about seeing a specialist and receiving medical services that are not Emergency Services or Urgently Needed Services. (For information on Emergency Services or Urgently Needed Services, please turn to **Section 3.**)

Seeing the Doctor – Scheduling Appointments

To visit your PCP, simply make an appointment by calling your doctor's office.

Your PCP is your first stop for routine, non-emergent care. No Physician or other health care services will be covered without an authorized referral from your PCP or UnitedHealthcare except for Emergency Health Care Services, Urgently Needed Services and exceptions found below under "OB/GYN and Other Services/ Getting Care Without a Referral".

When you see your PCP or use one of your health care benefits, you may be required to pay a charge for the visit. This charge is called a Co-payment. The amount of a Co-payment depends upon the health care service. Your Co-payments are outlined in your *Schedule of Benefits*. More detailed information can also be found in **Section 6. Payment Responsibility**.

Referrals to Specialists and Non-Physician Health Care Practitioners

The PCP you have chosen will coordinate your health care needs. If your PCP determines you need to see a specialist or Non-Physician Health Care Practitioner, he or she will make an appropriate referral. (There is an exception for visits to obstetrical and gynecological (OB/GYN) Physicians. This is explained below in "Direct Access to OB/GYN Services.")

Your plan may not cover services provided by all Non-Physician Health Care Practitioners. Please refer to the Medical Benefits and Exclusions and Limitations section in this *Agreement and Evidence of Coverage and Disclosure Form* for further information regarding Non-Physician Health Care Practitioner services excluded from coverage or limited under this Health Plan.

Your PCP will determine the number of specialist or Non-Physician Health Care Practitioner visits that you require and will provide you with any other special instructions. This referral may also be reviewed by, and may be subject to the approval of, the PCP's Utilization Review Committee. For more information regarding the role of the Utilization Review Committee, please refer to the definition of "Utilization Review Committee." A Utilization Review Committee meets on a regular basis as determined by membership needs, special requests or issues and the number of authorization or referral requests to be addressed. Decisions may be made outside of a formal committee meeting to assure a timely response to emergency or urgent requests.

Questions about your benefits? Call our Customer Service Department at 1-877-359-3714 or 711 (TTY)

Standing Referrals to Specialists

A standing referral is a referral by your PCP that authorizes more than one visit to a Network specialist. A standing referral may be provided if your PCP, in consultation with you, the specialist and your Network Medical Group's Medical Director (or a UnitedHealthcare Medical Director), determines that as part of a treatment plan you need continuing care from a Specialist. You may request a standing referral from your PCP or UnitedHealthcare. Please Note: A standing referral and treatment plan is only allowed if approved by your Network Medical Group or UnitedHealthcare.

Your PCP will specify how many specialist visits are authorized. The treatment plan may limit your number of visits to the specialist and the period for which visits are authorized. It may also require the specialist to provide your PCP with regular reports on your treatment and condition.

Extended Referral for Care by a Specialist

If you have a life-threatening, degenerative or disabling condition or disease that requires specialized medical care over a prolonged period, you may receive an "extended specialty referral." This is a referral to a Network specialist or specialty care center so the specialist can oversee your health care. The Physician or center will have the necessary experience and skills for treating the condition or disease.

You may request an extended specialty referral by asking your PCP or UnitedHealthcare. Your PCP must then determine if it is Medically Necessary. Your PCP will do this in consultation with the specialist or specialty care center, as well as your Network Medical Group's Medical Director or a UnitedHealthcare Medical Director.

If you require an extended specialty referral, the referral will be made according to a treatment plan approved by your Network Medical Group's Medical Director or a UnitedHealthcare Medical Director. This is done in consultation with your PCP, the specialist and you.

Once the extended specialty referral begins, the specialist begins serving as the main coordinator of your care. The specialist does this in accordance with your treatment plan.

OB/GYN and Other Services/Getting Care Without a Referral

Women may receive obstetrical and gynecological (OB/GYN) Physician services directly from a Network OB/GYN, family practice Physician, or surgeon identified by your Network Medical Group as providing OB/GYN Physician services. This means you may receive these services without Preauthorization or a referral from your PCP. In all cases, however, the doctor must be affiliated with your Network Medical Group.

Please Remember: If you visit an OB/GYN or family practice Physician not affiliated with your Network Medical Group without Preauthorization or a referral, you will be financially responsible for these services. All OB/GYN Inpatient or Hospital Services, except Emergency Health Care Services or Urgently Needed Services, need to be authorized in advance by your Network Medical Group or UnitedHealthcare.

If you would like to receive OB/GYN Physician services, simply do the following:

- Call the telephone number on the front of your Health Plan ID Card and request the names and telephone numbers of the OB/GYNs affiliated with your Network Medical Group;
- Contact your Network OB/GYN to schedule an appointment.

After your appointment, your OB/GYN will contact your PCP about your condition, treatment and any needed follow-up care.

UnitedHealthcare also covers important wellness services for our Members. For more information, see "Health Education Services" in **Section 5. Your Medical Benefits.**

Questions about your benefits? Call our Customer Service Department at 1-877-359-3714 or 711 (TTY)

Additionally, for reproductive and sexual health care services, prior approval from a PCP or Network Medical Group or the Plan is not necessary. Such services include:

- Prevention or treatment of pregnancy.
- Screening, prevention, diagnosis and treatment of an infectious, communicable or sexually transmitted disease, including HIV and HIV testing.
- Abortion
- Rape including the medical care related to the diagnosis or treatment of the condition and the collection of medical evidence.
- Sexual assault including the medical care related to the diagnosis or treatment of the condition and the collection of medical evidence.

UnitedHealthcare may establish reasonable provisions governing utilization procedures for obtaining services. Although prior authorization is not needed, you may be able to receive these services from your Network Medical Group.

Mental Health Care and Substance Related and Addictive Disorder Services/ Getting Care Without a Referral

You may receive covered Mental Health Care and Substance Related and Addictive Disorder Services directly from a U.S. Behavioral Health Plan, California (USBHPC) Network behavioral health professional. This means you may receive these services without Prior Authorization or a referral from your PCP. In all cases, however, the behavioral health professional must be affiliated with USBHPC's Network with the exception of Emergency Health Care Services and out of area Urgently Needed Services.

Second Medical Opinions

A second medical opinion is a reevaluation of your condition or health care treatment by an appropriately qualified Provider. This Provider must be either a PCP or a specialist acting within his or her scope of practice, and must possess the clinical background necessary for examining the illness or condition associated with the request for a second medical opinion. Upon completing the examination, the Provider's opinion is included in a consultation report.

Either you or your treating Network Provider may submit a request for a second medical opinion. Requests should be submitted to your Network Medical Group; however, in some cases, the request is submitted to UnitedHealthcare. To find out how you should submit your request, talk to your PCP.

Second medical opinions will be provided or authorized in the following circumstances:

- When you question the reasonableness or necessity of recommended surgical procedures;
- When you question a diagnosis or treatment plan for a condition that threatens loss of life, loss of limb, loss of bodily functions, or substantial impairment (including, but not limited to, a Chronic Condition);
- When the clinical indications are not clear, or are complex and confusing;
- When a diagnosis is in doubt due to conflicting test results;
- When the treating Provider is unable to diagnose the condition;
- When the treatment plan in progress is not improving your medical condition within an appropriate period of time given the diagnosis, and you request a second opinion regarding the diagnosis or continuance of the treatment;
- When you have attempted to follow the treatment plan or consulted with the initial Provider and still have serious concerns about the diagnosis or treatment.

Questions about your benefits? Call our Customer Service Department at 1-877-359-3714 or 711 (TTY)

Either the Network Medical Group or, if applicable, a UnitedHealthcare Medical Director will approve or deny a request for a second medical opinion. The request will be approved or denied in a timely fashion appropriate to the nature of your condition. For circumstances other than an imminent or serious threat to your health, a second medical opinion request will be approved or denied within five (5) business days after the request is received by the Network Medical Group or UnitedHealthcare.

When there is an imminent and serious threat to your health, a decision about your second opinion will be made within 72 hours after receipt of the request by your Network Medical Group or UnitedHealthcare. An imminent and serious threat includes the potential loss of life, limb or other major bodily function, or where a lack of timeliness would be detrimental to your ability to regain maximum function.

If you are requesting a second medical opinion about care given by your PCP, the second medical opinion will be provided by an appropriately qualified health care professional of your choice within the same Network Medical Group. (If your PCP is independently contracted with UnitedHealthcare and not affiliated with any Network Medical Group, you may request a second opinion from a PCP or specialist listed in our *Provider Directory*.) If you request a second medical opinion about care received from a specialist, the second medical opinion will be provided by any health care professional of your choice from any medical group within the UnitedHealthcare Network Provider network of the same or equivalent specialty.

The second medical opinion will be documented in a consultation report, which will be made available to you and your treating Network Provider. It will include any recommended procedures or tests that the Provider giving the second opinion believes are appropriate. If this second medical opinion includes a recommendation for a particular treatment, diagnostic test or service covered by UnitedHealthcare – and the recommendation is determined to be Medically Necessary by your Network Medical Group or UnitedHealthcare – the treatment, diagnostic test or service will be provided or arranged by your Network Medical Group or UnitedHealthcare.

For second opinions on Mental Health and Substance-Related and Addictive Disorder issues, please refer to the behavioral health supplement to the Combined Evidence of Coverage and Disclosure Form for USBHPC.

Please Note: The fact that an appropriately qualified Provider gives a second medical opinion and recommends a particular treatment, diagnostic test or service does not necessarily mean that the recommended action is Medically Necessary or a Covered Service. You will also remain responsible for paying any Outpatient office Co-payments to the Provider who gives your second medical opinion.

If your request for a second medical opinion is denied, UnitedHealthcare will notify you in writing and provide the reasons for the denial. You may appeal the denial by following the procedures outlined in **Section 8. Overseeing Your Health Care**. If you obtain a second medical opinion without Preauthorization from your Network Medical Group or UnitedHealthcare, you will be financially responsible for the cost of the opinion.

To receive a copy of the Second Medical Opinion timeline, you may call or write UnitedHealthcare's Customer Service department at:

Prearranging Hospital Stays

Your PCP or Hospitalist will prearrange any Medically Necessary hospital or Facility care, inpatient care provided in a Subacute/Skilled Nursing Facility. If you have been referred to a Specialist and the Specialist determines you need hospitalization, your PCP or Hospitalist will work with the Specialist to prearrange your hospital stay.

Your Hospital costs, including semi-private room, tests and office visits, will be covered, minus any required Co-payments. Under normal circumstances, your PCP or Hospitalist will coordinate your admission to a local UnitedHealthcare Network Hospital or Facility; however, if your situation requires it, you could be transported to a regional medical center.

If Medically Necessary, your PCP or Hospitalist may discharge you from the Hospital to a Subacute/Skilled Nursing Facility. He or she can also arrange for Home Health Care Visits.

Please note: If a Hospitalist program applies, a Hospitalist may direct your Inpatient Hospital or Facility care In consultation with of your PCP.

Hospitalist Program

If you are admitted to a Network Hospital for a Medically Necessary procedure or treatment, a Hospitalist may coordinate your health care services in consultation with your PCP. A Hospitalist is a dedicated Hospital-based Physician who assumes the primary responsibility for managing the process of Inpatient care for Members who are admitted to a Hospital. The Hospitalist will manage your Hospital stay, monitor your progress, coordinates and consult with specialists, and communicate with you, your family and your PCP. Hospitalist will work together with your PCP during the course of your Hospital stay to ensure coordination and continuity of care and to transition your care upon discharge. Upon discharge from the Hospital, your PCP will again take over the primary coordination of your health care services.

SECTION 3. EMERGENCY HEALTH CARE SERVICES AND URGENTLY NEEDED SERVICES

- **What are Emergency Health Care Services?**
- **What to Do When You Require Emergency Health Care Services**
- **Post-Stabilization and Follow-up Care**
- **Out-of-Area Services**
- **What to Do When You Require Urgently Needed Services**

UnitedHealthcare provides coverage for Emergency Health Care Services and Urgently Needed Services wherever you are. This section will explain how to get Emergency Health Care Services and Urgently Needed Services. It will also explain what you should do following receipt of these services

IMPORTANT!

IF YOU BELIEVE YOU ARE EXPERIENCING AN EMERGENCY MEDICAL CONDITION, CALL 911 OR GO DIRECTLY TO THE NEAREST HOSPITAL EMERGENCY ROOM OR OTHER FACILITY FOR TREATMENT.

What are Emergency Medical Services?

Emergency Services are Medically Necessary ambulance or ambulance transport services provided through the 911 emergency response system. It is also the medical screening, examination and evaluation by a Physician, or other personnel – to the extent provided by law – to determine if an Emergency Medical Condition or Psychiatric Emergency Medical Condition exists. If this condition exists, Emergency Health Care Services include the care, treatment and/or surgery by a Physician necessary to stabilize or eliminate the Emergency Medical Condition or Psychiatric Emergency Medical Condition within the capabilities of the Facility which includes admission or transfer to a psychiatric unit within a general acute care hospital or an acute psychiatric hospital for the purpose of providing care and treatment necessary to relieve or eliminate a Psychiatric Emergency Medical Condition, if in the opinion of the treating Provider, it would not result in material deterioration of the Member's condition.

What is an Emergency Medical Condition or a Psychiatric Emergency Medical Condition?

The State of California defines an Emergency Medical Condition as a medical condition manifesting itself by acute symptoms of sufficient severity (including severe pain) such that the absence of immediate medical attention could reasonably be expected by the Member to result in any of the following:

- Placing the Member's health in serious jeopardy;
- Serious impairment to his or her bodily functions;
- A serious dysfunction of any bodily organ or part; or
- Active labor, meaning labor at a time that either of the following would occur:
 - There is inadequate time to effect a safe transfer to another Hospital prior to delivery; or
 - A transfer poses a threat to the health and safety of the Member or unborn child.

An Emergency Medical Condition also includes a Psychiatric Emergency Medical Condition which is a mental disorder that manifests itself by acute symptoms of sufficient severity that it renders the patient as being either of the following:

- An immediate danger to himself or herself or others; or
- Immediately unable to provide for, or utilize, food, shelter or clothing, due to the mental disorder.

What to Do When You Require Emergency Health Care Services

If you believe you are experiencing an Emergency Medical Condition, call 911 or go directly to the nearest Hospital emergency room or other Facility for treatment. You do not need to obtain Preauthorization to seek treatment for an Emergency Medical Condition that could cause you harm. Ambulance transport services provided through the 911 emergency response system are covered if you reasonably believe that your medical condition requires emergency ambulance transport services. UnitedHealthcare covers all Medically Necessary Emergency Services provided to Members in order to stabilize an Emergency Medical Condition.

You, or someone else on your behalf, must notify UnitedHealthcare or your PCP within 24 hours, or as soon as reasonably possible, following your receipt of Emergency Services so that your PCP can coordinate your care and schedule any necessary follow-up treatment. When you call, please be prepared to give the name and location of the Facility and a description of the Emergency Services that you received.

Post-Stabilization and Follow-up Care

Following the stabilization of an Emergency Medical Condition, the treating health care Provider may believe that you require additional Medically Necessary Hospital (health care) Services prior to your being safely discharged. If the hospital is not part of the contracted network, the medical Facility (Hospital) will contact your Network Medical Group, or UnitedHealthcare, in order to obtain the timely authorization for these post-stabilization services. If UnitedHealthcare determines that you may be safely transferred, and you refuse to consent to the transfer, the Facility (Hospital) must provide you written notice that you will be financially responsible for 100 percent of the cost of services provided to you once your emergency condition is stable. Also, if the Facility (Hospital) is unable to determine your name and contact information at UnitedHealthcare in order to request prior authorization for services once you are stable, it may bill you for such services.

IF YOU FEEL THAT YOU WERE IMPROPERLY BILLED FOR SERVICES THAT YOU RECEIVED FROM A NON-CONTRACTING PROVIDER, PLEASE CONTACT UNITEDHEALTHCARE AT 1-877-359-3714.

Following your discharge from the Hospital, any Medically Necessary follow-up medical or Hospital Services must be provided or authorized by your PCP in order to be covered by UnitedHealthcare. Regardless of where you are in the world, if you require additional follow-up medical or Hospital Services, please call your PCP or UnitedHealthcare's Out-of-Area unit to request authorization. UnitedHealthcare's Out-of-Area unit can be reached during regular business hours (8 a.m. – 5 p.m., Pacific Time) at 1-800-542-8789.

Out-of-Area Services

UnitedHealthcare arranges for the provision of Covered Health Care Services through its Network Medical Groups and other Network Providers. With the exception of the following, you are not covered for any other medical or Hospital Services out-of-area:

- Emergency Health Care Service provided by an Out-of-Network Provider.
- Urgently Needed Services provided by an Out-of-Network Provider
- Covered Health Care Services provided at certain Network facilities by an out-of-Network Physician when not Emergency Health Care Services. For these Covered Health Care Services, "certain Network facility" is limited to a hospital (as defined in 1861(e) of the Social Security Act), a hospital outpatient department, a critical access hospital (as defined in 1861(mm)(1) of the Social Security Act), an ambulatory surgical center as described in section 1833(i)(1)(A) of the Social Security Act, and any other facility specified by the Secretary.
- Air ambulance transport provided by an Out-of-Network Provider
- Authorized post-stabilization care, or

- Other specific services authorized by your Network Medical Group or UnitedHealthcare, when you are away from the geographic area served by your Network Medical Group.

If you do not know the area served by your Network Medical Group, please call your PCP or the Network Medical Group's administrative office to inquire.

The out-of-area services that are not covered include, but are not limited to:

- Routine follow-up care to Emergency Health Care Services or Urgently Needed Services, such as treatments, procedures, X-rays, lab work and doctor visits, Rehabilitation Services, Skilled Nursing Care or home health care.
- Maintenance therapy and DME, including, but not limited to, routine dialysis, routine oxygen, routine laboratory testing or a wheelchair to help you while traveling outside the geographic area served by your Network Medical Group.
- Medical care for a known or Long-Term Condition without acute symptoms as defined under Emergency Health Care Services or Urgently Needed Services.
- Ambulance services are limited to transportation to the nearest facility with the expertise for treating your condition in or out of the area.

Your Network Medical Group provides 24-hour access to request authorization for out-of-area care. You can also request authorization by calling the UnitedHealthcare Out-of-Area unit during regular business hours (8 a.m. – 5 p.m., Pacific Time) at 1-800-542-8789.

What to Do When You Require Urgently Needed Services

When you are in the geographic area served by your Network Medical Group, you should call your PCP or Network Medical Group. The telephone numbers for your PCP and/or Network Medical Group are on the front of your UnitedHealthcare Health Plan ID card. Assistance is available 24 hours a day, seven days a week. Identify yourself as a UnitedHealthcare Member and ask to speak to a Physician. If you are calling during non-business hours, and a Physician is not immediately available, ask to have the Physician-on-call paged. A Physician should call you back shortly. Explain your situation and follow any provided instructions. If your PCP or Network Medical Group is temporarily unavailable or inaccessible, you should seek Urgently Needed Services from a licensed medical professional wherever you are located.

You, or someone else on your behalf, must notify UnitedHealthcare or your Network Medical Group within 24 hours, or as soon as reasonably possible, after the initial receipt of Urgently Needed Services. When you call, please be prepared to give a description of the Urgently Needed Services that you received.

Out-of-Area Urgently Needed Services

Urgently Needed Services are Medically Necessary health care services required to prevent the serious deterioration of a Member's health, resulting from an unforeseen illness or injury for which treatment cannot be delayed until the Member returns to the geographic area served by the Member's Network Medical Group.

Urgently Needed Services are required in situations where a Member is temporarily outside the geographic area served by the Member's Network Medical Group and the Member experiences a medical condition that, while less serious than an Emergency Medical Condition, could result in the serious deterioration of the Member's health if not treated before the Member returns to the geographic area served by his or her Network Medical Group or contacts his or her Network Medical Group.

When you are temporarily outside the geographic area served by your Network Medical Group and you believe that you require Urgently Needed Services, you should, if possible, call (or have someone else call on your behalf) your PCP or Network Medical Group as described above in "What to Do When You Require Urgently Needed Services." The telephone numbers for your PCP and/or Network Medical Group are on the front of your

When you call, please be prepared to give a description of the Urgently Needed Services that you received.

International Emergency and Urgently Needed Services

If you are out of the country and require Urgently Needed Services, you should still, if possible, call your PCP or Network Medical Group. Follow the same instructions outlined above. If you are out of the country and experience an Emergency Medical Condition, either use the available emergency response system or go directly to the nearest Hospital emergency room. Following receipt of Emergency Services, please notify your PCP or Network Medical Group within 24 hours, or as soon as reasonably possible, after initially receiving these services.

Note: Under certain circumstances, you may need to initially pay for your Emergency Health Care Services or Urgently Needed Services. Please pay for such services and then contact UnitedHealthcare at the earliest opportunity. Be sure to keep all credit card statements, bank statements with copies of checks and receipts from Providers and copies of relevant medical documentation. You will need these to be properly reimbursed. For more information on submitting claims to UnitedHealthcare, please refer to **Section 6** in this *Combined Evidence of Coverage and Disclosure Form*.

SECTION 4. CHANGING YOUR DOCTOR OR MEDICAL GROUP

- **How to Change Your PCP or Network Medical Group**
- **When We Change Network Medical Group**
- **Continuing Care With a Terminated Provider for Members**

This section explains how to change your PCP or Network Medical Group, as well as how we continue your care.

How to Change Your PCP or Network Medical Group

Whether you want to change doctors within your Network Medical Group or transfer out of your Network Medical Group entirely, you should contact our Customer Service department.

UnitedHealthcare will approve your request to change doctors within your Network Medical Group if the PCP you have selected is accepting new patients and meets the other criteria in **Section 1. Getting Started**.

If you call us by the 15th of the current month, your transfer will be effective on the first day of the following month. If you meet the criteria but your request is received after the 15th of the current month, your transfer will be effective the first day of the second succeeding month. For example, if you meet the above requirements and you call UnitedHealthcare on June 12th to request a new doctor, the transfer will be effective on July 1st. If you meet the above requirements and you call UnitedHealthcare on June 16th, the transfer will be effective August 1st.

If you wish to transfer out of your Network Medical Group entirely, and you are not an Inpatient in a Hospital, a Skilled Nursing Facility or other medical institution, receiving radiation or chemotherapy or in the third trimester of pregnancy UnitedHealthcare will approve your request if the PCP within the new Network Medical Group you have selected is accepting new patients and meets the other criteria in **Section 1. Getting Started**. This includes being located within 30 miles of your Primary Residence or Primary Workplace. The effective date of transfer will be the same as referred to above when requesting a transfer within your Network Medical Group. Some Network Medical Groups only allow new enrollments during the employer's open-enrollment period.

Please Note: UnitedHealthcare does not advise that you change your PCP if you are an Inpatient in a Hospital, a Skilled Nursing Facility or other medical institution or are undergoing radiation or chemotherapy, as a change may negatively impact your coordination of care.

If you wish to transfer out of your Network Medical Group and you are an Inpatient in a Hospital, a Skilled Nursing Facility or other medical institution, the change will not be effective until the first day of the second month following your discharge from the institution.

If you are pregnant and wish to transfer out of your Network Medical Group and your pregnancy has reached the third trimester, to protect your health and the health of your unborn child, UnitedHealthcare does not permit such change until after the pregnancy.

If you change your Network Medical Group, authorizations issued by your previous Network Medical Group will not be accepted by your new group. Consequently, you should request a new referral from your new PCP within your new Network Medical Group, which may require further evaluation by your new Network Medical Group or UnitedHealthcare.

Please note that your new Network Medical Group or UnitedHealthcare may refer you to a different Provider than the Provider identified on your original authorization from your previous group.

If you are changing Network Medical Groups, our Customer Service department may be able to help smooth the transition. When UnitedHealthcare's Case Management is involved, the Case Manager is also consulted

about the effective date of your Physician change request. At the time of your request, please let us know if you are currently under the care of a specialist, receiving home health services or using durable medical equipment such as a wheelchair, walker, Hospital bed or an oxygen delivery system.

When We Change Your Network Medical Group

Under special circumstances, UnitedHealthcare may require that a Member change his or her Network Medical Group. Generally, this happens at the request of the Network Medical Group after a material detrimental change in its relationship with a Member. If this occurs, we will notify the Member of the effective date of the change, and we will transfer the Member to another Network Medical Group, provided he or she is medically able and there is an alternative Network Medical Group within 30 miles of the Member's Primary Residence or Primary Workplace.

UnitedHealthcare will also notify the Member in the event that the agreement terminates between UnitedHealthcare and the Member's Network Medical Group. If this occurs, UnitedHealthcare will provide 30 days' notice of the termination. UnitedHealthcare will also assign the Member a new PCP. If the Member would like to select a different PCP, he or she may do so by contacting Customer Service. Upon the effective date of transfer, the Member can begin receiving services from his or her new PCP.

Please Note: Except for Emergency and Urgently Needed Services, once an effective date with your new Network Medical Group has been established, a Member must use his or her new PCP or Network Medical Group to authorize all services and treatments. *Receiving services elsewhere will result in UnitedHealthcare's denial of benefit coverage.*

Continuing Care with a Terminated Provider for Members

Under certain circumstances, you may be eligible to continue receiving care from a Terminated Provider to ensure a smooth transition to a new Network Provider and to complete a course of treatment with the same Terminated Provider or to maintain the same Terminating Provider.

The care must be Medically Necessary, and the cause of Termination by UnitedHealthcare or your Network Medical Group also has to be for a reason other than a medical disciplinary cause, fraud or any criminal activity.

For a Member to continue receiving care from a Terminated Provider, the following conditions must be met:

1. A completed request form for Continuity of Care services from a terminated Provider must be submitted to UnitedHealthcare within 30 calendar days from the date your Provider is terminated for review and approval. The Continuity of Care form may be downloaded at uhc.com/CalPERS;
2. The requested treatment must be a Covered Health Care Service under this Health Plan;
3. The Terminated Provider must agree in writing to be subject to the same contractual terms and conditions that were imposed upon the Provider prior to Termination, including, but not limited to, credentialing, Hospital privileging, utilization review, peer review and quality assurance requirements, notwithstanding the provisions outlined in the Provider contract related to Continuity of Care;
4. The Terminated Provider must agree in writing to be compensated at rates and methods of payment similar to those used by UnitedHealthcare or Network Medical Groups/Independent Practice Associations (PMG/IPA) for current Network Providers providing similar services who are not capitated and who are practicing in the same or a similar geographic area as the Terminated Provider.

Covered Health Care Services provided by a Terminated Provider to a Member who at the time of the Network Provider's contract Termination was receiving services from that Network Provider for one of the Continuity of Care Conditions will be considered complete when:

1. The Member's Continuity of Care Condition under treatment is medically stable, and

Questions about your benefits? Call our Customer Service Department at 1-877-359-3714 or 711 (TTY)

2. There are no clinical contraindications that would prevent a medically safe transfer to a Network Provider as determined by a UnitedHealthcare Medical Director in consultation with the Member, the Terminated Network Provider and, as applicable, the Member's receiving Network Provider.

Continuity of Care also applies to Members who are receiving Mental Health care services from a Terminated Mental Health Provider, on the effective Termination date. Members eligible for continuity of Mental Health care services may continue to receive Mental Health services from the Terminated Mental Health Provider for a reasonable period of time to safely transition care to a Network Mental Health Provider. Please refer to Medical Benefits and Exclusions and Limitations in **Section 5. Your Medical Benefits** of the UnitedHealthcare *Combined Evidence of Coverage and Disclosure Form*, and the *Schedule of Benefits* for information. For a description of coverage of Mental Health care services, please refer to the behavioral health supplement to this *Combined Evidence of Coverage and Disclosure Form* for USBHPC beginning on page 133.

All Continuity of Care requests will be reviewed on a case-by-case basis. Reasonable consideration will be given to the severity of the Member's condition and the potential clinical effect of a change in Provider regarding the Member's treatment and outcome of the condition under treatment.

If you are receiving treatment for any of the specified Continuity of Care Conditions as limited and described in **Section 10. Definitions** and believe you qualify for continued care with the Terminating Provider, please call the Customer Service department and request the form "Request for Continuity of Care Benefits." Complete and return the form to UnitedHealthcare as soon as possible, but no later than thirty (30) calendar days of the Provider's effective date of Termination. Exceptions to the thirty (30)-calendar-day time frame will be considered for good cause. The address is:

UnitedHealthcare of California
Attention: Continuity of Care Department
Mail Stop: CA124-0181
P.O. Box 30968

Fax: 1-888-361-0514

UnitedHealthcare's Health Care Services department will complete a clinical review of your Continuity of Care request for Completion of Covered Health Care Services with the Terminated Provider and the decision will be made and communicated in a timely manner appropriate for the nature of your medical condition. In most instances, decisions for non-urgent requests will be made within five (5) business days of UnitedHealthcare's receipt of the completed form. You will be notified of the decision by telephone, and provided with a plan for your continued care. Written notification of the decision and plan of care will be sent to you, by United States mail, within two (2) business days of making the decision. If your request for continued care with a Terminated Provider is denied, you may appeal the decision. (To learn more about appealing a denial, please refer to **Section 8. Overseeing Your Health Care.**)

If you have any questions, would like a description of UnitedHealthcare's continuity of care process, or want to appeal a denial, please contact our Customer Service department.

Please Note: It is not enough to simply prefer receiving treatment from a Terminated Physician or other terminated Provider. You should not continue care with a terminated Provider without our formal approval. *If you do not receive Preauthorization by UnitedHealthcare or your Network Medical Group, payment for routine services performed from a Terminated Provider will be your responsibility.*

In the above section "Continuity of Care with a Terminating Provider," **Termination, Terminated or Terminating** references any circumstance which terminates, non-renews or otherwise ends the arrangement by which the Network Provider routinely renders Covered Health Care Services to UnitedHealthcare Members.

Covered Health Care Services include those which are Medically Necessary or otherwise required to be covered under the law or otherwise as described below including those for coverage of Serious Emotional Disturbances of a Child or Severe Mental Illness. A SERVICE, SUPPLY OR TREATMENT MUST BE MEDICALLY NECESSARY, OR OTHERWISE REQUIRED TO BE COVERED UNDER THE LAW, OR AS OTHERWISE DESCRIBED BELOW AND NOT EXCLUDED FROM COVERAGE IN ORDER TO BE A COVERED HEALTH CARE SERVICE.

With the exception of Emergency Health Care Services or Urgently Needed Services, a Member will only be admitted to acute care and Skilled Nursing Care Facilities that are authorized by the Member's Network Medical Group under contract with UnitedHealthcare.

The testing for compatible unrelated donors, and costs for computerized national and international searches for unrelated allogeneic bone marrow or stem cell donors conducted through a registry, are covered when the Member is the intended recipient. Virtual care provides communication of medical information in real-time between the patient and a distant Physician or health specialist, outside of a medical facility (for example, from home or from work).

Benefits are available only when services are delivered through a Designated Virtual Network Provider. You can find a Designated Virtual Network Provider by contacting us at www.myuhc.com or the telephone number on your ID card.

Please Note: Not all medical conditions can be treated through virtual care. The Designated Virtual Network Provider will identify any condition for which treatment by in-person Physician contact is needed. Virtual Care Services will be covered on the same basis and to the same extent as Covered Health Care Services delivered in-person. The Co-insurance or Co-payment for Virtual Care Services received through a Designated Virtual Network Provider will accrue to any applicable Co-payment and/or Out-of-Pocket Limit.

Benefits do not include services that occur within medical facilities (CMS defined originating facilities).

You have the ability to receive services on an in-person basis or via Telehealth, if available, from your Primary Care Physician, treating Specialist, or from another Network individual health professional, clinic, or health facility. If you are currently receiving specialty Telehealth services for a mental or behavioral health condition, you may continue receiving that service with a Network individual health professional, clinic, or facility.

Prior to the delivery of Virtual Care Services, the Designated Virtual Network Provider shall verbally inform the Covered Person that Virtual Care Services may be used and obtain verbal consent from the Covered Person for this use. The verbal consent shall be documented in the Covered Person's medical record.

The Covered Person has the right to access his or her medical records, and the record of any Virtual Care.

- Listing of the Member at a second Designated Facility is a covered benefit unless the Regional Organ Procurement Agency (the agency that obtains the organ) is the same for both facilities. Organ transplant listing is limited to two Designated Facilities. If the Member is listed at two facilities, UnitedHealthcare will only cover the costs associated with the transplant surgical procedure (includes donor surgical procedure and services) and post-transplant services at the Facility where the transplant is performed. The Member is responsible for any duplicated diagnostic costs for a transplant evaluation incurred at the second Facility. (See the definition for “Regional Organ Procurement Agency” under “Designated Facility” in **Section 10 Definitions.**)

Recreational therapy services are only covered when they are authorized, part of a Medically Necessary treatment plan, provided by an authorized Provider who is a registered physical, speech or occupational therapist or a health care professional under the direct supervision of a licensed physical therapist acting within the scope of his or her license or as authorized under California law. the treatment of anorexia nervosa and bulimia nervosa, please refer to the behavioral health supplement of your *Combined Evidence of Coverage and Disclosure Form*.

SECTION 6. PAYMENT RESPONSIBILITY

- Premiums and Co-payments
- What to Do if You Receive a Bill
- Coordinating Benefits with Another Plan
- Medicare Eligibility
- Workers' Compensation Eligibility
- Other Benefit Coordination Issues

This section explains these and other health care expenses. It also explains your responsibilities when you are eligible for Medicare or workers' compensation coverage and when UnitedHealthcare needs to coordinate your benefits with another plan.

What are Premiums?

Premiums are fees an Employer Group pays to cover the basic costs of your health care package. An Employer Group usually pays these Premiums on a monthly basis. Often the Subscriber shares the cost of these Premiums with deductions from his or her salary.

If you are the Subscriber, you should already know if you are contributing to your Premium payment; if you aren't sure, contact your Employer Group's health benefits representative. He or she will know if you are contributing to your Premium, as well as the amount, method and frequency of this contribution.

What are Co-payments?

Aside from the Premium, you may be responsible for paying a charge when you receive a Covered Service. This charge is called a Co-payment and is outlined in your *Schedule of Benefits*. If you review your *Schedule of Benefits*, you will see that the amount of the Co-payment depends on the service, as well as the Provider from whom you choose to receive your care.

Annual Co-payment Limit

For certain Covered Health Care Services, there is a limit placed on the total amount you pay for Co-payments during a calendar year. This limit is called your Annual Co-payment Maximum and when you reach it, for the remainder of the calendar year, you will not pay any additional Co-payments for these Covered Health Care Services. Co-payments paid for certain Covered Health Care Services are not applicable to a Member's Annual Co-payment Maximum; these services are specified in the *Schedule of Benefits*.

When an individual member meets the Annual Co-payment Maximum, no further Co-payments are required for the year for that individual.

Note: The calculation of your Annual Co-payment Limit includes UnitedHealthcare benefits, including behavioral health, pediatric dental, pediatric vision, acupuncture and chiropractic benefits. It does not include standalone, separate and independent Dental, Vision and infertility, if purchased by your employer, benefit plans that may be offered by your Employer Group.

What If You Get a Bill?

If you are billed for a Covered Service provided or authorized by your PCP or Network Medical Group or if you receive a bill for Emergency or Urgently Needed Services you should do the following:

1. Call the Provider, then let them know you have received a bill in error, and you will be forwarding the bill to UnitedHealthcare.
2. Give the Provider your UnitedHealthcare Health Plan information, including your name and UnitedHealthcare Member number.

Questions about your benefits? Call our Customer Service Department at 1-877-359-3714 or 711 (TTY)

3. Forward the bill to:

UnitedHealthcare of California
Claims Department UHC West-CalPERS
PO Box 30510
Salt Lake City, UT 84130-0510

Include your name, your UnitedHealthcare ID number and a brief note that indicates you believe the bill is for a Covered Service. The note should also include the date of service, the nature of the service and the name of the Provider who authorized your care. No claim form is required. If you need additional assistance, call our Customer Service department.

Please Note: Your Provider will bill you for services that are not covered by UnitedHealthcare or haven't been properly authorized. You may also receive a bill if you have exceeded UnitedHealthcare's coverage limit for a benefit.

Out-of-Pocket-Limit Accrual Balances

Up-to-date Out-of-Pocket Limit accrual balances will be provided to you as you use Benefits and will appear on your Explanation of Benefits and/or Health Statement or at any time by visiting uhc.com/CalPERS, or by contacting us at the telephone number on your ID card.

You may choose to receive this information electronically by registering for paperless delivery at uhc.com/CalPERS, or by contacting us at (877) 359-3714.

What is a *Schedule of Benefits*?

Your *Schedule of Benefits* is printed separately from this document and lists the Covered Health Care Services unique to your plan. It also includes your Co-payments, as well as the Annual Co-payment Maximum and other important information. If you need assistance understanding your *Schedule of Benefits*, or need a new copy, please call our Customer Service department.

Bills from Out-of-Network Providers

If you receive a bill for a Covered Service from a Physician who is not one of our Network Providers, and the service was Preauthorized and you haven't exceeded any applicable benefit limits, UnitedHealthcare will pay for the service, less the applicable Co-payment. (Preauthorization isn't required for Emergency Services and Urgently Needed Services. See **Section 3. Emergency and Urgently Needed Services.**) Non-Network Providers may not balance bill you for Emergency Services. You are only required to pay the Co-payment amount specified in your *Schedule of Benefits*. You may also submit a bill to us if an Out-of-Network Provider has refused payment directly from UnitedHealthcare.

If you receive Covered Health Care Services in a Network contracting health care facility but from an Out-of-Network individual health professional, you are only required to pay the Co-payment amount specified in your *Schedule of Benefits*. A Network "contracting health facility" includes, but not limited to, a licensed hospital; ambulatory surgery center or other outpatient setting, lab, radiology or imaging center. You should not be billed more than the amounts shown on your *Schedule of Benefits*. You should file a claim within 90 days, or as soon as reasonably possible, of receiving any services and related supplies. Forward the bill to:

UnitedHealthcare of California
Claims Department
UHC West-CalPERS
PO Box 30510
Salt Lake City, UT 84130-0510

Questions about your benefits? Call our Customer Service Department at 1-877-359-3714 or 711 (TTY)

Include your name, UnitedHealthcare Health Plan ID number and a brief note that indicates your belief that you have been billed for a Covered Service. The note should also include the date of service, the nature of the service and the name of the Provider who authorized your care. No claim form is required.

UnitedHealthcare will make a determination within 30 working days from the date UnitedHealthcare receives a claim containing all information reasonably necessary to decide the claim. UnitedHealthcare will not pay any claim that is filed more than 180 calendar days from the date the services or supplies were provided.

UnitedHealthcare also will not pay for excluded services or supplies unless authorized by your PCP, your Network Medical Group or directly by UnitedHealthcare.

Any payment assumes you have not exceeded your benefit limits. If you have reached or exceeded any applicable benefit limit, these bills will be your responsibility.

How Do You Avoid Unnecessary Bills

Always obtain your care under the direction of UnitedHealthcare, your Network Medical Group, or your PCP. By doing this, you only will be responsible for paying any related Co-payments and for charges in excess of your benefit limitations. Except for Emergency or Urgently Needed Services, if you receive services not authorized by UnitedHealthcare or your Network Medical Group, you may be responsible for payment. This is also true if you receive any services not covered by your plan. (Services not covered by your plan are included in **Section 5.**

Your Medical Benefits.)

Your Billing Protection

All our Members have rights that protect them from being charged for Covered Health Care Services in the event a Network Medical Group does not pay a Provider, a Provider becomes insolvent or a Provider breaches its contract with UnitedHealthcare. In none of these instances may the Network Provider send you a bill, charge you, or have any other recourse against you for a Covered Service. However, this provision does not prohibit the collection of Co-payment amounts as outlined in the *Schedule of Benefits.*)

In the event of a Provider's insolvency, UnitedHealthcare will continue to arrange for your benefits. If for any reason UnitedHealthcare is unable to pay for a Covered Service on your behalf (for instance, in the unlikely event of UnitedHealthcare's insolvency or a natural disaster), you are not responsible for paying any bills as long as you received proper authorization from your UnitedHealthcare Network Provider. You may, however, be responsible for any properly authorized Covered Health Care Services from an Out-of-Out-of-Network Provider or Emergency or Urgently Needed Services from an Out-of-Network Provider.

Note: If you receive a bill because an Out-of-Network Provider refused to accept payment from UnitedHealthcare, you may not be billed for authorized services for anything except your Co-payments. Please call Customer Services for assistance or submit a claim for reimbursement. See above: Bills From Out-of-Network Providers.

Coordination of Benefits

Coordination of Benefits (COB) is a process, regulated by law, which determines the financial responsibility for payment when a person has group health care coverage under more than one plan. "Plan" is defined below. COB is designed to provide maximum coverage for medical and Hospital Services at the lowest cost by avoiding excessive or duplicate payments.

The objective of COB is to ensure that all group Health Plans that provide coverage to an individual will pay no more than 100 percent of the allowable expense for services that are received. This payment will not exceed total expenses incurred or the reasonable cash value of those services and supplies when the group Health Plan provides benefits in the form of services rather than cash payments.

UnitedHealthcare's COB activities will not interfere with your medical care.

The order of benefit determination rules below determines which Health Plan will pay as the Primary Plan. The Primary Plan that pays first pays without regard to the possibility that another plan may cover some expenses. A

Questions about your benefits? Call our Customer Service Department at 1-877-359-3714 or 711 (TTY)

Secondary Plan pays after the Primary Plan and may reduce the benefits it pays so that payment from all group plans does not exceed 100 percent of the total allowable expense. "Allowable Expense" is defined below.

Definitions

The following definitions only apply to coverage provided under this explanation of Coordination of Benefits.

A **Plan** is any of the following that provides benefits or services for medical or dental care or treatment.

1. **Plan** includes: group insurance, closed panel (HMO, POS, PPO or EPO) coverage or other forms of group or group-type coverage (whether insured or uninsured); Hospital indemnity benefits in excess of \$200 per day; medical care components of group long-term care contracts, such as Skilled Nursing Care; or other governmental benefits, as permitted by law (Medicare is not included as a "Plan" as defined here; however, UnitedHealthcare does coordinate benefits with Medicare. Please refer to **Section 6**, "Important Rules for Medicare and Medicare Eligible Members.")
2. **Plan** does not include: non-group coverage of any type, including, but not limited to, individual or family insurance; amounts of Hospital indemnity insurance of \$200 or less per day; school accident-type coverage; benefits for non-medical components of group long-term care policies; Medicare supplement policies, a state plan under Medicaid; and coverage under other governmental plans, unless permitted by law.

Each contract for coverage under (1) or above is a separate Plan. However, if the same carrier provides coverage to Members of a group under more than one group contract each of which provide for different types of coverage (for example, one covering dental services and one covering medical services), the separate contracts are considered parts of the same plan and there is no COB among those separate contracts. However, if a Plan has two parts and COB rules apply only to one of the two, each of the parts is treated as a separate Plan.

Primary Plan or Secondary Plan – The order of benefit determination rules determine whether this Plan is a "Primary Plan" or "Secondary Plan" when compared to another Plan covering the person.

When this Plan is primary, its benefits are determined before those of any other Plan and without considering any other Plan's benefits. When this Plan is secondary, its benefits are determined after those of another Plan and may be reduced because of the Primary Plan's benefits.

Allowable Expense means a health care service or expense, including Co-payments, that is covered at least in part by any of the Plans covering the person. When a plan provides benefits in the form of services (for example, an HMO), the reasonable cash value of each service will be considered an Allowable Expense and a benefit paid. An expense or service that is not covered by any of the plans is not an Allowable Expense. The following are examples of expenses or services that are **not** Allowable Expenses:

1. If a covered person is confined in a private Hospital room, the difference between the cost of a semiprivate room in the Hospital and the private room; (unless the patient's stay in a private Hospital room is Medically Necessary) is not an Allowable Expense.
2. If a person is covered by two or more Plans that compute their benefit payments on the basis of usual and customary fees, any amount in excess of the highest of the usual and customary fees for a specific benefit is not an Allowable Expense.
3. If a person is covered by two or more Plans that provide benefits or services on the basis of negotiated fees, an amount in excess of the highest of the negotiated fees is not an Allowable Expense.
4. If a person is covered by one Plan that calculates its benefits or services on the basis of usual and customary fees and another Plan that provides its benefits or services on the basis of negotiated fees, the Primary Plan's payment arrangements shall be the allowable expense for all plans.

Questions about your benefits? Call our Customer Service Department at 1-877-359-3714 or 711 (TTY)

5. The amount a benefit is reduced by the Primary Plan because a covered person does not comply with the Plan provisions. Examples of these provisions are precertification of admissions and preferred Provider arrangements.
6. **Claim Determination Period** means a calendar year or that part of the calendar year during which a person is covered by this Plan.
7. **Closed Panel Plan** is a plan that provides health benefits to covered persons primarily in the form of services through a panel of Providers that have contracted with or are employed by the Plan, and that limits or excludes benefits for services provided by other Providers, except in cases of emergency or referral by a panel Member.
8. **Custodial Parent** means a parent awarded custody by a court decree. In the absence of a court decree, it is the parent with whom the child resides more than one half of the calendar year without regard to any temporary visitation.

Order of Benefit Determination Rules

If the Member is covered by another group Health Plan, responsibility for payment of benefits is determined by the following rules. These rules indicate the order of payment responsibility among UnitedHealthcare and other applicable group Health Plans by establishing which plan is primary, secondary and so on:

- A. The Primary Plan pays or provides its benefits as if the Secondary Plan or Plans did not exist.
- B. A Plan that does not contain a coordination of benefits provision is always primary. There is one exception: Coverage that is obtained by virtue of membership in a group that is designed to supplement a part of a basic package of benefits may provide that the supplementary coverage shall be excess to any other parts of the plan provided by the contract holder. Examples of these types of situations are major medical coverages that are superimposed over base plan hospital and surgical benefits, and insurance type coverages that are written in connection with a closed panel plan to provide out-of-Network benefits.
- C. A Plan may consider the benefits paid or provided by another Plan in determining its benefits only when it is secondary to that other Plan.
- D. The first of the following rules that describes which Plan pays its benefits before another Plan is the rule that will apply.
 1. **Subscriber (Non-Dependent) or Dependent.** The Plan that covers the person other than as a Dependent, for example as an Eligible Employee, Member, Subscriber or retiree, is primary, and the plan that covers the person as a Dependent is secondary.
 2. **Child Covered Under More Than One Plan.** The order of benefits when a child is covered by more than one plan is:
 - a. **Birthdate Rule.** The Primary Plan is the Plan of the parent whose birthday is earlier in the year if:
 - The parents are married;
 - The parents are not separated (whether or not they ever have been married); or
 - A court decree awards joint custody without specifying that one party has the responsibility to provide health care coverage.
 If both parents have the same birthday, the plan that covered either of the parents longer is primary.
 - b. If the specific terms of a court decree state that one of the parents is responsible for the child's health care expenses or health care coverage, that Plan is primary if the parent has enrolled the child in the Plan and provided the Plan with a copy of the court order as required in the "Eligibility"

Questions about your benefits? Call our Customer Service Department at 1-877-359-3714 or 711 (TTY)

section of this *Combined Evidence of Coverage and Disclosure Form*. This rule applies to Claim Determination Periods or plan years, commencing after the Plan is given notice of the court decree.

- c. If the parents are not married and/or are separated (whether or not they ever have been married) or are divorced, the order of benefits is:
 - The Plan of the Custodial Parent;
 - The Plan of the legal spouse or Domestic Partner of the Custodial Parent;
 - The Plan of the non-Custodial Parent; and then
 - The Plan of the legal spouse of the non-Custodial Parent.
3. **Active or Inactive Employee.** The Plan that covers a person as an employee who is neither laid off nor retired (or his or her Dependent) is primary in relation to a Plan that covers the person as a laid off or retired employee (or his or her Dependent). If the other Plan does not have this rule, and if, as a result, the Plans do not agree on the order of benefits, this rule is ignored. Coverage provided an individual by one Plan as a retired worker and by another Plan as a Dependent of an actively working Legal Spouse or Domestic Partner will be determined under the rule labeled D(1).
4. **COBRA Continuation Coverage.** If a person whose coverage is provided under a right of continuation provided by federal (COBRA) or state law (similar to COBRA) also is covered under another Plan, the Plan covering the person as an employee, Member, Subscriber or retiree (or as that person's Dependent) is primary, and the continuation coverage is secondary. If the other Plan does not have this rule, and if, as a result, the Plans do not agree on the order of benefits, this rule is ignored.
5. **Longer or Shorter Length of Coverage.** If the preceding rules do not determine the order of payment, the Plan that covered the person as an employee, Member, Subscriber or retiree for the longer period is primary.

Effect on the Benefits of This Plan

When this Plan is secondary, it may reduce its benefits so that the total benefits paid or provided by all Plans during a Claim Determination Period are not more than 100 percent of total Allowable Expenses.

If a covered person is enrolled in two or more Closed Panel Plans and if, for any reason, including the person having received services from a non-panel Provider, benefits are not payable by one Closed Panel Plan, COB shall not apply between that Plan and other Closed Panel Plans.

This Coverage Plan reduces its benefits as described below for Covered Persons who are eligible for Medicare when Medicare would be the Primary Plan.

Medicare benefits are determined as if the full amount that would have been payable under Medicare was actually paid under Medicare, even if:

The person is entitled but not enrolled in Medicare. Medicare benefits are determined as if the person were covered under Medicare Parts A and B.

The person is enrolled in a Medicare Advantage (Medicare Part C) plan and receives non-covered services because the person did not follow all rules of that plan. Medicare benefits are determined as if the services were covered under Medicare Parts A and B.

The person receives services from a provider who has elected to opt-out of Medicare. Medicare benefits are determined as if the services were covered under Medicare Parts A and B and the provider had agreed to limit charges to the amount of charges allowed under Medicare rules

Questions about your benefits? Call our Customer Service Department at 1-877-359-3714 or 711 (TTY)

The services are provided in any facility that is not eligible for Medicare reimbursements, including a Veterans Administration facility, facility of the Uniformed Services, or other facility of the federal government. Medicare benefits are determined as if the services were provided by a facility that is eligible for reimbursement under Medicare.

The person is enrolled under a plan with a *Medicare Medical Savings Account*. Medicare benefits are determined as if the person were covered under Medicare Parts A and B.

Important: If you are eligible for Medicare on a primary basis (Medicare pays before Benefits under this Coverage Plan), you should enroll for and maintain coverage under both Medicare Part A and Part B. If you don't enroll and maintain that coverage, and if we are secondary to Medicare, we will pay Benefits under this Coverage Plan as if you were covered under both Medicare Part A and Part B. As a result, your out-of-pocket costs will be higher.

If you have not enrolled in Medicare, Benefits will be determined as if you timely enrolled in Medicare and obtained services from a Medicare participating provider if either of the following applies:

- You are eligible for, but not enrolled in, Medicare and this Coverage Plan is secondary to Medicare.
- You have enrolled in Medicare but choose to obtain services from a doctor that opts-out of the Medicare program.
- When calculating the Coverage Plan's Benefit in these situations, we use Medicare's approved amount or Medicare's limiting charge of the provider's billed charges as the Allowable Expense.

Right to Receive and Release Needed Information

Certain facts about health care coverage and services are needed to apply these COB rules and to determine benefits payable under this Plan and other Plans.

UnitedHealthcare may obtain the facts it needs from, or give them to, other organizations or persons for the purpose of applying these rules and determining benefits payable under this Plan and other Plans covering the person claiming benefits. Each person claiming benefits under this Plan must give UnitedHealthcare any facts it needs to apply those rules and determine benefits payable. UnitedHealthcare may use and disclose a Member's protected health information for the purposes of carrying out treatment, payment or health care operations, including, but not limited to, diagnoses payment of health care services rendered, billing, claims management or her administrative functions of UnitedHealthcare, without obtaining the Member's consent, in accordance with state and federal law.

UnitedHealthcare's Right to Pay Others

A "payment made" under another Plan may include an amount that should have been paid under this Plan. If this happens, UnitedHealthcare may pay that amount to the organization that made that payment. That amount will then be treated as though it were a benefit paid under this Plan. UnitedHealthcare will not have to pay that amount again. The term "payment made" includes providing benefits in the form of services, in which case "payment made" includes providing benefits in the form of services, in which case, "payment made" means the reasonable cash value of the benefits provided in the form of services.

Right of Recovery

If the amount of the payments made by UnitedHealthcare is more than it should have paid under this COB provision, UnitedHealthcare may recover the excess from one or more of the persons it has paid or for whom it has paid or for any other person or organization that may be responsible for the benefits or services provided for the covered person. The "amount of payments made" includes the reasonable cash value of any benefits provided in the form of services.

Important Rules for Medicare and Medicare-Eligible Members

You must let UnitedHealthcare know if you are enrolled, or eligible to enroll, in Medicare (Part A and/or Part B coverage). UnitedHealthcare is typically primary (that is, UnitedHealthcare's benefits are determined before those of Medicare) to Medicare for some initial period of time, as determined by the Medicare regulations.

You can become entitled to Medicare three different ways: because of age, disability, or end stage renal disease (ESRD).

If you have group health insurance through a plan that either you or your legal spouse received through an Employer Group that you are actively working at, and you are enrolled in Medicare, the group health insurance is primary over Medicare. However, there are three exceptions to this rule:

1. Employer Group with less than 20 Eligible Employees;
2. Disabled individual and enrolled in a health plan with less than 100 eligible employees; or
3. Members who are entitled to Medicare due to End Stage Renal Disease (ESRD) after the mandated 18-month period.

If you have questions about the coordination of Medicare benefits, contact your Employer Group or our Customer Service department. For questions regarding Medicare eligibility, contact your local Social Security office.

How Are Benefits Paid When You Are Medicare Eligible?

Benefits under the Agreement are not intended to supplement any coverage provided by Medicare. Nevertheless, in some circumstances Covered Persons who are eligible for or enrolled in Medicare may also be enrolled under the Agreement.

If you are eligible for or enrolled in Medicare, please read the following information carefully.

If you are eligible for Medicare on a primary basis (Medicare pays before Benefits under the Agreement), you should enroll in and maintain coverage under both Medicare Part A and Part B. If you don't enroll and maintain that coverage, and if we are the secondary payer as described in *Section 7: Coordination of Benefits*, we will pay Benefits under the Agreement as if you were covered under both Medicare Part A and Part B. As a result, you will be responsible for the costs that Medicare would have paid and you will incur a larger out-of-pocket cost.

If you are enrolled in a *Medicare Advantage* (Medicare Part C) plan on a primary basis (Medicare pays before Benefits under the Agreement), you should follow all rules of that plan that require you to seek services from that plan's participating providers. When we are the secondary payer, we will pay any Benefits available to you under the Agreement as if you had followed all rules of the *Medicare Advantage* plan. You will be responsible for any additional costs or reduced Benefits that result from your failure to follow these rules, and you will incur a larger out-of-pocket cost.

Workers' Compensation

UnitedHealthcare will not provide or arrange for benefits, services or supplies required as a result of a work-related injury or illness. This applies to injury or illness resulting from occupational accidents or sickness covered under any of the following: the California Workers' Compensation Act, occupational disease laws, employer's liability or federal, state or municipal law. To recover benefits for a work-related illness or injury, the Member must pursue his or her rights under the Workers' Compensation Act or any other law that may apply to the illness or injury. This includes filing an appeal with the Workers' Compensation Appeals Board, if necessary.

If for any reason UnitedHealthcare provides or arranges for benefits, services or supplies that are otherwise covered under the Workers' Compensation Act, the Member is required to reimburse UnitedHealthcare for the benefits, services or supplies provided or arranged for, at Prevailing Rates, immediately after receiving a monetary award, whether by settlement or judgment. The Member must also hold any settlement or judgment

Questions about your benefits? Call our Customer Service Department at 1-877-359-3714 or 711 (TTY)

collected as a result of a workers' compensation action in trust for UnitedHealthcare. This award will be the lesser of the amount the Member recovers or the reasonable value of all services and benefits furnished to him or her or on his or her behalf by UnitedHealthcare for each incident. If the Member receives a settlement from workers' compensation coverage that includes payment of future medical costs, the Member must reimburse UnitedHealthcare for any future medical expenses associated with this judgment if UnitedHealthcare covers those services.

When a legitimate dispute exists as to whether an injury or illness is work-related, UnitedHealthcare will provide or arrange for benefits until such dispute is resolved, if the Member signs an agreement to reimburse UnitedHealthcare for 100 percent of the benefits provided.

UnitedHealthcare will not provide or arrange for benefits or services for a work-related illness or injury when the Member fails to file a claim within the filing period allowed by law or fails to comply with other applicable provisions of law under the Workers' Compensation Act. Benefits will not be denied to a Member whose employer has not complied with the laws and regulations governing workers' compensation insurance, provided that such Member has sought and received Medically Necessary Covered Health Care Services under this Health Plan.

Third-Party Liability – Expenses Incurred Due to Liable Third Parties Are Not Covered

Health care expenses incurred by a Member for which a third party or parties or a third party's (parties') insurance company (collectively, "liable third party") is liable or legally responsible by reason of negligence, a wrongful intentional act or the breach of any legal obligation on the part of such third party are expressly excluded from coverage under this Health Plan. However, in all cases, UnitedHealthcare will pay for the arrangement or provision of health care services for a Member that would have been Covered Health Care Services except that they were required due to a liable third party, in exchange for the agreement as expressly set forth in the section of the *Combined Evidence of Coverage and Disclosure Form* captioned "UnitedHealthcare's Right to the Repayment of a Debt as a Charge Against Recoveries From Third Parties Liable for a Member's Health Care Expenses."

UnitedHealthcare's Right to the Repayment of a Debt as a Charge against Recoveries from Third Parties Liable for a Member's Health Care Expenses

Expenses incurred by a Member for which a third party or parties or a third party's (parties') insurance company (collectively, "liable third party") is liable or legally responsible by reason of negligence, a wrongful intentional act or the breach of any legal obligation on the part of such third party are expressly excluded from coverage under this Health Plan. However, in all cases, UnitedHealthcare will pay for the arrangement or provision of health care services for a Member that would have been Covered Health Care Services except that they were required due to a liable third party, in exchange for the following agreement:

If a Member is injured by a liable third party, the Member agrees to give UnitedHealthcare, or its representative, agent or delegate, a security interest in any money the Member actually recovers from the liable third party by way of any final judgment, compromise, settlement or agreement, even if such money becomes available at some future time.

If the Member does not pursue, or fails to recover (either because no judgment is entered or because no judgment can be collected from the liable third party), a formal, informal, direct or indirect claim against the liable third party, then the Member will have no obligation to repay the Member's debt to UnitedHealthcare, which debt shall include the cost of arranging or providing otherwise covered health care services to the Member for the care and treatment that was necessary because of a liable third party.

The security interest the Member grants to UnitedHealthcare, its representative, agent or delegate applies only to the actual proceeds, in any form, that stem from any final judgment, compromise, settlement or agreement relating to the arrangement or provision of the Member's health care services for injuries caused by a liable third party.

Non-Duplication of Benefits with Automobile, Accident or Liability Coverage

If you are receiving benefits as a result of automobile, accident or liability coverage, UnitedHealthcare will not duplicate those benefits. It is your responsibility to take whatever action is necessary to receive payment under automobile, accident or liability coverage when such payments can reasonably be expected and to notify UnitedHealthcare of such coverage when available. UnitedHealthcare will provide Covered Health Care Services over and above your automobile, accident or liability coverage, if the cost of your health care services exceeds such coverage.

Who is a UnitedHealthcare Member?

There are two kinds of UnitedHealthcare Members: Subscribers and enrolled Family Members (also called Dependents). The Subscriber is the person who enrolls through his or her employer-sponsored health benefits plan. The Employer Group, in turn, has signed a Group Agreement with UnitedHealthcare.

The following Family Members are eligible to enroll in UnitedHealthcare:

1. The Subscriber's Legal Spouse or Domestic Partner,
2. The biological children of the Subscriber or the Subscriber's Legal Spouse or the Domestic Partner (stepchildren) who are under the Limiting Age established by the employer (for an explanation of "Limiting Age," see Definitions);
3. Children who are legally adopted or placed for adoption with the Subscriber, the Subscriber's Legal Spouse or the Domestic Partner who are under the Limiting Age established by the employer;
4. Children for whom the Subscriber, the Subscriber's Legal Spouse or Domestic Partner has assumed permanent legal guardianship. Legal evidence of the guardianship, such as a certified copy of a court order, must be furnished to UnitedHealthcare upon request; and

Questions about your benefits? Call our Customer Service Department at 1-877-359-3714 or 711 (TTY)

5. Children for whom the Subscriber, the Subscriber's Legal Spouse or Domestic Partner is required to provide health insurance coverage pursuant to a qualified medical child support order assignment order, or medical support order, in this section.
6. Any child for whom the Subscriber has assumed a parent-child relationship, in lieu of a parent-child relationship described above, as indicated by intentional assumption of parental status, or assumption of parental duties by the Subscriber, as certified by the Subscriber at the time of enrollment of the child, and annually thereafter up to the age of 26 unless the child is disabled. The term child does not include foster children as determined eligible by the Employer Group.

Your Dependent children cannot be denied enrollment and eligibility due to the following:

- Was born to a single person or unmarried couple;
- Is not claimed as a Dependent on a federal income tax return;
- Does not reside with the Subscriber or within the UnitedHealthcare Service Area.

What If You Are Eligible for Medicare?

Your Benefits may be reduced if you are eligible for Medicare but do not enroll in and maintain coverage under both Medicare Part A and Part B.

Your Benefits may also be reduced if you are enrolled in a *Medicare Advantage* (Medicare Part C) plan but do not follow the rules of that plan. Please see *How Are Benefits Paid When You Are Medicare Eligible?* in *Section 8: General Legal Provisions* for more information about how Medicare may affect your Benefits.

Who is Eligible for Coverage?

All Members must meet all eligibility requirements established by the Employer Group and UnitedHealthcare. UnitedHealthcare's eligibility requirements are:

- Have a Primary Residence within California;
- Have a Primary Residence or Primary Workplace within the Health Plan's Service Area;
- Choose a PCP within 30 miles of his or her Primary Residence or Primary Workplace (except children enrolled as a result of a qualified medical child support order);
- Meet any other eligibility requirements established by the Employer Group, such as exhaustion of a waiting period before an employee can enroll in UnitedHealthcare. Employers will also establish the "Limiting Age," the age limit for providing coverage to children.

Eligible Family Members must enroll in UnitedHealthcare at the same time as the Subscriber or risk not being eligible to enroll until the employer's next Open Enrollment Period, as explained below. Circumstances which allow for enrollment outside the Open Enrollment Period are also explained below. All applicants for coverage must complete and submit to UnitedHealthcare all applications, medical review questionnaires or other forms or statements that UnitedHealthcare may reasonably request.

Enrollment is the completion of a UnitedHealthcare enrollment form (or a nonstandard enrollment form approved by UnitedHealthcare) by the Subscriber on his or her own behalf or on the behalf of any eligible Family Member. Enrollment is conditional upon acceptance by UnitedHealthcare, the existence of a valid Employer Group Agreement, and the timely payment of applicable Health Plan Premiums. UnitedHealthcare may in its discretion and subject to specific protocols accept enrollment data through an electronic submission.

Effective Date of Coverage for New Subscribers and Family Members to Be Added Outside Open Enrollment

Coverage for a newly enrolled Subscriber and his or her eligible Family Members begins on the date agreed to by the Employer Group or under the terms of the signed Group Agreement provided we receive the completed enrollment form and any required Health Plan Premium within 30 days of the date the Subscriber becomes eligible to enroll in the Health Plan.

The effective date of enrollment when adding Family Members outside of the initial or Open Enrollment Period is explained below. (**Please Note:** UnitedHealthcare enrolls applicants in the order that they become eligible and up to our capacity for accepting new Members.)

What is a Service Area?

UnitedHealthcare is licensed by the California Department of Managed Health Care to arrange for medical and Hospital Services in certain geographic areas of California. These service areas are defined by ZIP Codes. Please call our Customer Service department for information about UnitedHealthcare's Service Area.

Open Enrollment

Most Members enroll in UnitedHealthcare during the "Open Enrollment Period" established by the Employer Group. This is the period of time established by the employer when its Eligible Employees and their eligible Family Members may enroll in the employer's health benefits plan. An Open Enrollment Period usually occurs once a year, and enrollment is effective based on a date agreed upon by the employer and UnitedHealthcare.

Adding Family Members to Your Coverage

The Subscriber's Legal Spouse or Domestic Partner and eligible children may apply for coverage with UnitedHealthcare during the employer's Open Enrollment Period. If you are declining enrollment for yourself or your Dependents (including your Legal Spouse or Domestic Partner) because of other health plan insurance or group health plan coverage, you may be able to enroll yourself and your Dependents in UnitedHealthcare if you and your Dependents lose eligibility for that other coverage (or if the Employer Group stops contributing toward your or your Dependents' other coverage). However, you must request enrollment within 30 days after your or your Dependents' other coverage ends (or after the Employer Group stops contributing toward your or your Dependents' other coverage). In addition, if you have a new Dependent as a result of marriage, birth, adoption or placement for adoption, you may be able to enroll yourself and your Dependents. However, you must request enrollment within 30 days after the marriage, birth, adoption or placement for adoption. (Guardianship is not a qualifying event for other Family Members to enroll). Under the following circumstances, new Family Members may be added outside the Open Enrollment Period. To obtain more information, contact our Customer Service department.

1. **Getting Married.** When a new Legal Spouse or child becomes an eligible Family Member as a result of marriage, coverage begins on the date of the marriage if we receive a completed application to enroll a Legal Spouse or child eligible as a result of marriage within 30 days of the marriage.
2. **Domestic Partnership.** When a new Domestic partner or Domestic Partner's child becomes an eligible Family Member as a result of a domestic partnership, coverage begins on the date of the domestic partnership. An application to enroll a Domestic Partner or child eligible as a result of a domestic partnership must be made within 30 days of the domestic partnership.
3. **Having a Baby.** Newborns are covered from the moment of birth for the first 60 days of life. In order for coverage to continue beyond the first 60 days of life, an application or Change Request Form must be submitted to UnitedHealthcare within 60 days to add the newborn child. If you do not enroll the newborn child during the special enrollment period, the newborn is covered for only 60 days (including the date of birth).

Questions about your benefits? Call our Customer Service Department at 1-877-359-3714 or 711 (TTY)

4. **Adoption or Placement for Adoption.** Subscriber may enroll an adopted child if Subscriber obtains an adoptive placement from a recognized county or private agency, or if the child was adopted as documented by a health Facility minor release form, a medical authorization form or a relinquishment form, granting Subscriber, Subscriber's Legal Spouse or Domestic Partner the right to control the health care for the adoptive child. or absent such a document, on the date there exists evidence of the Subscriber's Legal Spouse's or Domestic Partner's right to control the health care of the child placed for adoption. For adopted children, coverage is effective on the date of adoption or placement for adoption. An application must be received within 30 days of the adoption placement.
5. **Guardianship.** To enroll a Dependent child for whom the Subscriber, Subscriber's Legal Spouse or Domestic Partner has assumed legal guardianship, the Subscriber must submit a Change Request Form to UnitedHealthcare along with a certified copy of a court order granting guardianship within 30 days of when the Subscriber, Subscriber's Legal Spouse or Domestic Partner assumed legal guardianship. Coverage will be retroactively effective to the date the Subscriber assumed legal guardianship.

Qualified Medical Child Support Order

A Member (or a person otherwise eligible to enroll in UnitedHealthcare) may enroll a child who is eligible to enroll in UnitedHealthcare upon presentation of a request by a District Attorney, State Department of Health Services or a court order to provide medical support for such a Dependent child without regard to any enrollment period restrictions.

A person having legal custody of a child or a custodial parent who is not a UnitedHealthcare Member may ask about obtaining Dependent coverage as required by a court or administrative order, including a Qualified Medical Child Support Order, by calling UnitedHealthcare's Customer Service department. A copy of the court or administrative order must be included with the enrollment application. Information including, but not limited to, the Health Plan ID card, *Combined Evidence of Coverage and Disclosure Form* or other available information, including notice of termination, will be provided to the custodial parent, caretaker and/or District Attorney. Coverage will begin on the date of the court or administrative order provided we receive the completed enrollment form with the court or administrative order attached and any required Health Plan Premium.

Except for Emergency and Urgently Needed Services, to receive coverage, all care must be provided or arranged in the UnitedHealthcare Service Area by the designated Network Medical Group, as selected by the custodial parent or person having legal custody.

Continuing Coverage for Disabled Dependents

Certain Dependents who would otherwise lose coverage under the Health Plan due to their attainment of the Limiting Age established by the Employer Group may extend their coverage under the following circumstances:

A Dependent residing outside of the Service Area must maintain a permanent address inside the Service Area and must select a Network Medical Group within 30 miles of that address. All health care coverage must be provided or arranged for in the Service Area by the designated Network Medical Group, except for Emergency and Urgently Needed Services. A Dependent does not include anyone who is also enrolled as a Subscriber. No one can be a Dependent of more than one Subscriber.

Continuing Coverage for Certain Disabled Dependents

Unmarried enrolled Dependents who attain the Limiting Age may continue enrollment in the Health Plan beyond the Limiting Age if the unmarried Dependent meets all of the following:

1. The unmarried Dependent is incapable of self-sustaining employment by reason of a physically or mentally disabling injury, illness or condition; and
2. The unmarried Dependent is chiefly Dependent upon the Subscriber for support and maintenance.

Questions about your benefits? Call our Customer Service Department at 1-877-359-3714 or 711 (TTY)

At least 90 days prior to a disabled Dependent reaching the Limiting Age, UnitedHealthcare will send notice to you, the Subscriber, that coverage for the disabled Dependent will terminate at the end of the Limiting Age unless proof of such incapacity and dependency is provided to UnitedHealthcare by the Member within 60 days of receipt of notice. UnitedHealthcare shall determine if the disabled Dependent meets the conditions above prior to the disabled Dependent reaching the Limiting Age. Otherwise, coverage will continue until UnitedHealthcare makes a determination.

UnitedHealthcare may require ongoing proof of a Dependent's incapacity and dependency, but not more frequently than annually after the two-year period following the Dependent's attainment of the Limiting Age. This proof may include supporting documentation from a state or federal agency or a written statement by a licensed psychologist, psychiatrist or other Physician to the effect that such disabled Dependent is incapable of self-sustaining employment by reason of physical or mental disabling injury, illness or condition.

If you are enrolling a disabled child for new coverage, UnitedHealthcare may request initial proof of incapacity and dependency of the child, and then yearly, to ensure that the child continues to meet the conditions above. You, as the Subscriber, must provide UnitedHealthcare with the requested information within 60 days of receipt of the request. The child must have been covered as a dependent of the Subscriber or Legal Spouse under a previous health plan at the time the child reached the age limit.

Late Enrollment

In addition to a special enrollment period due to the addition of a new Legal Spouse, Domestic Partner or child, there are certain circumstances when employees and their eligible Family Members may enroll outside of the employer's Open Enrollment Period. These circumstances include:

1. The eligible employee (on his or her own behalf, or on behalf of any eligible Family Members) declined in writing to enroll in UnitedHealthcare when they were first eligible because they had other health care coverage; and
2. UnitedHealthcare cannot produce a written statement from the Employer Group or eligible employee stating that prior to declining coverage, the eligible employee (on his or her own behalf, or on behalf of any eligible Family Members) was provided with, and signed, acknowledgment of, an explicit written notice in boldface type specifying that failure to elect coverage with UnitedHealthcare during the initial enrollment period permits the Company to impose, beginning on the date the eligible employee (on his or her behalf, or on behalf of any eligible Dependents) elects coverage under the Health Plan, an exclusion of coverage under the Health Plan for a period of 12 months unless the eligible employee or Family Member can demonstrate that he or she meets the requirements for late enrollment.
3. The other health care coverage is no longer available due to:
 - a. The employee or eligible Family Member has exhausted COBRA continuation coverage under another group Health Plan; or
 - b. The termination of employment or reduction in work hours of a person through whom the employee or eligible Family Member was covered; or
 - c. The termination of the other Health Plan coverage; or
 - d. The cessation of an employer's contribution toward the employee or eligible Family Member coverage; or
 - e. The death, divorce or legal separation of a person through whom the employee or eligible Family Member was covered;
 - f. The loss of coverage under the Healthy Families Program as a result of exceeding the program's income or age limits, or loss of no share-of-cost Medi-Cal coverage; or

Questions about your benefits? Call our Customer Service Department at 1-877-359-3714 or 711 (TTY)

- g. The employee or eligible Family Member incurs a claim that would exceed a lifetime limit on all benefits; or,
 - h. The employee or eligible Family Member previously declined coverage under the Health Plan, but the employee or eligible Family Member becomes eligible for a premium assistance subsidy under Medicaid or Children's Health Insurance Program (CHIP), or the AIM Program. Coverage will begin only if we receive the completed enrollment application and any required Health Plan Premiums within 60 days of the date of the determination of subsidy eligibility; or
 - i. The employee or eligible Family Member loses eligibility under Medicare or Children's Health Insurance Program (CHIP), the AIM Program, or the Medi-Cal program. Coverage will begin only if we receive the completed enrollment application and any required Health Plan Premiums within 60 days of the date coverage ended.
4. The Court has ordered health care coverage be provided for your Legal Spouse or minor child.

If the employee or an eligible Family Member meets these conditions, the employee must request enrollment with UnitedHealthcare no later than 30 days following the termination of the other Health Plan coverage.

UnitedHealthcare may require proof of loss of the other coverage, except for Dependent child special enrollment period. Enrollment will be effective on the date agreed to by the Employer Group under the terms of the signed Group Agreement or the first day of the month following receipt by UnitedHealthcare of a completed request for enrollment. This paragraph does not apply to the Dependent Child Special Enrollment Period.

Notifying You of Changes in Your Plan

Amendments, modifications or termination of the Group Agreement by either the Employer Group or UnitedHealthcare do not require the consent of a Member. UnitedHealthcare may amend or modify the Health Plan, including the applicable Premiums, at any time after sending written notice to the Employer Group 60 days prior to the effective date of any amendment or modification. Your Employer Group may also change your Health Plan benefits during the contract year. In accordance with UnitedHealthcare's Group Agreement, the Employer Group is obliged to notify employees who are UnitedHealthcare Members of any such amendment or modification.

Updating Your Enrollment Information

Please notify your employer and UnitedHealthcare of any changes to the information you provided on the enrollment application within 31 days of the change. This includes changes to your name, address, telephone number, marital status or the status of any enrolled Family Members. For reporting changes in marital and/or Dependent status, please see "Adding Family Members to Your Coverage." If you wish to change your PCP or Network Medical Group, you may contact UnitedHealthcare's Customer Service department at 1-877-359-3714 or 711 (TTY).

Renewal and Reinstatement (Renewal Provisions)

Your Employer Group's Group Agreement with UnitedHealthcare renews automatically, on a yearly basis, subject to all terms of the Group Agreement. UnitedHealthcare or your Employer Group may change your Health Plan benefits and Premium at renewal. If the Group Agreement is terminated by UnitedHealthcare, reinstatement is subject to all terms and conditions of the Group Agreement. In accordance with UnitedHealthcare's Group Subscriber Agreement, the Employer Group is required to notify employees who are UnitedHealthcare Members of any such amendment or modification.

About Your UnitedHealthcare Health Plan Identification (ID) Card

Your UnitedHealthcare Health Plan ID card is important for identifying you as a Member of UnitedHealthcare. Possession of this card does not entitle a Member to services or benefits under this Health Plan. A Member should show this card each time he or she visits a PCP or upon referral, any other Network Provider.

Important Note: Any person using this card to receive benefits or services for which he or she is not entitled will be charged for such benefits or services. If any Member permits the use of his or her identification card by any other person, UnitedHealthcare may immediately terminate that Member's membership.

Termination of Benefits

Usually, your enrollment in UnitedHealthcare terminates when the Subscriber or enrolled Family Member is no longer eligible for coverage under the employer's health benefits plan. In most instances, your Employer Group determines the date in which coverage will terminate. Coverage can be terminated, however, because of other circumstances as well, which are described below.

Continuing coverage under this Health Plan is subject to the terms and conditions of the employer's Group Agreement with UnitedHealthcare.

When the Group Agreement between the Employer Group and UnitedHealthcare is terminated, all Members covered under the Group Agreement become ineligible for coverage on the date of termination. If the Group Agreement is terminated by UnitedHealthcare for nonpayment of Premiums, coverage for all Members covered under the Group Agreement will be terminated at the end of the 30-day grace period. The grace period begins after the last day of paid coverage. UnitedHealthcare will continue to provide coverage during the grace period. According to the terms of the Group Agreement, the Employer Group is responsible for notifying you if and when the Group Agreement is terminated, except in the event the Group Agreement is terminated for the nonpayment of Health Plan Premiums. In that circumstance, UnitedHealthcare will notify you directly of such termination.

Termination and Rescission of Coverage

UnitedHealthcare has the right to terminate your coverage under this Health Plan in the following situations:

For Nonpayment of Premiums. Your coverage may be terminated if the Employer Group failed to pay the required Premiums. UnitedHealthcare will mail your Employer a notice at least 30 days before any cancellation of coverage. This Prospective Notice of Cancellation will provide information to your employer regarding the consequences of your employer's failure to pay the Premiums due within 30 days of the date the notice was mailed.

If payment is not received from your employer within 30 days of the date the Prospective Notice of Cancellation is mailed, UnitedHealthcare will cancel the Group Contract and mail you a Notice Confirming Termination of Coverage, which will provide you with the following information:

- That the Group Contract has been cancelled for nonpayment of Premiums.
- The specific date and time when your Group coverage ended.
- The Plan telephone number you can call to obtain additional information, including whether your Employer obtained reinstatement of the Group Contract. This confirmation of reinstatement will be available on request 16 days after the date the Notice Confirming Termination of Coverage is mailed.
- An explanation of your options to purchase continuation coverage, including coverage effective as of the retroactive termination date so you can avoid a break in coverage, and the deadline by which you must elect to purchase such continuation coverage, which will be 63 days after the date the Plan mails you the Notice Confirming Termination of Coverage.

Questions about your benefits? Call our Customer Service Department at 1-877-359-3714 or 711 (TTY)

Reinstatement of the Contract after Cancellation due to Nonpayment of Premiums

If the Group Contract is cancelled for the group's nonpayment of Premiums, the Plan will permit reinstatement of the Group Contract once during any 12-month period if the group pays the amounts owed within 30 days of the date of the Notice Confirming Termination.

For Fraud or Intentional Misrepresentation of a Material Fact by Member. Your coverage may be rescinded if you intentionally misrepresent a material fact on your enrollment form or commit fraud which may include, but not be limited to, deception in use of services or facilities of UnitedHealthcare, its Network Medical Group or other health care Providers or intentionally allow another person to do the same or alter a prescription. Rescinding coverage means that the Group Agreement and Combined Evidence of Coverage and Disclosure Form are void and that no coverage existed at any time. UnitedHealthcare will send the Employer Group and you a written notice via certified mail at least 30 days prior to the effective date of rescission explaining the reasons for the intended rescission and information on how to file an appeal of the decision with the California Department of Managed Health Care.

For Fraud or Intentional Misrepresentation of a Material Fact by Employer Group. Your coverage may be terminated, if your Employer Group performed an act, practice or omission that constituted fraud or made an intentional misrepresentation of a fact that was material to the execution of the Group Agreement (including any omissions, misrepresentations, or inaccuracies in the application form) or to the provision of coverage under the Group Agreement. Also, UnitedHealthcare has the right to rescind the Group Agreement back to either: (1) the date of the Group Agreement; or (2) the date of the act, practice or omission, if later. Rescinding coverage means that the Group Agreement and *Combined Evidence of Coverage and Disclosure Form* are void and that no coverage existed at any time. UnitedHealthcare will send the Employer Group and the Subscriber a written notice via certified mail at least 30 days prior to the effective date of rescission explaining the reasons for the intended rescission and information on how to file an appeal of the decision with the California Department of Managed Health Care.

For Violation of Employer Group's Contribution or Group Participation Requirements. Your coverage may be terminated if your Employer Group fails to meet the Group Contribution or Group Participation requirements as described in the Group Agreement.

For Discontinuance of this Health Plan. Your coverage may be terminated if UnitedHealthcare decides to cease offering the Health Plan described in this *Combined Evidence of Coverage and Disclosure Form* upon 90 days written notice to the Director of the Department of Managed Health Care, the Employer Group and all Members covered under this Health Plan. If this Health Plan is discontinued, UnitedHealthcare will make all other health plans offered to new group business available to your Employer Group.

For Discontinuance of All New and Existing Health Plans. Your coverage may be terminated if UnitedHealthcare decides to cease offering existing or new health plans in the group market in the State of California upon 180 days written notice to the Director of the Department of Managed Health Care, the Employer Group and all Members covered under this Health Plan.

If you believe your policy or coverage has been or will be wrongly canceled, rescinded or not renewed, please refer to "**Grievances Involving the Cancellation, Rescission or Non-Renewal of Health Plan**" in **Section 8. Overseeing Your Health Care Decisions** to learn how to request a review by the Department of Managed Care (DMHC) Director.

Other Reasons for Termination of Coverage Related to Loss of Eligibility

In addition to terminating the Group Agreement, UnitedHealthcare may terminate a Member's coverage for any of the following reasons related to loss of eligibility:

- The Member no longer meets the eligibility requirements established by the Group Employer and/or UnitedHealthcare.

Questions about your benefits? Call our Customer Service Department at 1-877-359-3714 or 711 (TTY)

- The Member no longer meets the eligibility requirements under the Health Plan because the Member establishes his or her Primary Residence outside the State of California.
- The Member no longer meets the eligibility requirements under the Health Plan because the Member establishes his or her Primary Residence outside the UnitedHealthcare Service Area and does not work inside the UnitedHealthcare Service Area (except for a child subject to a qualified child medical support order, for more information refer to “Qualified Medical Child Support Order” in this section).

Under no circumstances will a Member be terminated due to health status or the need for health care services. If a Member is Totally Disabled when the group’s coverage ends, coverage for the Totally Disabling condition may be extended (please refer below to “Total Disability”). Any Member who believes his or her enrollment has been terminated due to the Member’s health status or requirements for health care services may request a review of the termination by the California Department of Managed Health Care. For more information, contact our Customer Service department.

Note: If a Group Agreement is terminated by UnitedHealthcare, reinstatement with UnitedHealthcare is subject to all terms and conditions of the Group Agreement between UnitedHealthcare and the employer.

Ending Coverage – Special Circumstances for Enrolled Family Members

Enrolled Family Members terminate on the same date of termination as the Subscriber. If there is a divorce, the Legal Spouse loses eligibility at the end of the month in which a final judgment or decree of dissolution of marriage is entered. Dependent children lose their eligibility if they reach the Limiting Age established by the employer and do not qualify for extended coverage as a Dependent or as a disabled Dependent. Please refer to the section “Continuing Coverage for Certain Disabled Dependents.” It may also end when a Dependent child reaches the Limiting Age. Please refer to “Extending Your Coverage” for additional coverage which may be available to you.

Total Disability

If the Group Agreement providing the Subscriber coverage is terminated, and the Subscriber or any enrolled Family Members are Totally Disabled on the date the Group Agreement is terminated, federal law may require the group’s succeeding carrier to provide coverage for the treatment of the condition causing Total Disability. However, in the event that the Subscriber’s group does not contract with a succeeding carrier for health coverage, or in the event that federal law would allow a succeeding carrier to exclude coverage of the condition causing the Total Disability for a period of time, UnitedHealthcare will continue to provide benefits to the Subscriber or any enrolled Family Member for Covered Health Care Services directly relating to the condition causing Total Disability existing at the time of termination, for a period of up to 12 successive months after the termination. The extension of benefits may be terminated by UnitedHealthcare at such time the Member is no longer Totally Disabled, or at such time as a succeeding carrier is required by law to provide replacement coverage to the Totally Disabled Member without limitation as to the disabling condition.

Coverage Options Following Termination (Individual Continuation of Benefits)

If your coverage through this *Combined Evidence of Coverage and Disclosure Form* ends, you and your enrolled Family Members may be eligible for additional continuation coverage.

Federal COBRA Continuation Coverage

If the Subscriber’s Employer Group is subject to the Consolidated Omnibus Budget Reconciliation Act of 1985, as amended (COBRA), you may be entitled to temporarily extend your coverage under the Health Plan at group rates, plus an administration fee, in certain instances where your coverage under the Health Plan would otherwise end. This discussion is intended to inform you, in a summary fashion, of your rights and obligations under COBRA. However, your Employer Group is legally responsible for informing you of your specific rights under COBRA. Therefore, please consult with your Employer Group regarding the availability and duration of COBRA continuation coverage.

What is COBRA Continuation Coverage?

COBRA continuation coverage is a continuation of group health plan coverage when coverage would otherwise end because of a life event known as a “qualifying event.” After a qualifying event, COBRA continuation coverage must be offered to each person who is a “qualified beneficiary.” You, your Legal Spouse and your Dependent children could become qualified beneficiaries if coverage under the group health plan is lost because of the qualifying event. Qualified beneficiaries who elect COBRA continuation coverage may be required to pay for COBRA continuation coverage. Please consult with your Employer Group regarding any applicable Premiums.

If you are a Subscriber covered by this Health Plan, you have a right to choose COBRA continuation coverage if you lose your group health coverage because either of the following qualifying events happens:

Your hours of employment are reduced to less

than the number of hours required for eligibility, or

Your employment ends for any reason other than gross misconduct on your part.

If you are the Legal Spouse of a Subscriber covered by this Health Plan, you have the right to choose COBRA continuation coverage for yourself if you lose group health coverage under this Health Plan because any of the following qualifying events happens:

1. Your Legal Spouse dies;
2. Your Legal Spouse’s hours of employment are reduced to less than the number of hours required for eligibility;
3. Your Legal Spouse’s employment ends (for reasons other than his or her gross misconduct);
4. Your Legal Spouse becomes entitled to Medicare benefits (under Part A, Part B, or both); or
5. You become divorced or legally separated from your Legal Spouse.

In the case of a Dependent child of a Subscriber enrolled in this Health Plan, he or she has the right to continuation coverage if group health coverage under this Health Plan is lost because any of the following qualifying events happens:

1. The Subscriber dies;
2. The Subscriber’s hours of employment are reduced to less than the number of hours required for eligibility;
3. Subscriber’s employment ends (for reasons other than his or her gross misconduct);
4. The Subscriber becomes entitled to Medicare benefits (Part A, Part B, or both);
5. The Subscriber becomes divorced or legally separated; or
6. The Dependent child ceases to be a Dependent eligible for coverage under this Health Plan.

When is COBRA coverage available?

Your Employer Group (or, if applicable, its COBRA administrator) will offer COBRA continuation coverage to qualified beneficiaries only after they have been notified that a qualifying event has occurred. When the qualifying event is the end of employment or reduction of hours of employment, death of the Subscriber, or the Subscriber becoming entitled to Medicare benefits (under Part A, Part B, or both), your Employer Group must notify its COBRA administrator of the qualifying event. (Similar rights may apply to certain retirees, Legal Spouse and Dependent children if your Employer Group commences a bankruptcy proceeding and these individuals lose coverage.)

Questions about your benefits? Call our Customer Service Department at 1-877-359-3714 or 711 (TTY)

You Must Give Notice of Some Qualifying Events

For the other qualifying events (divorce or legal separation of the Subscriber or a Dependent child losing eligibility for coverage as a Dependent child under the Health Plan), the Subscriber or enrolled Family Member has the responsibility to inform the Employer Group (or, if applicable, its COBRA administrator) within 60 days after the qualifying event occurs. Please consult your Employer Group regarding its plan procedures for providing notice of qualifying events.

How is COBRA coverage provided?

Once your Employer Group (or, if applicable, its COBRA administrator) receives notice that a qualifying event has occurred, COBRA continuation coverage will be offered by the Employer Group (or its COBRA administrator) to each of the qualified beneficiaries. Under federal law, you must be given at least 60 days to elect COBRA continuation coverage. The 60-day election period is measured from the later of:

- The date coverage ends due to a qualifying event; or
- The date you receive the election notice provided by your Employer Group (or its COBRA administrator).

Each qualified beneficiary will have an independent right to elect COBRA continuation coverage. Subscribers covered by this Health Plan may elect COBRA continuation coverage on behalf of their Legal Spouse and parents or legal guardians may elect COBRA continuation coverage on behalf of Dependent children. **If you do not choose COBRA continuation coverage on a timely basis, your group health insurance coverage under this Health Plan will end.**

COBRA continuation coverage is a temporary continuation of coverage. When the qualifying event is the death of the Subscriber, the Subscriber becoming entitled to Medicare benefits (under Part A, Part B, or both), the Subscriber's divorce or legal separation, or a Dependent child losing eligibility as a Dependent child under this Health Plan, COBRA continuation coverage lasts for up to a total of 36 months. When the qualifying event is the end of employment or reduction of the Subscriber's hours of employment, and the Subscriber became entitled to Medicare benefits less than 18 months before the qualifying event, COBRA continuation coverage for qualified beneficiaries other than the Subscriber lasts until 36 months after the date of Medicare entitlement. For example, if a Subscriber becomes entitled to Medicare eight months before the date on which his employment terminates, COBRA continuation coverage for his Legal Spouse and Dependent children can last up to 36 months after the date of Medicare entitlement, which is equal to 28 months after the date of the qualifying event (36 months minus eight months). Otherwise, when the qualifying event is the end of employment or reduction of the Subscriber's hours of employment, COBRA continuation coverage generally lasts for only up to a total of 18 months. There are two ways in which this 18-month period of COBRA continuation coverage can be extended.

Disability Extension of 18-Month Period of Continuation Coverage

If you or any of your Family Members covered under this Health Plan is determined by the Social Security Administration to be disabled and you notify your Employer Group (or, if applicable, its COBRA administrator) in a timely fashion, you and your entire Family Members may be entitled to receive up to an additional 11 months of COBRA continuation coverage, for a total maximum of 29 months. The disability would have to have started at some time before the 60th day of COBRA continuation coverage and must last at least until the end of the 18-month period of continuation coverage. Please consult your Employer Group regarding their plan procedures for providing notice of disability.

Second Qualifying Event Extension of 18-Month Period of Continuation Coverage

If a Family Member experiences another qualifying event while receiving 18 months of COBRA continuation coverage, the Legal Spouse and Dependent children in your family can get up to 18 additional months of COBRA continuation coverage, for a maximum of 36 months, if notice of the second qualifying event is properly given to your Employer Group (or, if applicable, COBRA administrator). This extension may be available to the Legal

Spouse and any Dependent children receiving continuation coverage if the Subscriber dies, becomes entitled to Medicare benefits (under Part A, Part B, or both), or gets divorced or legally separated, or if the Dependent child stops being eligible under this Health Plan as a Dependent child, but only if the event would have caused the Legal Spouse or Dependent child to lose coverage under this Health Plan had the first qualifying event not occurred.

Please contact your Employer Group (or, if applicable, its COBRA administrator) for more information regarding the applicable length of COBRA continuation coverage available.

COBRA May Terminate Before Maximum Coverage Period Ends

Under COBRA, the continuation coverage may terminate before the maximum coverage period if any of the following events occur:

1. Your Employer Group no longer provides group health coverage to any of its employees;
2. The premium for continuation coverage is not paid on time;
3. The qualified beneficiary becomes covered after the date he or she elects COBRA continuation coverage under another group health plan that does not contain any exclusion or limitation with respect to any pre-existing condition he or she may have;
4. The qualified beneficiary becomes entitled to Medicare after the date he or she elects COBRA continuation coverage; or
5. The qualified beneficiary extends coverage for up to 29 months due to disability and there has been a final determination that the individual is no longer disabled.

COBRA Premium

Under the law, you may have to pay the entire premium for your continuation coverage. Premium for COBRA continuation coverage is generally 102 percent of the applicable Health Plan Premium. You are responsible for the timely submission of the COBRA premium to the Employer Group or COBRA administrator. Your Employer Group or COBRA administrator is responsible for the timely submission of Premium to UnitedHealthcare.

If You Have Questions About COBRA

If you have any questions about your COBRA continuation coverage rights, please contact your Employer Group.

1401 Extended Continuation Coverage After COBRA

In the event your COBRA coverage began on or after January 1, 2003, and you have used all of your COBRA benefits as described above, you may be eligible to continue benefits under California Continuation Coverage at 110 percent of the Premium charged for similarly situated eligible employees currently working at your former employment. A notice will be provided to you by UnitedHealthcare at the time your COBRA benefits will run out, allowing up to 18 more months under California Continuation COBRA. However, your California Continuation COBRA benefits will not exceed a combined total of 36 months from the date COBRA coverage began.

Example: As a result of termination from your former employer (for reasons other than gross misconduct), you applied for and received 18 continuous months of group Health Plan benefits under your federal COBRA benefits. California Continuation COBRA may extend your benefits another 18 consecutive months. Your combined total of benefits between COBRA and California Continuation COBRA is 36 months.

1401 Extended Continuation Coverage Enrollment and Premium Information After COBRA

You must notify UnitedHealthcare within 60 days from the date your COBRA coverage terminated or will terminate because of your qualifying event if you wish to elect this continuation coverage, or within 60 days from the date you received notice from UnitedHealthcare. If you fail to notify UnitedHealthcare within 60 days of the date of your qualifying event, you will lose your rights to elect and enroll on California Continuation Coverage

Questions about your benefits? Call our Customer Service Department at 1-877-359-3714 or 711 (TTY)

after COBRA. The 60-day period will be counted from the event which occurred last. Your request must be in writing and delivered to UnitedHealthcare by first-class mail, or other reliable means of delivery, including personal delivery, express mail or private courier company. Upon receipt of your written request, an enrollment package to elect coverage will be mailed to you by UnitedHealthcare. You must pay your initial Premiums to UnitedHealthcare within 45 days from the date UnitedHealthcare mails your enrollment package after you notified UnitedHealthcare of your intent to enroll. Your first Premium must equal the full amount billed by UnitedHealthcare. Your failure to submit the correct Premium amount billed to you within the 45-day period, which includes checks returned to UnitedHealthcare by your financial institution for non-sufficient funds (NSF), will disqualify you from this available coverage and you will not be allowed to enroll.

Note: In the event you had a prior qualifying event and you became entitled to enroll on COBRA coverage prior to January 1, 2003, you are not eligible for an extension of these benefits under California Continuation COBRA, even if you enroll in UnitedHealthcare on or after January 1, 2003. Your qualifying event is the first day in which you were initially no longer eligible for your group Health Plan coverage from your former employer, regardless of who your prior insurance carrier may have been at that time.

Termination of 1401 Extended Continuation Coverage After COBRA

Your coverage under California Continuation Coverage will terminate when:

1. You have received 36 months of continuation coverage after your qualifying event date; or
2. If you cease or fail to make timely Premiums; or
3. Your former employer or any successor employer ceases to provide any group benefit plan to his or her employees; or
4. You no longer meet eligibility for UnitedHealthcare coverage, such as moving outside the UnitedHealthcare Service Area; or
5. The contract for health care services between your employer and UnitedHealthcare is terminated; or
6. You become entitled for Medicare. **Note:** If you were eligible for the 29-month extension as a result of disability and you are later determined by the Social Security Administration to no longer be disabled, your benefits will terminate the later of 36 months after your qualifying event or the first of the month following 31 days from date of the final Social Security Administration determination, but only if you send the Social Security Administration notice to UnitedHealthcare within 30 days of the determination.
7. If you were covered under a prior carrier and your former employer replaces your prior coverage with UnitedHealthcare coverage, you may continue the remaining balance of your unused coverage with UnitedHealthcare, but only if you enroll with and pay Premiums to UnitedHealthcare within 30 days of receiving notice of your termination from the prior group Health Plan.

If the contract between your former employer and UnitedHealthcare terminates prior to the date your continuation coverage would terminate under California Continuation COBRA, you may elect continuation coverage under your former employer's new benefit plan for the remainder of the time period you would have been covered under the prior group benefit plan.

Uniformed Services Employment and Reemployment Rights Act (USERRA)

Continuation coverage under this Health Plan may be available to you through your employer under the Uniform Services Employment and Reemployment Rights Act of 1994, as amended (USERRA). The continuation coverage is equal to, and subject to the same limitations as, the benefits provided to other Members regularly enrolled in this Health Plan. These benefits may be available to you if you are absent from employment by reason of service in the United States uniformed services, up to the maximum 24-month period if you meet the USERRA requirements. USERRA benefits run concurrently with any benefits that may be available through COBRA. Your employer will provide written notice to you for USERRA continuation coverage.

Questions about your benefits? Call our Customer Service Department at 1-877-359-3714 or 711 (TTY)

If you are called to active military duty and are stationed outside of the Service Area, you or your eligible Dependents must still maintain a permanent address inside the Service Area and must select a Network Medical Group within 30 miles of that address. To obtain coverage, all care must be provided or arranged in the Service Area by the designated Network Medical Group, except for Emergency and Urgently Needed Services.

The Health Plan Premium for USERRA Continuation of benefits is the same as the Health Plan Premium for other UnitedHealthcare Members enrolled through your employer plus a two percent additional surcharge or administrative fee, not to exceed 102 percent of your employer's active group Premium. Your employer is responsible for billing and collecting Health Plan Premiums from you or your Dependents and will forward your Health Plan Premiums to UnitedHealthcare along with your employer's Health Plan Premiums otherwise due under this Agreement. Additionally, your employer is responsible for maintaining accurate records regarding USERRA continuation Member Health Plan Premium, qualifying events, terminating events and any other information that may be necessary for UnitedHealthcare to administer this continuation benefit.

California Military Families Financial Relief Act

Members of the United States Military Reserve and National Guard who terminate coverage as a result of being ordered to active duty on or after January 1, 2007, may have their coverage reinstated without waiting periods or exclusion of coverage for preexisting conditions. Please contact Member Service for information on how to apply for reinstatement of coverage following active duty as a reservist.

SECTION 8. OVERSEEING YOUR HEALTH CARE DECISIONS

- **How UnitedHealthcare Makes Important Decisions**
- **What to Do if You Have a Problem**
- **Filing a Grievance**
- **Appeals and Grievances**
- **Independent Medical Reviews**

This section explains how UnitedHealthcare authorizes or makes changes to your health care services, how we evaluate new health care technologies and how we reach decisions about your coverage.

You will also find out what to do if you are having a problem with your health care plan, including how to appeal a health care decision by UnitedHealthcare or one of our Network Providers. You will learn the process that's available for filing a formal Grievance, as well as how to request an expedited decision when your condition requires a quicker review.

How UnitedHealthcare Makes Important Health Care Decisions

Authorization, Modification and Denial of Health Care Services

Medical Necessity reviews may be conducted by UnitedHealthcare, or in many situations, by a Network Medical Group. Processes are used to review, approve, modify or deny, based on Medical Necessity, requests by Providers for authorization of the provision of health care services to Members.

Medical Necessity refers to an intervention as defined in **Section 10: Definitions**. A service or item will be covered under the UnitedHealthcare Health Plan if it is an intervention that is an otherwise covered category of service or item, not specifically excluded, and Medically Necessary. An intervention may be medically indicated yet not be a covered benefit or meet the definition of Medical Necessity.

The reviewer may also use criteria or guidelines to determine whether to approve, modify or deny, based on Medical Necessity, requests by Providers of health care services for Members. The criteria used to modify or deny requested health care services in specific cases will be provided free of charge to the Provider, the Member and the public upon request.

Decisions to deny or modify requests for authorization of health care services for a Member, based on Medical Necessity, are made only by licensed Physicians or other appropriately licensed health care professionals.

The reviewer makes these decisions within at least the following time frame required by state law:

- Decisions to approve, modify or deny requests for authorization of health care services, based on Medical Necessity, will be made in a timely fashion appropriate for the nature of the Member's condition, not to exceed five business days from UnitedHealthcare's, or in many situations, the Network Medical Group's receipt of the information reasonably necessary and requested to make the decision.
- If the Member's condition poses an imminent and serious threat to their health, including, but not limited to, potential loss of life, limb or other major bodily function, or if lack of timeliness would be detrimental in regaining maximum function or to the Member's life or health, the decision will be rendered in a timely fashion appropriate for the nature of the Member's condition, but not later than 72 hours after UnitedHealthcare's or in many situations, the Network Medical Group's receipt of the information reasonably necessary and requested by the reviewer to make the determination (an Urgent Request).

If the decision cannot be made within these time frames because (i) UnitedHealthcare, or in many situations the Network Medical Group is not in receipt of all of the information reasonably necessary and requested or (ii) consultation by an expert reviewer is required, or (iii) the reviewer has asked that an additional examination or test

Questions about your benefits? Call our Customer Service Department at 1-877-359-3714 or 711 (TTY)

be performed upon the Member, provided the examination or test is reasonable and consistent with good medical practice, the reviewer will notify the Provider and the Member, in writing, upon the earlier of the expiration of the required time frame above or as soon as UnitedHealthcare or the Network Medical Group becomes aware that they will not be able to meet the required time frame.

The notification will specify the information requested but not received or the additional examinations or tests required, and the anticipated date on which a decision may be rendered following receipt of all reasonably necessary requested information. Upon receipt of all information reasonably necessary and requested by UnitedHealthcare, or in many situations the Network Medical Group, the reviewer shall approve, modify or deny the request for authorization within the time frame specified above as applicable.

The reviewer will notify requesting Providers of decisions to approve, modify or deny requests for authorization of health care services for Members within 24 hours of the decision. Members are notified of decisions to deny, delay or modify requested health care services, in writing, within two business days of the decision. The written decision will include the specific reason(s) for the decision, the clinical reason(s) for modifications or denials based on a lack of Medical Necessity, or reference to the benefit provision on which the denial decision was based, and information about how to file an appeal of the decision with UnitedHealthcare. In addition, the internal criteria or benefit interpretation policy, if any, relied upon in making this decision will be made available upon request by the Member.

UnitedHealthcare's Utilization Management Policy

UnitedHealthcare distributes its policy on financial incentives to all its Network Providers, Members and employees. UnitedHealthcare also requires that Network Providers and staff who make utilization decisions, and those who supervise them, sign a document acknowledging receipt of this policy. The policy affirms that a utilization management decision is based solely on the appropriateness of a given treatment and service, as well as the existence of coverage. UnitedHealthcare does not specifically reward Network Providers or other individuals conducting utilization review for issuing denials of coverage. Financial incentives for Utilization Management decision-makers do not encourage decisions that result in either the denial or modification of Medically Necessary Covered Health Care Services.

Medical Management Guidelines

The Medical Management Guidelines Committee (MMGC), consisting of UnitedHealthcare Medical Directors, provides a forum for the development, review and adoption of medical management guidelines to support consistent, appropriate medical care determinations. The MMGC develops guidelines using evidence-based medical literature and publications related to medical treatment or service. The Medical Management Guidelines contain practice and utilization criteria for use when making coverage and medical care decisions prior to, subsequent to or concurrent with the provisions of health care services.

Technology Assessment

UnitedHealthcare regularly reviews new procedures, devices, and drugs to determine whether or not they are safe and efficacious for our Members. New procedures and technology that are safe and efficacious are eligible to become Covered Health Care Services. If the technology becomes a Covered Service it will be subject to all other terms and conditions of the plan, including Medical Necessity and any applicable Member Co-payments, or other payment contributions.

In determining whether to cover a service, UnitedHealthcare uses proprietary technology guidelines to review new devices, procedures and drugs, including those related to behavioral health. When clinical necessity requires a rapid determination of the safety and efficacy of a new technology or new application of an existing technology for an individual Member, a UnitedHealthcare Medical Director makes a Medical Necessity determination based on individual Member medical documentation, review of published scientific evidence and when appropriate seeks relevant specialty or professional opinion from an individual who has expertise in the technology.

Questions about your benefits? Call our Customer Service Department at 1-877-359-3714 or 711 (TTY)

Utilization Criteria

When a Provider or Member requests Preauthorization of a procedure/service requiring Preauthorization, an appropriately qualified licensed health professional reviews the request. The qualified licensed health professional applies the applicable criteria, including, but not limited to:

- Nationally published guidelines for utilization management (Specific guideline information available upon request.
- HCIA-Sachs Length of Stay© Guidelines (average length of Hospital stays by medical or surgical diagnoses)
- UnitedHealthcare Medical Management Guidelines (MMG) and Benefit Interpretation Policies (BIP). (UnitedHealthcare's Medical Management Guideline Manual and Commercial HMO Benefit Interpretation Policy Manual are available at uhc.com/CalPERS.)

Those cases that meet the criteria for coverage and level of service are approved as requested. Those not meeting the utilization criteria are referred for review to a Network Medical Group's Medical Director or a UnitedHealthcare Medical Director.

Denial, delay or modification of health care services based on Medical Necessity must be made by an appropriately qualified licensed Physician or a qualified licensed health professional who is competent to evaluate the specific clinical issues involved in the health care services requested by the Provider.

Denials may be made for reasons other than Medical Necessity that include, but are not limited to, the fact that the patient is not a UnitedHealthcare Member or that the service being requested is not a benefit provided by the Member's plan.

Preauthorization determinations are made once UnitedHealthcare or Member's Network Medical Group Medical Director or designee receives all reasonably necessary medical information. UnitedHealthcare makes timely and appropriate initial determinations based on the nature of the Member's medical condition in compliance with state and federal requirements.

What to Do if You Have a Problem

Sometimes you may have an unexpected problem. When this happens, your first step should be to call our Customer Service department. We will assist you and attempt to find a solution to your situation.

If you have a concern about your treatment or a decision regarding your medical care, you may be able to request a second medical opinion. You can read more about requesting, as well as the requirements for obtaining a second opinion, in **Section 2. Seeing the Doctor or Other Providers and Timely Access to Care** .

If you feel that your problem is not resolved or that your situation requires additional action, you may also submit a Grievance requesting an Appeal or Quality Review. To learn more about this, read the following section: "Appealing a Health Care Decision or Requesting a Quality of Care Review."

Filing a Grievance

To begin a quality of care review or other type of grievance, or for other questions relating to filing a grievance, including but not limited to those involving discrimination, call our Customer Service department at 1-877-359-3714, or at uhc.com/CalPERS. A Customer Service representative will document your oral grievance. You may also file a grievance using the Online Grievance form at uhc.com/CalPERS or write to the Appeals Department at:

This request will begin the Grievance Review Process except in the case of “expedited reviews,” as discussed below. You may submit written comments, documents, records and any other information relating to your grievance regardless of whether this information was submitted or considered in the initial determination.

After receipt of your grievance:

- We will provide for a written acknowledgment within five calendar days of the receipt of your grievance. The acknowledgment shall provide you with the following information:
 - That the grievance has been received.
 - The date of receipt
 - The name of the Plan representative and the telephone number and email address of the Plan representative who may be contacted about the grievance.

You may obtain, upon request and free of charge, copies of all documents, records and other information relevant to your appeal. The appeal will be reviewed by an individual who is neither the individual who made the initial determination that is the subject of the appeal nor the subordinate of that person.

All quality of clinical care and quality of service complaints are investigated by UnitedHealthcare’s Health Care Services Department. UnitedHealthcare conducts this quality review by investigating the complaint and consulting with your Network Medical Group, treating Providers and other UnitedHealthcare internal departments. Medical records are requested and reviewed as necessary, and as such, you may need to sign an authorization to release your medical records. We will respond to your complaint in a manner, appropriate to the clinical urgency of your situation. You will also receive written notification regarding the disposition of your quality of clinical care and/or quality of service review complaint within 30 calendar days of UnitedHealthcare’s receipt of your complaint. Please be aware that the results of the quality of clinical care review are confidential and protected from legal discovery in accordance with state law.

After participating in UnitedHealthcare's grievance process 30 days, you can also file a complaint with the California Department of Managed Health Care (DMHC). The California Department of Managed Health Care is responsible for regulating health care service plans. If you have a Grievance against your Health Plan, you should first telephone your Health Plan at 1-877-359-3714 or 711 (TTY) and use your Health Plan’s Grievance process before contacting the department. Utilizing this Grievance procedure does not prohibit any potential legal rights or remedies that may be available to you. If you need help with a Grievance involving an emergency, a Grievance that has not been satisfactorily resolved by your Health Plan, or a Grievance that has remained unresolved for more than 30 days, you may call the department for help. You may also be eligible for an Independent Medical Review (IMR). If you are eligible for IMR, the IMR process will provide an impartial review of medical decisions made by a Health Plan related to the Medical Necessity of a proposed service or treatment, coverage decisions for treatments that are Experimental or Investigational in nature and payment disputes for emergency or urgent medical services. The department also has a toll-free telephone number (1-888-466-2219) and a TDHI line (1-877-688-9891) for the hearing-and speech-impaired. The department’s Internet website <http://www.DMHC.ca.gov> has Complaint forms, IMR application forms and instructions online.

Grievances Involving the Cancellation, Rescission or Non-Renewal of Health Plan

If you believe that your Health Plan enrollment or subscription has been, or will be improperly rescinded, canceled, or not renewed, you have the right to file a complaint. A complaint is also called a grievance or an appeal. You also have the right to submit a request to the Director of the Department of Managed Health Care to review your cancellation.

First, file your complaint with UnitedHealthcare

- You can file a complaint with UnitedHealthcare by calling our Customer Service department at 1-877-359-3714 or visiting uhc.com/CalPERS.

- If your problem is not urgent, UnitedHealthcare must give you a decision within 30 days.

Take your complaint to the California Department of Managed Health Care (DMHC)

The DMHC oversees HMOs and other health plans in California and protects the rights of HMO members. You can file a complaint with the DMHC if:

- You are not satisfied with UnitedHealthcare's decision about your complaint, or;
- You have not received the decision within 30 days, or within 3 days if the problem is urgent.

Concurrent Care Review

If an on-going course of treatment was previously approved for a specific period of time or number of treatments, and your request to extend the treatment is an Urgent Request for Benefits, your request will be decided within 24 hours, provided your request is made at least 24 hours prior to the end of the approved treatment. We will decide on your request for the extended treatment within 24 hours from receipt of your request. Notification will include a description of the criteria and guidelines used to make the decision and be provided to you and your provider.

If your request for extended treatment is not made at least 24 hours prior to the end of the approved treatment, the request will be treated as an Urgent Request for Benefits and decided according to the timeframes described above. If an on-going course of treatment was previously approved for a specific period of time or number of treatments, and you request to extend treatment in a non-urgent circumstance, your request will be considered a new request and decided according to post-service or pre-service timeframes, whichever applies. Notification will include a description of the criteria and guidelines used to make the decision and be provided to you and your provider.

We will provide continued coverage pending the outcome of an appeal. We will not reduce or terminate an ongoing course of treatment without providing advance notice and an opportunity for advance review and a care plan, and a medically appropriate treatment plan agreed between UnitedHealthcare and the treating Provider.

The reviewer will notify requesting providers of decisions to approve, modify or deny requests for authorization of health care services for Members within 24 hours of the decision. Members are notified of decisions to deny or modify requested health care services, in writing, within two business days of the decision. The written decision will include the specific reason(s) for the decision, the clinical reason(s) for modifications or denials based on a lack of Medical Necessity, or reference to the benefit provision on which the denial decision was based, and information about how to file an appeal of the decision with UnitedHealthcare. In addition, the internal criteria or benefit interpretation policy, if any, relied upon in making this decision will be made available upon request by the Member. UnitedHealthcare's Appeals Process is outlined in this section.

The Appeals Process

You may submit an appeal for a denial of a service or denied claims within 180 calendar days of your receipt of an initial determination through our Appeals Department. UnitedHealthcare's Health Care Services department will review

your appeal within a reasonable period of time appropriate to the medical circumstances and make a determination within 30 calendar days of UnitedHealthcare's receipt of the appeal. For appeals involving the delay, denial or modification of health care services related to Medical Necessity, UnitedHealthcare's written response will include the specific reason for the decision, describe the criteria or guidelines or benefit provision on which the denial decision was based, and notification that upon request the Member may obtain a copy of the actual benefit provision, guideline protocol or other similar criterion on which the denial is based. For determinations delaying, denying or modifying health care services based on a finding that the services are not Covered Health Care Services, the response will specify the provisions in the *Combined Evidence of Coverage and Disclosure Form* that exclude that coverage.

To begin an appeal, call our Customer Service department at 1-877-359-3714, where a Customer Service representative will document your oral appeal. You may also file an appeal using the Online Grievance form at uhc.com/CalPERS or write to the Appeals department at:

Patient Protection and Affordable Care Act (PPACA) – Changes provided for under the PPACA may impact how appeals are handled and are applicable to your Health Plan.

An Adverse Benefit Determination includes a decision to rescind coverage. You may submit an appeal for a rescission of coverage determination or a denial of a service or denied claims within 180 calendar days of your receipt of an initial determination through our Appeals Department.

You may submit an appeal for any Adverse Benefit Determination as defined in Section 10. Definitions.

If any new or additional evidence is relied upon or generated by UnitedHealthcare or the Network Medical Group during the determination of an appeal, we will provide it to you free of charge and sufficiently in advance of the due date of the response to the Adverse Benefit Determination.

Expedited Review Appeals Process

Appeals involving an imminent and serious threat to your health including, but not limited to, severe pain or the potential loss of life, limb or major bodily function will be immediately referred to UnitedHealthcare's clinical review personnel. If your case does not meet the criteria for an expedited review, it will be reviewed under the standard appeal process. If your appeal requires expedited review, UnitedHealthcare will immediately inform you of your review status and your right to notify the Department of Managed Health Care (DMHC) of the Grievance.

You and the DMHC will be provided a written statement of the disposition or pending status of the expedited review no later than three calendar days from receipt of the Grievance. You are not required to participate in the UnitedHealthcare appeals process prior to contracting the DMHC regarding your expedited appeal.

Voluntary Mediation and Binding Arbitration

If you are dissatisfied with UnitedHealthcare's Appeal Process determination, you can request that UnitedHealthcare submit the appeal to voluntary mediation or binding arbitration before JAMS.

Voluntary Mediation

In order to initiate voluntary mediation, either you or the agent acting on your behalf must submit a written request to UnitedHealthcare. If all parties mutually agree to mediation, the mediation will be administered by JAMS in accordance with the JAMS Mediation Rules and Procedures, unless all parties otherwise agree. Expenses for mediation will be shared equally by the parties. The Department of Managed Health Care will have no administrative or enforcement responsibilities with the voluntary mediation process.

Binding Arbitration

All disputes of any kind, including, but not limited to, claims relating to the delivery of services under the plan and claims for medical malpractice between the Member (including any heirs, successors or assigns of Member) and UnitedHealthcare, except for claims subject to ERISA, will be submitted to Binding Arbitration. Medical malpractice includes any issues or allegations that medical services rendered under the health plan were unnecessary or unauthorized or were improperly, negligently or incompetently rendered. This means that disputes between the Member and UnitedHealthcare will not be resolved by a lawsuit or by pursuing other court processes and remedies, except to the extent the Federal Arbitration Act provides for judicial review of arbitration proceedings. Under this provision, neither the Court nor any arbitrator may delay arbitration of disputes or refuse to order disputes to arbitration. The intent of this arbitration provision, and the parties, is to put litigation on hold so that issues can be resolved through the binding arbitration process. Any disputes about the scope of arbitration, about the arbitration itself or about whether an issue falls under this arbitration provision will be resolved by the arbitrator to avoid ambiguities and litigation costs.

Questions about your benefits? Call our Customer Service Department at 1-877-359-3714 or 711 (TTY)

The Member and UnitedHealthcare understand and agree that they are giving up their constitutional rights to have disputes decided in a court of law before a jury and are instead accepting the use of Binding Arbitration by a single arbitrator. The arbitration will be performed by JAMS or another arbitration service as the parties may agree in writing. The arbitration will be conducted under the JAMS Comprehensive Arbitration Rules and Procedures. The parties will attempt in good faith to agree to the appointment of an arbitrator, but if agreement cannot be reached within 30 days following the date demand for arbitration is made, the arbitrator will be chosen using the appointment procedures set out in the JAMS Comprehensive Arbitration Rules and Procedures. These rules may be viewed by the Member at the JAMS website, www.jamsadr.com. If the Member does not have access to the Internet, the Member may request a copy of the rules from UnitedHealthcare, and arrangements will be made for the Member to obtain a hard copy of the rules and procedures.

Arbitration hearings will be held in Orange County, California or at a location agreed to in writing by the Member and UnitedHealthcare. The expenses of JAMS and the arbitrator will be paid in equal shares by the Member and UnitedHealthcare. Each party will be responsible for any expenses related to discovery conducted by them and their own attorney fees. In cases of extreme hardship, UnitedHealthcare may assume all or part of the Member's share of the fees and expenses of JAMS and the arbitrator, provided the Member submits a hardship application to JAMS and JAMS approves the application. The approval or denial of the hardship application will be determined solely by JAMS. The Member will remain responsible for their own attorney fees, unless an award of attorney fees is allowable under the law and the arbitrator makes an award of attorney fees to the Member. Following the arbitration, the arbitrator will prepare a written award that includes the legal and factual reasons for the decision.

Nothing in this Binding Arbitration provision is intended to prevent the Member or UnitedHealthcare from seeking a temporary restraining order or preliminary injunction or other provisional remedies from a court. However, any and all other claims or causes of action, including, but not limited to those seeking damages, restitution, or other monetary relief, will be subject to this Binding Arbitration provision. Any claim for permanent injunctive relief will be stayed pending completion of the arbitration. The Federal Arbitration Act, 9 U.S.C. Sections 1-16, will apply to the arbitration.

ALL PARTIES EXPRESSLY AGREE TO WAIVE THEIR CONSTITUTIONAL RIGHT TO HAVE DISPUTES BETWEEN THEM RESOLVED IN COURT BEFORE A JURY AND ARE INSTEAD ACCEPTING THE USE OF BINDING ARBITRATION.

Experimental or Investigational Treatment

A UnitedHealthcare medical director may deny a treatment if he or she determines it is Experimental or Investigational, except as described in "Clinical Trials" under Section 5. Your Medical Benefits. If you have a Terminal Illness, as defined below, you may request that UnitedHealthcare hold a conference within 30 calendar days of receiving your request to review the denial. For purposes of this paragraph, Terminal Illness means an incurable or irreversible condition that has a high probability of causing death.. The conference will be held within five days if the treating Physician determines, in consultation with the UnitedHealthcare Medical Director and based on professionally recognized standards of practice, that the effectiveness of the proposed treatment or services would be materially reduced if not provided at the earliest possible date.

Independent Medical Review

If you believe that a health care service included in your coverage has been improperly denied, modified or delayed by UnitedHealthcare or one of its Network Providers, you may request an independent medical review (IMR) of the decision. IMR is available for denials, delays or modifications of health care services requested by you or your Provider based on a finding that the requested service is Experimental or Investigational or is not Medically Necessary. Your case also must meet the statutory eligibility criteria and procedural requirements discussed below. If your Complaint or appeal pertains to a Disputed Health Care Service subject to Independent Medical Review (as discussed below), you must file your Complaint or appeal within 180 calendar days of receiving a denial notice.

Eligibility for Independent Medical Review

Experimental or Investigational Treatment Decisions

If you suffer from a Life-Threatening or Seriously Debilitating condition, you may have the opportunity to seek IMR of UnitedHealthcare's coverage decision regarding Experimental or Investigational therapies under California's Independent Medical Review System pursuant to Health and Safety Code Section 1370.4. "Life-Threatening" means either or both of the following: (a) diseases or conditions where the likelihood of death is high unless the course of the disease is interrupted; (b) diseases or conditions with potentially fatal outcomes, where the endpoint of clinical intervention is survival. "Seriously Debilitating" means diseases or conditions that cause major irreversible morbidity.

A service or item will be covered under the UnitedHealthcare Health Plan if it is an intervention that is an otherwise covered category of service or item, not specifically excluded, and Medically Necessary. An intervention may be medically indicated yet not be a covered benefit or meet the definition of Medical Necessity.

To be eligible for IMR of Experimental or Investigational treatment, your case must meet all of the following criteria:

1. Your Physician certifies that you have a Life-Threatening or Seriously Debilitating condition for which:
 - Standard therapies have not been effective in improving your condition; or
 - Standard therapies would not be medically appropriate for you; or
 - There is no more beneficial standard therapy covered by UnitedHealthcare than the proposed Experimental or Investigational therapy proposed by your Physician under the following paragraph.
2. Either (a) your UnitedHealthcare Network Physician has recommended a treatment, drug, device, procedure or other therapy that he or she certifies in writing is likely to be more beneficial to you than any available standard therapies, and he or she has included a statement of the evidence relied upon by the Physician in certifying his or her recommendation; or (b) you or your non-contracting Physician – who is a licensed, board-certified or board-eligible Physician qualified to practice in the specialty appropriate to treating your condition – has requested a therapy that, based on two documents of medical and scientific evidence identified in California Health and Safety Code Section 1370.4(d), is likely to be more beneficial than any available standard therapy. To satisfy this requirement, the Physician certification must include a statement detailing the evidence relied upon by the Physician in certifying his or her recommendation. (**Please note** that UnitedHealthcare is not responsible for the payment of services rendered by non-contracting Physicians who are not otherwise covered under your UnitedHealthcare benefits).
3. A UnitedHealthcare Medical Director has denied your request for a treatment or therapy recommended or requested pursuant to the above paragraph.
4. The treatment or therapy recommended pursuant to Paragraph 2 above would be a Covered Service, except for UnitedHealthcare's determination that the treatment, drug, device, procedure or other therapy is Experimental or Investigational.

If you have a Life-Threatening or Seriously Debilitating condition and UnitedHealthcare denies your request for Experimental or Investigational therapy, UnitedHealthcare will send a written notice of the denial within five business days of the decision. The notice will advise you of your right to request IMR, and include a Physician certification form and an application form with a preaddressed envelope to be used to request IMR from the DMHC.

Disputed Health Care Services

You may also request IMR of a Disputed Health Care Service. A Disputed Health Care Service is any health care service eligible for coverage and payment under your Health Plan that has been denied, modified or delayed by UnitedHealthcare or one of its Network Providers, in whole or in part, due to a finding that the service is not Medically Necessary. (Note: Disputed Health Care Services do not encompass coverage decisions. Coverage decisions are decisions that approve or deny health care services substantially based on whether or not a particular service is included or excluded as a covered benefit under the terms and conditions of your health care coverage.)

You are eligible to submit an application to the DMHC for IMR of a Disputed Health Care Service if you meet all of the following criteria:

1. Your Provider has recommended a health care service as Medically Necessary; or (b) you have received Urgently Needed Services or Emergency Health Care Services that a Provider determined were Medically Necessary; or (c) you have been seen by a Network Provider for the diagnosis or treatment of the medical condition for which you seek IMR;
2. The health care service has been denied, modified or delayed by UnitedHealthcare or one of its Network Providers; and
3. You have filed an appeal with UnitedHealthcare regarding the decision to deny, delay or modify health care services and the disputed decision is upheld or the appeal remains unresolved after 30 days (or three days in the case of an urgent appeal requiring expedited review). (**Note:** If there is an imminent and serious threat to your health, the DMHC may waive the requirement that you complete the appeals process or participate in the appeals process for at least 30 calendar days if the DMHC determines that an earlier review is necessary.)

You may apply to the DMHC for IMR of a Disputed Health Care Service within six months of any of the events or periods described above, or longer if the DMHC determines that the circumstances of your case warrant an IMR review. UnitedHealthcare will provide you an IMR application form with any Grievance disposition letter that denies, modifies or delays health care services based in whole or in part due to a finding that the service is not Medically Necessary. A decision not to participate in the IMR process may cause you to forfeit any statutory right to pursue legal action against UnitedHealthcare regarding the Disputed Health Care Service. The IMR process is in addition to any other procedures or remedies that may be available to you.

Complaints Against Network Medical Groups, Providers, Physicians and Hospitals

Claims against a Network Medical Group, the group's Physicians, or Providers, Physicians or Hospitals – other than claims for benefits under your coverage – are not governed by the terms of this plan. You may seek any appropriate legal action against such persons and entities deemed necessary.

In the event of a dispute between you and a Network Medical Group (or one of its Network Providers) for claims not involving benefits, UnitedHealthcare agrees to make available the Member appeals process for resolution of such dispute. In such an instance, all parties must agree to this resolution process. Any decision reached through this resolution process will not be binding upon the parties except upon agreement between the parties. The Grievance will not be subject to binding arbitration except upon agreement between the parties. Should the parties fail to resolve the Grievance, you or the Network Medical Group (or its Network Provider) may seek any appropriate legal action deemed necessary. Member claims against UnitedHealthcare will be handled as discussed above under "Appealing a Health Care Decision or Requesting a Quality Review."

Urgent Decision

An urgent grievance is resolved within 72 hours upon receipt of the request, but only if UnitedHealthcare determines the grievance meets one of the following:

- The standard appeal timeframe could seriously jeopardize your life, health, or ability to regain maximum function; **OR**
- The standard appeal timeframe would, in the opinion of a physician with knowledge of your medical condition, subject you to severe pain that cannot be adequately managed without extending your course of covered treatment; **OR**
- A physician with knowledge of your medical condition determines that your grievance is urgent.

If UnitedHealthcare determines the grievance request does not meet one of the above requirements, the grievance will be processed as a standard request.

Note: If you believe your condition meets the criteria above, you have the right to contact the California Department of Managed Health Care (DMHC) at any time to request an IMR, at 1-888-466-2219 (TDD 1-877-688-9891), without first filing an appeal with us.

Experimental or Investigational Denials

UnitedHealthcare does not cover Experimental or Investigational drugs, devices, procedures or therapies. However, if UnitedHealthcare denies or delays coverage for your requested treatment on the basis that it is Experimental or Investigational and you meet the eligibility criteria set out below, you may request an IMR of UnitedHealthcare's decision from the DMHC. **Note:** DMHC does not require you to exhaust UnitedHealthcare's appeal process before requesting an IMR of ABD's based on Experimental or Investigational Services. In such cases, you may immediately contact DMHC to request an IMR.

You pay no application or processing fees of any kind for this review. If you decide not to participate in the DMHC review process you may be giving up any statutory right to pursue legal action against us regarding the disputed health care service.

We will send you an application form and an addressed envelope for you to request this review with any grievance disposition letter denying coverage. You may also request an application form by calling us at 1-877-359-3714 or write to us at UnitedHealthcare, P.O. Box 6107, Cypress, CA 90630. To qualify for this review, all of the following conditions must be met:

- You have a life threatening or seriously debilitating condition. The condition meets either or both of the following descriptions:
 - A life threatening condition or a disease is one where the likelihood of death is high unless the course of the disease is interrupted. A life-threatening condition or disease can also be one with a potentially fatal outcome where the end point of clinical intervention is the patient's survival.
 - A seriously debilitating condition or disease is one that causes major irreversible morbidity.
- Your Provider must certify that either (a) standard treatment has not been effective in improving your condition, (b) standard treatment is not medically appropriate, or (c) there is no standard treatment option covered by this *plan* that is more beneficial than the proposed treatment.
- The proposed treatment must either be:
 - Recommended by a/an UnitedHealthcare provider who certifies in writing that the treatment is likely to be more beneficial than standard treatments, or

In all cases, the certification must include a statement of the evidence relied upon.

You must ask for this review within six (6) months of the date you receive a denial notice from us in response to your grievance, or from the end of the 30 day or 72-hour grievance period, whichever applies. This application deadline may be extended by the DMHC for good cause.

Within three business days of receiving notice from the DMHC of your request for review we will send the reviewing panel all relevant medical records and documents in our possession, as well as any additional information submitted by you or your *doctor*. Any newly developed or discovered relevant medical records that we or a UnitedHealthcare *provider* identifies after the initial documents are sent will be immediately forwarded to the reviewing panel. The external independent review organization will complete its review and render its opinion within 30 days of its receipt of request (or within seven days if your *doctor* determines that the proposed treatment would be significantly less effective if not provided promptly). Independent Medical Review (IMR) Involving a Disputed Health Care Service

You or an authorized representative may request an IMR of Disputed Health Care Services from the DMHC if you believe that Health Care Services eligible for coverage and payment under your UnitedHealth Plan have been improperly denied, modified or delayed, in whole or in part, by UnitedHealthcare or one of its providers because the service is deemed not medically necessary.

The IMR process is in addition to any other procedures or remedies that may be available to you. You pay no application or processing fees of any kind for this review.

You have the right to provide information in support of the request for an IMR. UnitedHealthcare must provide you with an IMR application form and UnitedHealthcare's FABD letter that states its position on the Disputed Health Care Service. A decision not to participate in the IMR process may cause you to forfeit any statutory right to pursue legal action against UnitedHealthcare regarding the Disputed Health Care Service.

Eligibility: The DMHC will look at your application for IMR to confirm that:

1. One or more of the following conditions have been met:
 - (a) Your provider has recommended a health care service as *medically necessary*, or
 - (b) You have had *urgent care* or *emergency services* that a provider determined was *medically necessary*, or
 - (c) You have been seen by a UnitedHealthcare *provider* for the diagnosis or treatment of the medical condition for which you want an IMR;
2. The disputed health care service has been denied, changed, or delayed by us or your *medical group*, based in whole or in part on a decision that the health care service is deemed not *medically necessary*; **and**
3. You have filed a complaint with us or your *medical group* and the disputed decision is upheld or the complaint is not resolved after 30 days. If your complaint requires urgent review you need not participate in our complaint process for more than 72 hours. The DMHC may waive the requirement that you follow our complaint process in extraordinary and compelling cases.

You must ask for this review within six (6) months of the date you receive a denial notice from us in response to your grievance, or from the end of the 30 day or 72-hour grievance period, whichever applies. This application deadline may be extended by the DMHC for good cause.

If your case is eligible for an IMR, the dispute will be submitted to an Independent Medical Review Organization (IRO) contracted with the DMHC for review by one or more expert reviewers, independent of UnitedHealthcare. The IRO will make an independent determination of whether or not the care should be provided. The IRO selects an independent panel of medical professionals knowledgeable in the treatment of your condition, the proposed treatment and the guidelines and protocols in the area of treatment under review. Neither you nor UnitedHealthcare will control the choice of expert reviewers.

The IRO will render its analysis and recommendations on your IMR case in writing, and in layperson's terms to the maximum extent practical. For standard reviews, the IRO must provide its determination and the supporting documents, within 30 days of receipt of the application for review. For urgent cases, utilizing the same criteria as in the Appeal and Grievance Procedures section above, the IRO must provide its determination within 72 hours.

Questions about your benefits? Call our Customer Service Department at 1-877-359-3714 or 711 (TTY)

If the IRO upholds UnitedHealthcare's FABD, you may have additional review rights under the CalPERS Administrative Review section.

For more information regarding the IMR process or to request an application form, please call Customer Service at 1-877-359-3714.

Department of Managed Health Care (DMHC)

The California Department of Managed Health Care is responsible for regulating health care service plans.

If you have a grievance against your health plan, you should first telephone your health plan toll free at 1-877-359-3714 (TTY users call 1-855-479-3660) and use your health plan's grievance process before contacting the department. Utilizing this grievance procedure does not prohibit any potential legal rights or remedies that may be available to you.

If you need help with an appeal involving an emergency, an appeal that has not been satisfactorily resolved by your health plan, or an appeal that has remained unresolved for more than 30 days, you may call DMHC for assistance.

You may also be eligible for an IMR. If you are eligible for an IMR, the IMR process will provide an impartial review of medical decisions made by a health plan related to the medical necessity of a proposed service or treatment, coverage decisions for treatments that are Experimental or Investigational in nature and payment disputes for emergency or urgent medical services. DMHC also has a toll-free telephone number **(1-888-466-2219)** and a TDD line **(1-877-688-9891)** for the hearing and speech impaired. DMHC's Internet website <http://www.DMHC.ca.gov> has complaint forms, IMR application forms and online instructions.

In the event that UnitedHealthcare should cancel or refuse to renew enrollment for you or your dependents and you feel that such action was due to health or utilization of benefits, you or your dependents may request a review by the DMHC Director.

Appeal Rights Following Grievance Procedure

If you do not achieve resolution of your complaint through the grievance process described under the sections, Grievance Procedures, Experimental or Investigational Denials, Independent Medical Review (**IMR**) Involving a Disputed Health Care Service, and Department of Managed Health Care, you have additional dispute resolution options, as follows below:

1. **Eligibility issues**

Issues of eligibility must be referred directly to CalPERS at:

CalPERS Health Account Management Division
Attn: Enrollment Administration
P.O. Box 942715
Sacramento, CA 94229-2714

888 CalPERS (or **888-225-7377**) CalPERS Customer Service and Outreach Division toll free telephone number
1-916-795-1277 fax number

Questions about your benefits? Call our Customer Service Department at 1-877-359-3714 or 711 (TTY)

2. **Coverage Issues**

A coverage issue concerns the denial or approval of health care services substantially based on a finding that the provision of a particular service is included or excluded as a covered benefit under this EOC booklet. It does not include a plan or contracting provider decision regarding a Disputed Health Care Service.

If you are dissatisfied with the outcome of UnitedHealthcare's internal appeal process or if you have been in the process for 30 days or more, you may request review by the DMHC, proceed to court, *[or initiate voluntary mediation or binding arbitration]*. If you initiate voluntary mediation and are not successful in resolving your dispute, you may request review by the DMHC. Upon exhaustion of the DMHC review process, you may then request a CalPERS Administrative Review. You may **not** request a CalPERS Administrative Review if you decide to proceed to court, *or initiate binding arbitration*.

3. **Malpractice and Bad Faith**

You must proceed directly to court.

4. **Disputed Health Care Service Issue**

A decision regarding a disputed health care service relates to the practice of medicine and is not a coverage issue, and includes decisions as to whether a particular service is not medically necessary, or Experimental or Investigational.

If you are dissatisfied with the outcome of UnitedHealthcare's internal grievance process or if you have been in the process for 30 days or more, you may request an IMR from the DMHC.

If you are dissatisfied with the IMR determination, you may request a CalPERS Administrative Review within 30 days of the DMHC or IMR determination, or you may proceed to court. If you choose to proceed to court, you may **not** request a CalPERS Administrative Review.

Voluntary Mediation and Binding Arbitration

If you are dissatisfied with UnitedHealthcare's Appeal Process determination, you can request that UnitedHealthcare submit the appeal to voluntary mediation or binding arbitration before JAMS.

Voluntary Mediation

In order to initiate voluntary mediation, either you or the agent acting on your behalf must submit a written request to UnitedHealthcare. If all parties mutually agree to mediation, the mediation will be administered by JAMS in accordance with the JAMS Mediation Rules and Procedures, unless all parties otherwise agree. Expenses for mediation will be shared equally by the parties. The Department of Managed Health Care will have no administrative or enforcement responsibilities with the voluntary mediation process.

CalPERS Administrative Review

If you remain dissatisfied with the DMHC's determination or the IMR's determination, you may request an Administrative Review. You must exhaust UnitedHealthcare's internal grievance process, the DMHC's process and the IMR process, when applicable, prior to submitting a request for CalPERS Administrative Review.

Questions about your benefits? Call our Customer Service Department at 1-877-359-3714 or 711 (TTY)

The request for an Administrative Review must be submitted in writing to CalPERS within thirty (30) days from the date of the DMHC's determination or, the IMR determination letter, in cases involving a Disputed Health Care Service, or Experimental or Investigational determination. Upon satisfactory showing of good cause, CalPERS may grant additional time to file a request for an Administrative Review, not to exceed 30 days.

The request must be mailed to:

CalPERS Health Benefit Compliance & Appeals
Health Appeal Coordinator
P.O. Box 1953
Sacramento, CA 95812-1953

If you are planning to submit information UnitedHealthcare may have regarding your dispute with your request for Administrative Review, please note that UnitedHealthcare may require you to sign an authorization form to release this information. In addition, if CalPERS determines that additional information is needed after UnitedHealthcare submits the information it has regarding your dispute, CalPERS may ask you sign an Authorization to Release Health Information (ARHI) form.

If you have additional medical records from Providers or scientific studies that you believe are relevant to CalPERS review, those records should be included with the written request. You should send **copies** of documents, not originals, as CalPERS will retain the documents for its files. You are responsible for the cost of copying and mailing medical records required for the Administrative Review. Providing supporting information to CalPERS is voluntary. However, failure to provide such information may delay or preclude CalPERS in providing a final Administrative Review determination.

CalPERS cannot review claims of medical malpractice, i.e. quality of care, or quality of service disputes.

CalPERS will attempt to provide a written determination within 60 days from the date all pertinent information is received by CalPERS. For claims involving urgent care, CalPERS will make a decision as soon as possible, taking into account the medical exigencies, but no later than three (3) business days from the date all pertinent information is received by CalPERS.

Note: In urgent situations, if you request an IMR at the same time you submit a request for CalPERS Administrative Review, but before a determination has been made by the IMR, CalPERS will not begin its review or issue a determination until the IMR determination is issued.

Administrative Hearing

You must complete the CalPERS Administrative Review process prior to being offered the opportunity for an Administrative Hearing. Only claims involving covered benefits are eligible for an Administrative Hearing.

You must request an Administrative Hearing in writing within 30 days of the date of the Administrative Review determination. Upon satisfactorily showing good cause, CalPERS may grant additional time to file a request for an Administrative Hearing, not to exceed 30 days.

The request for an Administrative Hearing must set forth the facts and the law upon which the request is based. The request should include any additional arguments and evidence favorable to your case not previously submitted for Administrative Review, DMHC and IMR.

Questions about your benefits? Call our Customer Service Department at 1-877-359-3714 or 711 (TTY)

If CalPERS accepts the request for an Administrative Hearing, it shall be conducted in accordance with the Administrative Procedure Act (Government Code section 11500 et seq.). An Administrative Hearing is a formal legal proceeding held before an Administrative Law Judge (ALJ); you may, but are not required to, be represented by an attorney. After taking testimony and receiving evidence, the ALJ will issue a Proposed Decision. The CalPERS Board of Administration (Board) will vote regarding whether to adopt the Proposed Decision as its own decision at an open (public) meeting. The Board's final decision will be provided in writing to you within two weeks of the Board's open meeting.

Appeal Beyond Administrative Review and Administrative Hearing

If you are still dissatisfied with the Board's decision, you may petition the Board for reconsideration of its decision or may appeal to the Superior Court.

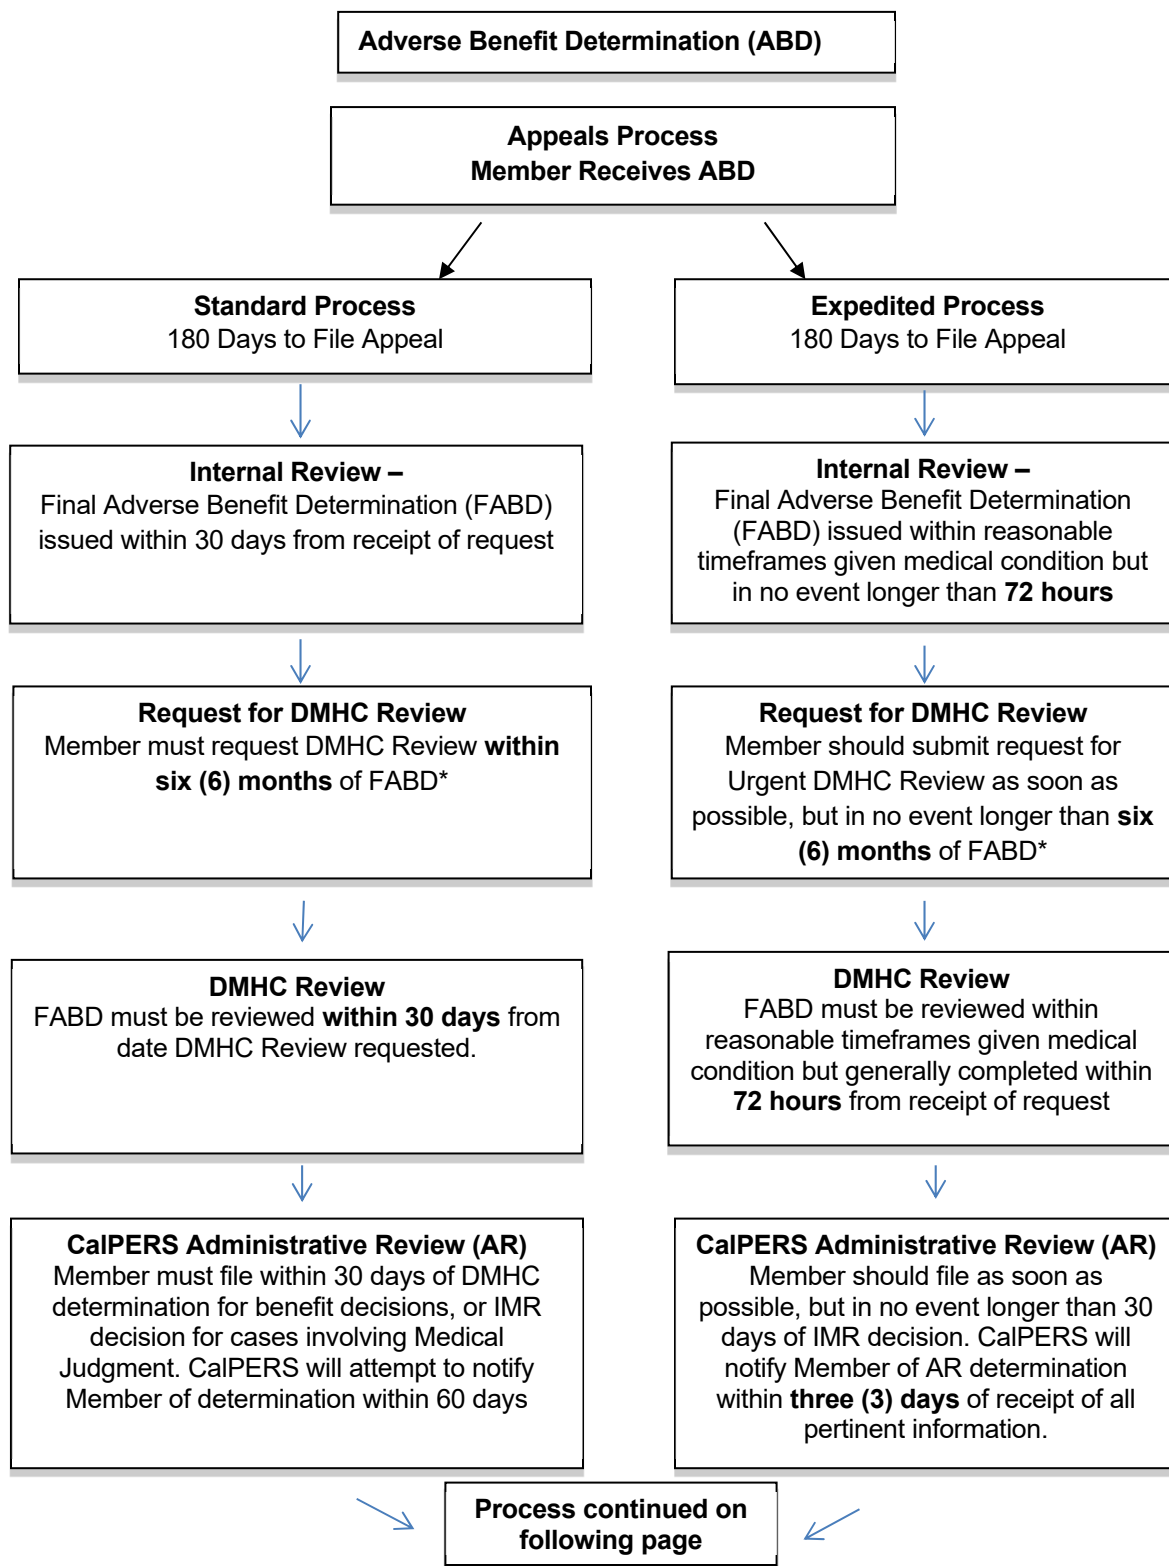

You may not begin civil legal remedies until after exhausting these administrative procedures.

Summary of Process and Rights of Members under the Administrative Procedure Act

- Right to records, generally. You may, at your own expense, obtain copies of all non-medical and non-privileged medical records from the administrator and/or CalPERS, as applicable.
- Records subject to attorney-client privilege. Communication between an attorney and a client, whether oral or in writing, will not be disclosed under any circumstances.
- Attorney Representation. At any stage of the appeal proceedings, you may be represented by an attorney. If you choose to be represented by an attorney, you must do so at your own expense. Neither CalPERS nor the administrator will provide an attorney or reimburse you for the cost of an attorney even if you prevail on appeal.
- Right to experts and consultants. At any stage of the proceedings, you may present information through the opinion of an expert, such as a physician. If you choose to retain an expert to assist in presentation of a claim, it must be at your own expense. Neither CalPERS nor the administrator will reimburse you for the costs of experts, consultants or evaluations.

Dispute Resolution

Behavioral Health Grievance Procedures

If your grievance involves Mental Health or Substance Abuse Services call U.S. Behavioral Health Plan, California (USBHPC) at 1-800-999-9585, or write to:

U.S. Behavioral Health Plan, California
Attn.: Appeals Department
P.O. Box 2839
San Francisco, CA 94126

You may submit written comments, documents, records, scientific studies and other information related to the claim that resulted in the ABD in support of the grievance. All information provided will be taken into account without regard to whether such information was submitted or considered in the initial ABD.

USBHPC will acknowledge receipt of your request within five (5) calendar days. Standard grievances are resolved within 30 calendar days.

You have the right to review the information that we have regarding your grievance. Upon request and free of charge, this information will be provided to you, including copies of all relevant documents, records, and other information. To make a request, contact Customer Service at 1-800-999-9585.

If USBHPC upholds the ABD, that decision becomes the Final Adverse Benefit Decision (FABD).

Questions about your benefits? Call our Customer Service Department at 1-877-359-3714 or 711 (TTY)

Upon receipt of an FABD, the following options are available to you:

- For FABDs involving medical judgment, you may pursue the Independent External Review process described below;
- For FABDs involving benefit, you may pursue the Department of Managed Health Care's process as described in the Department of Managed Health Care section. [or you may initiate voluntary mediation, or binding arbitration, as described in the Voluntary Mediation and Binding Arbitration section.

Urgent Decision

An urgent grievance is resolved within 72 hours upon receipt of the request, but only if USBHPC determines the grievance meets one of the following:

- The standard appeal timeframe could seriously jeopardize your life, health, or ability to regain maximum function; **OR**
- The standard appeal timeframe would, in the opinion of a physician with knowledge of your medical condition, subject you to severe pain that cannot be adequately managed without extending your course of covered treatment; **OR**
- A physician with knowledge of your medical condition determines that your grievance is urgent.

If USBHPC determines the grievance request does not meet one of the above requirements, the grievance will be processed as a standard request.

Note: If you believe your condition meets the criteria above, you have the right to contact the California Department of Managed Health Care (DMHC) at any time to request an IMR, at 1-888-466-2219 (TDD 1-877-688-9891), without first filing an appeal with us.

Experimental or Investigational Denials

USBHPC does not cover Experimental or Investigational drugs, devices, procedures or therapies. However, if USBHPC denies or delays coverage for your requested treatment on the basis that it is Experimental or Investigational and you meet the eligibility criteria set out below, you may request an IMR of USBHPC's decision from the DMHC.

Note: DMHC does not require you to exhaust USBHPC's appeal process before requesting an IMR of ABD's based on Experimental or Investigational Services. In such cases, you may immediately contact DMHC to request an IMR.

You pay no application or processing fees of any kind for this review. If you decide not to participate in the DMHC review process you may be giving up any statutory right to pursue legal action against us regarding the disputed health care service.

We will send you an application form and an addressed envelope for you to request this review with any grievance disposition letter denying coverage. You may also request an application form by calling us at 1-800-999-9585 or write to us at U.S. Behavioral Health Plan, California, P.O. Box 2839, San Francisco, CA 94126. To qualify for this review, all of the following conditions must be met:

- You have a life threatening or seriously debilitating condition. The condition meets either or both of the following descriptions:
 - A life threatening condition or a disease is one where the likelihood of death is high unless the course of the disease is interrupted. A life-threatening condition or disease can also be one with a potentially fatal outcome where the end point of clinical intervention is the patient's survival.

Questions about your benefits? Call our Customer Service Department at 1-877-359-3714 or 711 (TTY)

- A seriously debilitating condition or disease is one that causes major irreversible morbidity.

Your Provider must certify that either (a) standard treatment has not been effective in improving your condition, (b) standard treatment is not medically appropriate, or (c) there is no standard treatment option covered by this *plan* that is more beneficial than the proposed treatment.

The proposed treatment must either be:

- Recommended by a/an USBHPC provider who certifies in writing that the treatment is likely to be more beneficial than standard treatments, or
- Requested by you or by a licensed board certified or board eligible doctor qualified to treat your condition. The treatment requested must be likely to be more beneficial for you than standard treatments based on two documents of scientific and medical evidence from the following sources:
 - Peer-reviewed scientific studies published in or accepted for publication by medical journals that meet nationally recognized standards;
 - Medical literature meeting the criteria of the National Institute of Health's National Library of Medicine for indexing in Index Medicus, Excerpta Medicus (EMBASE), Medline, and MEDLARS database of Health Services Technology Assessment Research (HSTAR);
 - Medical journals recognized by the Secretary of Health and Human Services, under Section 1861(t)(2) of the Social Security Act;
 - Either of the following: (i) The American Hospital Formulary Service's Drug Information, or (ii) the American Dental Association Accepted Dental Therapeutics;
 - Any of the following references, if recognized by the federal Centers for Medicare and Medicaid Services as part of an anticancer chemotherapeutic regimen: (i) the Elsevier Gold Standard's Clinical Pharmacology, (ii) the National Comprehensive Cancer Network Drug and Biologics Compendium, or (iii) the Thomson Micromedex DrugDex;
 - Findings, studies or research conducted by or under the auspices of federal governmental agencies and nationally recognized federal research institutes, including the Federal Agency for Health Care Policy and Research, National Institutes of Health, National Cancer Institute, National Academy of Sciences, Centers for Medicare and Medicaid Services, Congressional Office of Technology Assessment, and any national board recognized by the National Institutes of Health for the purpose of evaluating the medical value of health services; and
 - Peer reviewed abstracts accepted for presentation at major medical association meetings.

Disputed Health Care Services

You may also request Independent Medical Review (IMR) of a Disputed Health Care Service. A Disputed Health Care Service is any health care service eligible for coverage and payment under your Health Plan that has been denied, modified or delayed by UnitedHealthcare or one of its Network Providers, in whole or in part, due to a finding that the service is not Medically Necessary. (**Note:** Disputed Health Care Services do not encompass coverage decisions. Coverage decisions are decisions that approve or deny health care services substantially based on whether or not a particular service is included or excluded as a covered benefit under the terms and conditions of your health care coverage.)

You are eligible to submit an application to the DMHC for IMR of a Disputed Health Care Service if you meet all of the following criteria:

1. (a) Your Provider has recommended a health care service as Medically Necessary; or (b) you have received Urgently Needed Services or Emergency Services that a Provider determined were Medically

Questions about your benefits? Call our Customer Service Department at 1-877-359-3714 or 711 (TTY)

Necessary; or (c) you have been seen by a Network Provider for the diagnosis or treatment of the medical condition for which you seek IMR;

2. The health care service has been denied, modified or delayed by UnitedHealthcare or one of its Network Providers; and
3. You have filed an appeal with UnitedHealthcare regarding the decision to deny, delay or modify health care services and the disputed decision is upheld or the appeal remains unresolved after 30 days (or three days in the case of an urgent appeal requiring expedited review). (Note: If there is an imminent and serious threat to your health, the DMHC may waive the requirement that you complete the appeals process or participate in the appeals process for at least 30 calendar days if the DMHC determines that an earlier review is necessary in extraordinary and compelling cases if the DMHC finds that you have acted reasonably.)

You may apply to the DMHC for IMR of a Disputed Health Care Service within six months of any of the events or periods described above, or longer if the DMHC determines that the circumstances of your case warrant an IMR review. UnitedHealthcare will provide you an IMR application form with any Grievance disposition letter that denies, modifies or delays health care services based in whole or in part due to a finding that the service is not Medically Necessary. A decision not to participate in the IMR process may cause you to forfeit any statutory right to pursue legal action against UnitedHealthcare regarding the Disputed Health Care Service. The IMR process is in addition to any other procedures or remedies that may be available to you.

Independent Medical Review (IMR) Procedures

Applying for Independent Medical Review Procedures

In the case of Experimental or Investigational coverage decisions, if you have a Life-Threatening or Seriously Debilitating condition, UnitedHealthcare will include an application for IMR in its notice to you that the requested service has been denied and include a Physician certification form with a preaddressed envelope to the DMHC. Your Physician must provide the Physician certification and medical and scientific documentation required for Experimental and Investigational IMR, which may be included with your application, or mailed or faxed directly to the DMHC by your Physician. Either you or your Physician can provide the letter from UnitedHealthcare or its Network Provider denying the request for Experimental or Investigational treatment.

In the case of determinations that a Disputed Health Care Service is not Medically Necessary, UnitedHealthcare will provide you with an IMR application form with any disposition letter resolving your appeal of the determination. Your application for IMR of a Disputed Health Care Service may include information or documentation regarding a Provider's recommendation that the service is Medically Necessary, medical information that a service received on an urgent care or emergency basis was Medically Necessary, and any other information you received from or gave to UnitedHealthcare or its Network Providers that you believe is relevant in support of your position that the Disputed Health Care Service was Medically Necessary.

Completed applications for IMR should be submitted to the DMHC. You pay no fee to apply for IMR. You, your Physician, or another designated representative acting on your behalf may request IMR. If there is any additional information or evidence you or your Physician wish to submit to the DMHC that was not previously provided to UnitedHealthcare, you may include this information with the application for IMR. The DMHC fax number is (916) 229-0465. You may also reach the DMHC by calling 1-888-466-2219.

Accepted Applications for Independent Medical Review

Upon receiving your application for IMR, the DMHC will review your request and notify you whether your case has been accepted. If your case is eligible for IMR, the dispute will be submitted to an Independent Medical Review Organization (IRO) contracted with the DMHC for review by one or more expert reviewers, independent of UnitedHealthcare, who will make an independent determination of whether or not the care should be provided. The IRO selects an independent panel of medical professionals knowledgeable in the treatment of your

Questions about your benefits? Call our Customer Service Department at 1-877-359-3714 or 711 (TTY)

condition, the proposed treatment and the guidelines and protocols in the area of treatment under review. Neither you nor UnitedHealthcare will control the choice of expert reviewers.

UnitedHealthcare must provide the following documents to the IRO within three business days of receiving notice from the DMHC that you have successfully applied for an IMR:

1. The relevant medical records in the possession of UnitedHealthcare or its Network Providers;
2. All information provided to you by UnitedHealthcare and any of its Network Providers concerning UnitedHealthcare and Provider decisions regarding your condition and care (including a copy of UnitedHealthcare's denial notice sent to you);
3. Any materials that you or your Provider submitted to UnitedHealthcare and its Network Providers in support of the request for the health care services;
4. Any other relevant documents or information used by UnitedHealthcare or its Network Providers in determining whether the health care service should have been provided and any statement by UnitedHealthcare or its Network Providers explaining the reasons for the decision. The Plan shall provide copies of these documents to you and your Provider unless any information in them is found by the DMHC to be privileged.

If there is an imminent and serious threat to your health, UnitedHealthcare will deliver the necessary information and documents listed above to the IRO within 24 hours of approval of the request for IMR.

After submitting all of the required material to the IRO, UnitedHealthcare will promptly issue you a notification that includes an annotated list of the documents submitted and offer you the opportunity to request copies of those documents from UnitedHealthcare.

If there is any information or evidence you or your Provider wish to submit to the DMHC in support of IMR that was not previously provided to UnitedHealthcare, you may include this information with your application to the DMHC. Also as required, you or your Provider must provide to the DMHC or the IRO copies of any relevant medical records, and any newly developed or discovered relevant medical records after the initial documents are provided, and respond to any requests for additional medical records or other relevant information from the expert reviewers.

The Independent Medical Review Decision

The independent review panel will render its analysis and recommendations on your IMR case in writing, and in layperson's terms to the maximum extent practical, within 30 calendar days of receiving your request for IMR and supporting information. The time may be adjusted under any of the following circumstances:

In the case of a review of an Experimental or Investigational determination, if your Physician determines that the proposed treatment or therapy would be significantly less effective if not promptly initiated. In this instance, the analysis and recommendations will be rendered within seven calendar days of the request for expedited review. The review period can be extended up to three calendar days for a delay in providing required documents at the request of the expert. The organization shall complete its review and make its determination in writing and in layperson's terms to the maximum extent practicable, within 30 days of the receipt of the application for review and supporting documentation, or within less time as prescribed by the director.

If the disputed health care service has not been provided and the enrollee's Provider or the Department certifies in writing that an imminent and serious threat to the health of the enrollee may exist, including, but not limited to, serious pain, the potential loss of life, limb or major bodily function or the immediate and serious deterioration of the health of the enrollee, the analyses and determinations of the reviewers shall be expedited and rendered within three days of the receipt of the information.

Questions about your benefits? Call our Customer Service Department at 1-877-359-3714 or 711 (TTY)

Subject to the approval of the DMHC, the deadlines for analyses and determinations involving both regular and expedited reviews may be extended by the director for up to three days in extraordinary circumstances or for good cause.

The IRO will provide the DMHC, UnitedHealthcare, you and your Physician with each of the experts' analyses and recommendations, and a description of the qualifications of each expert. The IRO will keep the names of the expert reviewers confidential, except in cases where the reviewer is called to testify and in response to court orders. In the case of an Experimental or Investigational determination, the experts' analyses will state the reasons the requested Experimental or Investigational therapy is or is not likely to be more beneficial for you than any available standard therapy and the reasons for recommending why the therapy should or should not be provided by UnitedHealthcare, citing your specific medical condition, the relevant documents provided and the relevant medical and scientific evidence supporting the experts' recommendation. In the case of a review of a Disputed Health Care Service denied as not Medically Necessary, the experts' analyses will state whether the Disputed Health Care Service is Medically Necessary and cite your medical condition, the relevant documents in the record and the reviewers' relevant findings.

The recommendation of the majority of the experts on the panel will prevail. If the experts on the panel are evenly divided as to whether the health care service should be provided, the panel's decision will be deemed to be in favor of coverage. If the majority of the experts on the panel does not recommend providing the health care service, UnitedHealthcare will not be required to provide the service.

When a Decision is Made

The DMHC will immediately adopt the decision of the IRO upon receipt and will promptly issue a written decision to the parties that will be binding on UnitedHealthcare. UnitedHealthcare will promptly implement the decision when received from the DMHC. In the case of an IRO determination requiring reimbursement for services already rendered, UnitedHealthcare will reimburse either you or your Provider – whichever applies – within five business days. In the case of services not yet rendered to you, UnitedHealthcare will authorize the services within five business days of receiving the written decision from the DMHC, or sooner if appropriate for the nature of your medical condition, and will inform you and your Physician of the authorization.

UnitedHealthcare will promptly reimburse you for reasonable costs associated with Urgently Needed Services or Emergency Services outside of UnitedHealthcare's Network Provider network, if:

- The services are found by the IRO to have been Medically Necessary;
- The DMHC finds your decision to secure services outside of UnitedHealthcare's Network Provider network prior to completing the UnitedHealthcare Grievance process or seeking IMR was reasonable under the circumstances; and
- The DMHC finds that the Disputed Health Care Services were a covered benefit under the UnitedHealthcare Subscriber contract.

Health care services required by IMR will be provided subject to the terms and conditions generally applicable to all other benefits under your UnitedHealthcare Health Plan.

For more information regarding the IMR process, or to request an application, please call UnitedHealthcare's Customer Service department.

Review by the Department of Managed Health Care

The California Department of Managed Health Care is responsible for regulating health care service plans. If you have a Grievance against your Health Plan, you should first telephone your Health Plan at **1-877-359-3714 or 711 (TTY)** and use your Health Plan's Grievance process before contacting the department. Utilizing this Grievance procedure does not prohibit any potential legal rights or remedies that may be available to you. If you need help with a Grievance involving an emergency, a Grievance that has not been satisfactorily resolved by your Health Plan, or a Grievance that has remained unresolved for more than 30 days, you may call the

Questions about your benefits? Call our Customer Service Department at 1-877-359-3714 or 711 (TTY)

department for assistance. You may also be eligible for an Independent Medical Review (IMR). If you are eligible for IMR, the IMR process will provide an impartial review of medical decisions made by a Health Plan related to the Medical Necessity of a proposed service or treatment, coverage decisions for treatments that are Experimental or Investigational in nature and payment disputes for emergency or urgent medical services. The department also has a toll-free telephone number **(1-888-466-2219)** and a TDHI line **(1-877-688-9891)** for the hearing- and speech-impaired. The department's Internet website <http://www.DMHC.ca.gov> has Complaint forms, IMR application forms and instructions online.

Complaints Against Network Medical Groups, Providers, Physicians and Hospitals

Claims against a Network Medical Group, the group's Physicians, or Providers, Physicians or Hospitals – other than claims for benefits under your coverage – are not governed by the terms of this plan. You may seek any appropriate legal action against such persons and entities deemed necessary.

In the event of a dispute between you and a Network Medical Group (or one of its Network Providers) for claims not involving benefits, UnitedHealthcare agrees to make available the Member appeals process for resolution of such dispute. In such an instance, all parties must agree to this resolution process. Any decision reached through this resolution process will not be binding upon the parties. The Grievance will not be subject to binding arbitration except upon agreement between the parties. Should the parties fail to resolve the Grievance, you or the Network Medical Group (or its Network Provider) may seek any appropriate legal action deemed necessary. Member claims against UnitedHealthcare will be handled as discussed above under "Appealing a Health Care Decision or Requesting a Quality of Care Review."

Appeal Procedure Following Disposition of Plan Grievance or Appeal Process

If no resolution of your complaint is reached by the internal grievance or appeal process described in the previous sections, you have several options depending on the nature of your complaint.

1. **Eligibility Issues.** Refer these matters directly to CalPERS at the following:

CalPERS

Attn: Health Account Management Division

P.O. Box 942715

Sacramento, CA 94229-2715

OR telephone CalPERS Customer Service and Outreach Division at 888 CalPERS (or 888-225-7377), TTY 1-800-735-2929; (916) 795-3240.

2. **Coverage Issues.** A coverage issue concerns the denial or approval of health care or behavioral health services substantially based on a finding that the provision of a particular service is included or excluded as a covered benefit under this Evidence of Coverage booklet. It does not include a plan or contracting provider decision regarding a disputed health care or behavioral health service.

If you are dissatisfied with the outcome of UnitedHealthcare's internal complaint process or if you have been in the process for 30 days or more, you may request review by the Department of Managed Health Care (DMHC), proceed to court or Binding Arbitration (as described in the previous section), if your coverage dispute is within the jurisdictional limits of Small Claims Court, or request an Administrative Review by CalPERS. If you choose to proceed to court or Binding Arbitration, you may not request an Administrative Review by CalPERS.

3. **Malpractice.** You must proceed directly to court.
4. **Bad Faith.** You must proceed directly to court.
5. **Disputed Health Care or Service Issue.** A disputed health care or behavioral health service issue concerns any health care or behavioral health service eligible for coverage and payment under this Evidence of Coverage booklet that has been denied, modified, or delayed in whole or in part due to a finding that the services are not medically necessary. A decision regarding a disputed health care or

How does UnitedHealthcare compensate its Network Providers?

UnitedHealthcare itself is not a Provider of health care. UnitedHealthcare typically contracts with independent medical groups to provide medical services to its Members, and with Hospitals to provide Hospital Services. Once they are contracted, they become UnitedHealthcare Network Providers.

Network Medical Groups in turn employ or contract with individual Physicians. None of the Network Medical Groups or Network Hospitals, or their Physicians or employees, are employees or agents of UnitedHealthcare.

Likewise, neither UnitedHealthcare nor any employee of UnitedHealthcare is an employee or agent of any Network Medical Group, Network Hospital or any other Network Provider.

Questions about your benefits? Call our Customer Service Department at 1-877-359-3714 or 711 (TTY)

Most of our Network Medical Groups receive an agreed-upon monthly payment from UnitedHealthcare to provide services to our Members. This monthly payment may be either a fixed dollar amount for each Member or a percentage of the monthly Premium received by UnitedHealthcare. The monthly payment typically covers professional services directly provided, or referred and authorized, by the Network Medical Group.

Some of UnitedHealthcare's Network Hospitals receive similar monthly payments in return for providing Hospital Services for Members. Other Network Hospitals are paid on a discounted fee-for-service or fixed charge per day of Hospitalization. Most acute care, Subacute and Transitional Care and Skilled Nursing Facilities are paid on a fixed charge per day basis for Inpatient care.

At the beginning of each year, UnitedHealthcare and its Network Medical Groups agree on a budget for the cost of services for all UnitedHealthcare Members assigned to the Network Medical Group. At the end of the year, the actual cost of services for the year is compared to the agreed-upon budget. If the actual cost of services is less than the agreed-upon budget, the Network Medical Group shares in the savings.

The Network Hospital and Network Medical Group typically participate in programs for Hospital Services similar to what is described above.

Stop-loss insurance protects Network Medical Groups and Network Hospitals from large financial expenses for health care services. UnitedHealthcare provides stop-loss protection to our Network Medical Groups and Network Hospitals that receive the monthly payments described above. If any Network Hospital or Network Medical Group does not obtain stop-loss protection from UnitedHealthcare, it must obtain stop-loss insurance acceptable to UnitedHealthcare.

UnitedHealthcare arranges with additional Providers or their representatives for the provision of Covered Health Care Services that cannot be performed by your assigned Network Medical Group or Network Hospital. Such services include authorized Covered Health Care Services that require a specialist not available through your Network Medical Group or Network Hospital or Emergency and Urgently Needed Services. UnitedHealthcare or your Network Medical Group pays these Providers at the lesser of the Provider's reasonable charges or agreed-to rates. Your responsibility for Covered Health Care Services received from these Providers is limited to payment of applicable Co-payments. (For more about Co-payments, see **Section 6. Payment Responsibility.**) You may obtain additional information on UnitedHealthcare's compensation arrangements by contacting UnitedHealthcare or your Network Medical Group.

Review and Determine Benefits in Accordance with our Reimbursement Policies

We develop our reimbursement policy guidelines, as we determine, in accordance with one or more of the following methodologies:

- As shown in the most recent edition of the Current Procedural Terminology (CPT), a publication of the American Medical Association, and/or the Centers for Medicare and Medicaid Services (CMS).
- As reported by generally recognized professionals or publications.
- As used for Medicare.
- As determined by medical staff and outside medical consultants according to other appropriate sources or determinations that we accept.

Following evaluation and validation of certain provider billings (e.g., error, abuse and fraud reviews), our reimbursement policies are applied to provider billings. We share our reimbursement policies with Physicians and other Providers in our Network through our provider website. Network Physicians and Providers may not bill you for the difference between their contract rate (as may be modified by our reimbursement policies) and the billed charge. However, Out-of-Network Providers may bill you for any amounts we do not pay, including amounts that are denied because one of our reimbursement policies does not reimburse (in whole or in part)

Questions about your benefits? Call our Customer Service Department at 1-877-359-3714 or 711 (TTY)

for the service billed. You may get copies of our reimbursement policies for yourself or to share with your Out-of-Network Physician or Provider by contacting us at uhc.com/CalPERS or the telephone number on your ID card.

We may apply a reimbursement methodology established by OptumInsight and/or a third party vendor, which is based on CMS coding principles, to determine appropriate reimbursement levels for Emergency Health Care Services. The methodology is usually based on elements reflecting the patient complexity, direct costs, and indirect costs of an Emergency Health Care Service. If the methodology(ies) currently in use become no longer available, we will use a comparable methodology(ies). We and OptumInsight are related companies through common ownership by UnitedHealth Group. Refer to our website at uhc.com/CalPERS for information regarding the vendor that provides the applicable methodology.

If you receive a bill for a Covered Health Care Service from a Physician who is not one of our Network Providers, and the service was prior authorized and you have not exceeded any applicable benefit limits, UnitedHealthcare will pay for the service, less the applicable Co-payment. (Prior authorization is not required for Emergency Health Care Services and Urgently Needed Services. See **Section 3. Emergency Health Care and Urgently Needed Services.**) Out-of-Network Providers may not send you a bill for Emergency Health Care Services. You are only required to pay the Co-payment amount shown in your *Schedule of Benefits*. You may also submit a bill to us if an Out-of-Network Provider has refused payment directly from UnitedHealthcare.

If you receive Covered Health Care Services in a Network contracting health care facility but from an Out-of-Network individual health professional, you are only required to pay the Co-payment amount specified in your Schedule of Benefits. A Network "contracting health facility" includes, but not limited to, a licensed hospital; ambulatory surgery center or other outpatient setting, lab, radiology or imaging center. You should not be billed more than the amounts shown on your Schedule of Benefits.

How do I become an organ and tissue donor?

Transplantation has helped thousands of people suffering from organ failure or in need of corneas, skin, bone or other tissue. The need for donated organs and tissues continues to outpace the supply. At any given time, nearly 50,000 Americans may be waiting for organ transplants while hundreds of thousands more need tissue transplants. Organ and tissue donation provides each of us with a special opportunity to help others.

Almost anyone can be a donor. There is no age limit and the number of donors age 50 or older has increased. If you have questions or concerns about organ donation, speak with your family, doctor or clergy. There are many resources that can provide the information you need to make a responsible decision.

If you do decide to become a donor, be sure to share your decision. Sharing your decision to be an organ and tissue donor with your family is as important as making the decision itself. Your organs and tissue will not be donated unless a Family Member gives consent at the time of your death – even if you have signed your driver's license or a donor card. A simple family conversation will prevent confusion or uncertainty about your wishes.

It is also helpful to document your decision by completing a donor card in the presence of your family and having them sign as witnesses. The donor card serves as a reminder to your family and medical staff of your personal decision to be a donor. Carry it in your wallet or purse at all times.

How can I learn more about being an organ and tissue donor?

To get your donor card and information on organ and tissue donation call 1-800-355-SHARE or 1-800-633-6562. You can also request donor information from your local Department of Motor Vehicles (DMV).

On the Internet, contact:

- All About Transplantation and Donation (www.transweb.org)
- Department of Health and Human Services (www.organdonor.gov)

Questions about your benefits? Call our Customer Service Department at 1-877-359-3714 or 711 (TTY)

Once you get a donor card, be sure to sign it in your family's presence. Have your family sign as witnesses and pledge to carry out your wishes, then keep the card with you at all times where it can be easily found.

Keep in mind that even if you have signed a donor card, you must tell your family so they can act on your wishes.

How can I participate in the establishment of UnitedHealthcare's public policy participation?

UnitedHealthcare gives its Members the opportunity to participate in establishing the public policy of the Health Plan. One third of UnitedHealthcare of California's Board of Directors is comprised of Health Plan Members. If you are interested in Network in the establishment of the Health Plan's public policy, please call or write our Customer Service department.

- d. If more than one health intervention meets the requirements of (a) through (c) above, furnished in the most cost-effective manner that may be provided safely and effectively to

the Member. "Cost-effective" does not necessarily mean lowest price.

A service or item will be covered under the UnitedHealthcare Health Plan if it is an intervention that is an otherwise covered category of service or item, not specifically excluded, if it is Medically Necessary or otherwise required to be covered under the law or otherwise described in Section 5 of this Combined Evidence of Coverage. An intervention may be medically indicated yet not be a covered benefit if it is not Medically Necessary or otherwise required to be covered under the law or otherwise set forth in Section 5 of this Combined Evidence of Coverage.

Medically Necessary treatment of a mental health and substance-related and addictive disorder, means a service or product addressing the specific needs of the patient, for the purpose of preventing, diagnosis, or treating an illness, injury, condition, or its symptoms, including minimizing the progression of that illness, injury, condition, or its symptoms, in a manner that is all of the following:

- a. In accordance with the generally accepted standards of mental health and substance-related and addictive disorder care.
- b. Clinically appropriate in terms of type, frequency, extent, site and duration.
- c. Not primarily for the economic benefit of the health care service plan and subscribers or for the convenience of the patient, treating physician, or other health care provider.

In applying the above definition of Medical Necessity, the following terms shall have the following meanings:

- i. *Treating Physician* means a Physician who has personally evaluated the patient.
- ii. A *health intervention* is an item or service delivered or undertaken primarily to treat (that is, prevent, diagnose, detect, treat or palliate) a medical condition or to maintain or restore functional ability. A *medical condition* is a disease, illness, injury, genetic or congenital defect, pregnancy or a biological or psychological condition that lies outside the range of normal, age-appropriate human variation. A health intervention is defined not only by the intervention itself, but also by the medical condition and the patient indications for which it is being applied.
- iii. *Effective* means that the intervention can reasonably be expected to produce the intended results and to have expected benefits that outweigh potential harmful effects.
- iv. *Health outcomes* are outcomes that affect health status as measured by the length or quality (primarily as perceived by the patient) of a person's life.
- v. *Scientific evidence* consists primarily of controlled clinical trials that either directly or indirectly demonstrate the effect of the intervention on health outcomes. If controlled clinical trials are not available, observational studies that suggest a causal relationship between the intervention and health outcomes can be used. Partially controlled observational studies and uncontrolled clinical series may be suggestive but do not by themselves demonstrate a causal relationship unless the magnitude of the effect observed exceeds anything that could be explained either by the natural history of the medical condition or potential Experimental biases. For existing interventions, the scientific evidence should be considered first and, to the greatest extent possible, should be the basis for determinations of Medical Necessity. If no scientific evidence is available, professional standards of care should be considered. If professional standards of care do not exist, or are outdated or contradictory, decisions about existing interventions should be based on expert opinion. Giving priority to scientific evidence does not mean that coverage of existing interventions should be denied in the absence of conclusive scientific evidence. Existing interventions can meet the definition of Medical Necessity in the absence of scientific evidence if there is a strong conviction of effectiveness and benefit expressed through up-to-date and consistent professional standards of care or, in the absence of such standards, convincing expert opinion.
- vi. A *new intervention* is one that is not yet in widespread use for the medical condition and patient indications being considered. New interventions for which clinical trials have not been conducted because of

epidemiological reasons (i.e., rare or new diseases or orphan populations) shall be evaluated on the basis of professional standards of care. If professional standards of care do not exist, or are outdated or contradictory, decisions about such new interventions should be based on convincing expert opinion.

- vii. An intervention is considered *cost-effective* if the benefits and harms relative to costs represent an economically efficient use of resources for patients with this condition. In the application of this criterion to an individual case, the characteristics of the individual patient shall be determinative.

- **What are Behavioral Health Services?**
- **What is a Severe Mental Illness?**
- **What is the Serious Emotional Disturbance of a Child?**
- **What does USBHPC do?**

SECTION 2. GETTING STARTED: YOUR NETWORK PROVIDER

- Do I need a referral?
- How do I access Behavioral Health Services?
- Choice of Physicians and Providers
- Continuity of Care

This Section explains how to obtain USBHPC Behavioral Health Services and the role of USBHPC's Network Providers.

Do I need a referral from my PCP to get Behavioral Health Services?

No. You can call USBHPC directly to obtain Behavioral Health Services. If you would like us to, we will help coordinate the care you receive from your USBHPC Network Provider and the services provided by your PCP (PCP). This may be very important when you have both medical and behavioral health conditions. USBHPC will obtain the appropriate consents before information is released to your PCP. You may call USBHPC Customer Service at any time to start this process.

How do I access Behavioral Health Services?

Step 1

To access Behavioral Health Services, you should call USBHPC first, except in an Emergency. Just call USBHPC Customer Service at 1-800-999-9585. A USBHPC staff member will make sure you are an eligible Member of the USBHPC Behavioral Health Plan and answer any questions you may have about your benefits. The USBHPC staff member will conduct a brief telephone screening by asking you questions, such as:

- What are the problems or symptoms you are having?
- Are you already seeing a Provider?
- What kind of Provider do you prefer?

You will then be given the name and telephone number of one or more USBHPC Network Providers near your home or work that meets your needs.

Step 2

You call the USBHPC Network Provider's office to make an appointment. If your request for services is non-urgent, the Network provider is expected to offer you an appointment within ten (10) working days.

Step 3

You do not need prior approval for routine outpatient services. However, all inpatient services must be pre-authorized. Also certain non-routine outpatient services that you receive from your USBHPC Network Provider may need pre-authorization from USBHPC, except in the event of an Emergency. You do not need to go through your PCP, but you must obtain prior authorization through USBHPC for Inpatient services, Residential Treatment services, Intensive Outpatient Program Treatment, Outpatient Electro-Convulsive Treatment, and Outpatient Treatment extended beyond 45 minutes, Partial Hospitalization/ Day Treatment, Behavioral Health Treatment for PDD/ Autism including Applied Behavior Analysis (ABA) and other evidence-based behavior intervention programs[, Medical Detoxification], Methadone Maintenance Treatment and Psychological Testing when necessary to evaluate a Mental Disorder, except in the event of an Emergency. Yes. If you are enrolled in this USBHPC Behavioral Health Plan and choose to see a Provider who is not part of the USBHPC network, the services will be excluded; and you will have to pay for the entire cost of the treatment (except in an Emergency) with no reimbursement from USBHPC.

Continuity of Care With a Terminated Provider

In the event your Network Provider is no longer a part of the USBHPC Provider network for reasons other than breach of contract, a medical disciplinary cause, fraud or other criminal activity, you may be eligible to continue receiving care from that Provider to ensure a smooth transition to a new Network Provider and to complete a course of treatment with the same terminated Provider.

For a Member to continue receiving care from a terminated Provider, the following conditions must be met:

1. Continuity of Care services from a terminated Provider must be preauthorized by USBHPC;
2. The requested treatment must be a Covered Service under this Plan;
3. The terminated Provider must agree in writing to be subject to the same contractual terms and conditions that were imposed upon the Provider prior to termination, including, but not limited to, credentialing, hospital privileging, utilization review, peer review and quality assurance requirements, notwithstanding the provisions outlined in the Provider contract related to Continuity of Care;
4. The terminated Provider must agree in writing to be compensated at rates and methods of payment similar to those used by USBHPC for current Network Providers providing similar services who are practicing in the same or a similar geographic area as the terminated Provider.

Questions about your benefits? Call our Customer Service Department at 1-877-359-3714 or 711 (TTY).

Covered Health Care Services for the Continuity of Care Condition under treatment by the Terminated or Out-of-Network Mental Health Provider will be considered complete when:

- i. the Member's Continuity of Care Condition under treatment is medically stable, and
- ii. there are no clinical contraindications that would prevent a medically safe transfer to a Network Mental Health Provider as determined by a USBHPC Medical Director (or designee) in consultation with the Member, the Terminated Mental Health Provider and, as applicable, the Member's receiving Network Provider.

All Continuity of Care requests will be reviewed on a case-by-case basis. Reasonable consideration will be given to the severity of the Member's condition and the potential clinical effect of a change in Provider regarding the Member's treatment and outcome of the condition under treatment.

If you are receiving treatment for any of the specified Continuity of Care Conditions as limited and described in **Section 7. Definitions**, and believe you qualify for continued care with the terminating Provider, please call the Customer Service Department and request the form "Request for Continuity of Care." Complete and return the form to USBHPC as soon as possible, but within thirty (30) calendar days of the Provider effective date of termination.

If you have any questions about this provision or would like a copy of our Continuity of Care Policy, you may call our Customer Service Department.

Continuity of Care for New Members

Under certain circumstances, new Members of USBHPC may be able to temporarily continue receiving services from an Out-of-Network Provider. This short-term transition assistance may be available for a new Member who:

1. Did not have the option to continue with his/her previous behavioral health plan at time of enrollment;
2. Had no other behavioral health plan choice other than through USBHPC;
3. Is under treatment by an Out-of-Network Provider at the time of enrollment for an acute or serious chronic mental health condition;
4. Is receiving treatment that is a benefit under this USBHPC Benefit Plan; and
5. Was not offered a plan with an out-of-network option.
6. The Member must be new to USBHPC as a result of the Members' Employer Group changing health plans;

Behavioral Health Services provided by an Out-of-Network Provider may be covered by USBHPC for the purpose of safely transitioning you or your Dependent to a USBHPC Network Provider. If the Behavioral Health Services are preauthorized by USBHPC, USBHPC may cover such services to the extent they would be covered if provided by a USBHPC Network Provider under the USBHPC Behavioral Health Plan. This means that you will only be responsible for your Co-payment or coinsurance listed on the *Schedule of Benefits*. The Out-of-Network Provider must agree in writing to the same contractual terms and conditions that are imposed upon USBHPC Network Providers, including reimbursement methodologies and rates of payment.

These Continuity of Care services, except for Emergency Services, must be approved by USBHPC. If you would like to request continuing treatment from an Out-of-Network Provider, call the USBHPC Customer Service Department within 30 days. If you have any questions or would like a copy of USBHPC's continuity-of-care policy, call or write the USBHPC Customer Service Department.

Outpatient Treatment

For outpatient treatment, USBHPC will authorize an appropriate number of Visits for you to continue treatment with the existing Out-of-Network Provider in order to transition you safely to a USBHPC Network Provider.

Questions about your benefits? Call our Customer Service Department at 1-877-359-3714 or 711 (TTY).

SECTION 3. EMERGENCY SERVICES AND URGENTLY NEEDED SERVICES

- **What is an Emergency?**
- **What are Psychiatric Emergency Services?**
- **What To Do When You Require Psychiatric Emergency Services**
- **What To Do When You Require Urgently Needed Services**
- **Continuing or Follow-Up of Emergency Treatment**
- **If I am out of State or traveling, am I still covered?**

Worldwide, wherever you are, USBHPC provides coverage for Emergency Services and Urgently Needed Services. This section will explain how to obtain Emergency Services and Urgently Needed Services. It will also explain what you should do following receipt of these services.

IMPORTANT!

If you believe you are experiencing an Emergency condition, call 911 or go directly to the nearest hospital emergency room or other facility for treatment.

What is an Emergency?

An Emergency is defined as a condition manifesting itself by acute symptoms of sufficient severity such that the absence of immediate Behavioral Health Services could reasonably be expected by the Member to result in any of the following:

- Immediate harm to self or others;
- Placing your health in serious jeopardy;
- Serious impairment of your functioning; or
- Serious dysfunction of any bodily organ or part.

A situation will be considered an Emergency if you or your Dependent are experiencing a situation which requires the immediate provision of Behavioral Health Services such that a delay caused by seeking treatment from a USBHPC Network Provider would result in a serious deterioration to your mental health.

An Emergency Medical Condition also includes a Psychiatric Emergency Medical Condition which is a mental disorder that manifests itself by acute symptoms of sufficient severity that it renders the patient as being either of the following:

- a. an immediate danger to himself or herself or others; or
- b. immediately unable to provide for, or utilize, food, shelter or clothing, due to the mental disorder.

What are Psychiatric Emergency Services?

Psychiatric Emergency Services are Medically Necessary ambulance or ambulance transport services provided through the 911 Emergency response system. It includes the medical screening, examination and evaluation by a Physician, or other licensed personnel – to the extent provided by law – to determine if a Psychiatric Emergency exists. If a Psychiatric Emergency condition exists, Psychiatric Emergency Services include the care and treatment by a Physician necessary to stabilize or eliminate the Emergency condition within the capabilities of the facility, which includes admission or transfer to a psychiatric unit within a general acute hospital or acute psychiatric hospital for the purpose of providing care and treatment necessary to relieve or eliminate a Psychiatric Emergency Medical Condition, if in the opinion of the treating provider it would not result in material deterioration of the Member's condition.

Questions about your benefits? Call our Customer Service Department at 1-877-359-3714 or 711 (TTY).

2025 UnitedHealthcare SignatureValue™ Alliance HMO – Basic Plan

What To Do When You Require Psychiatric Emergency Services

Step 1: In an Emergency, get help or treatment immediately.

This means you should call 911 or go directly to the nearest medical facility for treatment.

Step 2: Then, within 48 hours of your Emergency, or as soon as is reasonably possible after your condition is stable, you, or someone acting on your behalf, must call USBHPC at 1-800-999-9585.

This is important.

Psychiatric Emergency Services are covered only as long as the condition continues to be an Emergency. Once the condition is under control and you can be safely transferred or discharged, additional charges incurred through the Emergency care facility will not be covered.

Step 3: USBHPC will arrange follow up services for your condition after an Emergency. USBHPC may move you to a Network Provider in our network, as long as the move would not harm your health.

It is appropriate for you to use the 911 Emergency response system, or alternative Emergency system in your area, for assistance in an Emergency situation when ambulance transport services are required and you reasonably believe that your condition is immediate, serious and requires Emergency transport services to take you to the appropriate facility.

What To Do When You Require Urgently Needed Services

In-Area Urgently Needed Services

If you need Urgently Needed Services when you are in the geographic area served by your Network Provider, you should contact your Network Provider. If you are calling during nonbusiness hours, and your Network Provider is not immediately available, call USBHPC Customer Service Department for assistance in finding a provider near your area. If your Network Provider or USBHPC is temporarily unavailable or inaccessible, you should seek Urgently Needed Services from a licensed behavioral health professional wherever you are located.

Out-of-Area Urgently Needed Services

Urgently Needed Services are required in situations where a Member is temporarily outside the geographic area served by the Member's Network Provider and the Member experiences a mental condition that, while less serious than an Emergency, could result in the serious deterioration of the Member's mental health if not treated before the Member returns to the geographic area serviced by his or her Network Provider.

When you are temporarily outside the geographic area served by your Network Provider, and you believe that you require Urgently Needed Services, you should, if possible, call (or have someone else call on your behalf) your Network Provider. If you are calling during nonbusiness hours, and your Provider is not immediately available, call USBHPC Customer Service Department for assistance in finding a Provider near your area. If your Network Provider or USBHPC is temporarily unavailable or inaccessible, you should seek Urgently Needed Services from a licensed behavioral health professional wherever you are located.

You, or someone else on your behalf, must notify USBHPC or your Network Provider within 24 hours, or as soon as reasonably possible, after the initial receipt of Urgently Needed Services.

It is very important that you follow the steps outlined above. If you do not, you may be financially responsible for services received.

Continuing or Follow-up of Emergency Treatment or Urgently Needed Services

If you require Behavioral Health Services following an Emergency or Urgently Needed Services and you desire that these services be covered, the Behavioral Health Services must be coordinated and authorized by USBHPC. In addition, if a transfer does not create an unreasonable risk to your health, USBHPC may require that you transfer to a USBHPC Network Provider designated by USBHPC for any treatment following the Emergency or Urgently Needed Services.

Questions about your benefits? Call our Customer Service Department at 1-877-359-3714 or 711 (TTY).

Failure to transfer or to obtain approval from USBHPC for continued treatment may result in all further treatment being denied if the services were not Medically Necessary or did not meet the Emergency or Urgently Needed Services criteria outlined in this document.

If I am out of State or traveling, am I still covered?

Yes, but only in an Emergency or Urgent situation. If you think you are experiencing an Emergency or require Urgently Needed Services, get treatment immediately. Then, as soon as reasonably possible, call USBHPC Customer Service Department to ensure your Emergency Treatment or Urgently Needed Services are covered.

This is important.

If you are traveling outside of the United States, you can reach USBHPC by calling 1-877-447-5915 for additional instructions on what to do in the case of an Emergency or Urgent situation.

Note: Under certain circumstances, you may need to pay for your Emergency or Urgently Needed Services at the time of treatment. If this is necessary, please pay for such services and then contact USBHPC at the earliest opportunity. Be sure to keep all receipts and copies of relevant medical documentation. You will need these to be properly reimbursed. For more information on submitting claims to USBHPC, please refer to **Section 5.**

(A Learning Disability is a condition where there is a meaningful difference between a person's current level of learning ability and the level that would be expected for a person of that age. This exclusion does not apply or exclude medically necessary behavior health therapy services for treatment of pervasive developmental disorders (PDD) or Autism.

27. Treatment of problems that are not Mental Disorders are not covered, except for diagnostic evaluation.

28. Experimental and/or Investigational Therapies, Items and Treatments are not covered, unless required by an external independent review panel as described in the Section of this *Combined Evidence of Coverage and Disclosure Form* captioned "Experimental and Investigational Therapies." Unless otherwise required by federal or state law, decisions as to whether a particular treatment is Experimental or Investigational and therefore not a covered benefit are determined by the USBHPC Medical Director or a designee. For the purpose of this *Combined Evidence of Coverage and Disclosure Form*, procedures, studies, tests, drugs or equipment will be considered Experimental and/or Investigational if any of the following criteria/ guidelines are met:

It cannot lawfully be marketed without the approval of the Food and Drug Administration (FDA), and such approval has not been granted at the time of its use or proposed use.

It is a subject of a current investigation of new drug or new device (IND) applications on file with the FDA.

It is the subject of an ongoing clinical trial (Phase I, II, or the research arm of Phase III) as defined in regulations and other official publications issued by the FDA and the Department of Health and Human Services.

Questions about your benefits? Call our Customer Service Department at 1-877-359-3714 or 711 (TTY).

It is being provided pursuant to a written protocol that describes among its objectives the determination of safety, efficacy, toxicity, maximum tolerated dose or effectiveness in comparison to conventional treatments.

It is being delivered or should be delivered subject to approval and supervision of an Institutional Review Board (IRB) as required and defined by federal regulations or other official actions (especially those of the FDA or DHHS).

Other facilities studying substantially the same drug, device, medical treatment or procedures refer to it as experimental or as a research project, a study, an invention, a test, a trial or other words of similar effect.

The predominant opinion among experts as expressed in published, authoritative medical literature is that usage should be confined to research settings.

It is not Experimental or Investigational itself pursuant to the above criteria, but would not be Medically Necessary except for its use in conjunction with a drug, device or treatment that is Experimental or Investigational (e.g., lab test or imaging ordered to evaluate the effectiveness of the Experimental therapy.)

The source of information to be relied upon by USBHPC in determining whether a particular treatment is Experimental or Investigational, and therefore not a covered benefit under this Behavioral Health Plan, include, but are not limited to the following:

- The Member’s Medical records;
- The protocol(s) pursuant to which the drug, device, treatment or procedure is to be delivered;
- Any informed consent document the Member, or his or her representative, has executed or will be asked to execute, in order to receive the drug, device, treatment or procedure;
- The published authoritative medical and scientific literature regarding the drug, device, treatment or procedure;
- Expert medical opinion;
- Opinions of other agencies or review organizations (e.g., ECRI Health Technology Assessment Information Services or HAYES New Technology Summaries);
- Regulations and other official actions and publications issued by agencies such as the FDA, DHHS and Agency for Healthcare Research and Quality (AHRQ);
- USBHPC Technology Assessment Committee Guidelines.

A Member with a Life-Threatening or Seriously Debilitating condition may be entitled to an expedited external independent review of USBHPC’s coverage determination regarding Experimental or Investigational therapies as described in the Section of this *Combined Evidence of Coverage and Disclosure Form* captioned “Experimental and Investigational Therapies.”

29. All exclusions and limitations listed in the UnitedHealthcare of California Group *Subscriber Agreement* and EOC under the “Exclusions and Limitations” section.
30. Services provided to the Member on an Out-of-Network basis other than if authorized by the Plan.
31. Services rendered by an Out-of-Network Provider are not covered, except for Emergency Services or services authorized by USBHPC.
32. Services rendered outside the Service Area are not covered, except for Emergency Services or Urgently Needed Services.
33. Services following discharge after receipt of Emergency Services or Urgently Needed Services are not covered without a Network Provider’s or USBHPC’s authorization. The fact that the Member is outside the Service Area and that it is inconvenient for the Member to obtain the required services from a Network Provider will not entitle the Member to coverage.

SECTION 5. OVERSEEING YOUR BEHAVIORAL HEALTH SERVICES

- **How USBHPC Makes Important Benefit Decisions**
- **Second Opinions**
- **New Treatment and Technologies**
- **Experimental and Investigational Therapies**
- **Appealing a Behavioral Health Benefit Decision**
- **Independent Medical Review**

This section explains how USBHPC authorizes or makes changes to your Behavioral Health Services, how we evaluate new behavioral health technologies and how we reach decisions about your coverage.

You will also find out what to do if you are having a problem with your Behavioral Health Plan, including how to appeal a behavioral health benefit decision by USBHPC or one of our Network Providers. You will learn the process that is available for filing a formal grievance, as well as how to request an expedited decision when your condition requires a quicker review.

How USBHPC Makes Important Benefit Decisions

Authorization, Modification and Denial of Behavioral Health Services

When a Member requests Mental Health Services or **Substance-Related and Addictive Disorder** Services, USBHPC uses established utilization management (UM) criteria to approve, deny, delay or modify authorization of benefits based on Medical Necessity. The criteria used for evaluating Mental Health Services are based on empirical research and industry standards. These are the *MCAP Behavioral Health Criteria*. For **Substance-Related and Addictive Disorder** Services USBHPC uses the *American Society of Addiction Medicine Placement Guidelines for Substance Related Disorder – Version II-Revised*. The UM criteria used to deny, delay or modify requested services in the Member's specific case will be provided free of charge to the Network Provider and to the Member. The public is also able to receive specific criteria or guideline, based on a particular diagnosis, upon request.

If you or your Dependent(s) are receiving Behavioral Health Services from a school district or a regional center, USBHPC will coordinate with the school district or regional center to provide Case Management of your Behavioral Health Treatment Program. Upon USBHPC's request, you or your Dependent(s) may be required to provide a copy of the most recent Individual Education Plan (IEP) that you or your Dependent(s) received from the school district and or the most recent Individual Program Plan (IPP) or Individual Family Service Plan (IFSP) from the regional center to coordinate these services.

The USBHPC qualified Physician or other appropriate qualified licensed health care professional, and its Network Providers make decisions to deny, delay or modify requests for authorization of Behavioral Health Services, based on Medical Necessity, within the following time frames as required by California state law:

Decisions based on Medical Necessity will be made in a timely fashion appropriate for the nature of the Member's condition, not to exceed five (5) business days from USBHPC's receipt of information reasonably necessary to make the decision.

If the Member's condition poses an imminent and serious threat to his/her health, including, but not limited to, severe pain, potential loss of life, limb or other major bodily functions, or lack of timeliness would be detrimental in regaining maximum functions, the decision would be rendered in a timely fashion appropriate for the nature of the Member's condition, not to exceed twenty-four (24) hours after USBHPC's receipt of the information reasonably necessary and requested by USBHPC to make the determination.

Questions about your benefits? Call our Customer Service Department at 1-877-359-3714 or 711 (TTY).

If the decision cannot be made within these time frames because (i) USBHPC is not in receipt of all the information reasonably necessary and requested, or (ii) USBHPC requires consultation by an expert reviewer, or (iii) USBHPC has asked that an additional examination or test be performed upon the Member, provided the examination or test is reasonable and consistent with good medical practice, USBHPC will notify the Network Provider and the Member, in writing, that a decision cannot be made within the required time frame. The notification will specify the information requested but not received or the additional examinations or tests required, and the anticipated date on which a decision may be rendered following receipt of all reasonably necessary requested information. Upon receipt of all information reasonably necessary and requested by USBHPC, then USBHPC shall approve or deny the request for authorization within the time frame specified above as applicable.

USBHPC notifies requesting Network Providers of decisions to deny or modify request for authorization of Behavioral Health Services of Members within twenty-four (24) hours of the decision. Members are notified of decisions, in writing, within two (2) business days of the decision. The written decision will include the specific reason(s) for the decision, the clinical reason(s) for modifications or denials based on a lack of Medical Necessity, and information about how to file an appeal of the decision with USBHPC. In addition, the internal criteria or benefit interpretation policy, if any, relied upon in making this decision will be made available upon request by the Member.

In the case of urgent concurrent review, USBHPC will review and render a decision within no more than seventy-two (72) hours taking into consideration the nature of the Member's condition and provide a response to the Network Provider within twenty-four (24) hours of the decision. Care shall not be discontinued until the Member's treating provider has been notified of USBHPC's decision, and a care plan has been agreed upon by the treating Network Provider that is appropriate for the medical needs of the patient. The written decision will include the specific reason(s) for the decision, the clinical reason(s) for modifications or denials based on a lack of Medical Necessity, and information about how to file an appeal of the decision with USBHPC. In addition, the internal criteria or benefit interpretation policy, if any, relied upon in making this decision will be made available upon request by the Member.

In the case of a request for retrospective services, the total time for making the retrospective review decision and notifying the Network Provider and Member in writing shall not exceed thirty (30) calendar days from receipt of the claim/request. Written notification of the retrospective review determination is sent to the treating Network Provider, facility, and Member and/or authorized member representative within thirty (30) days of the retrospective review request.

If the Member requests an extension of a previously authorized and currently ongoing course of treatment, and the request is an "Urgent Request" as defined above, USBHPC will modify or deny the request as soon as possible, taking into account the Member's behavioral health condition, and will notify the Member of the decision within 24 hours of the request, provided the Member made the request to USBHPC at least 24 hours prior to the expiration of the previously authorized course of treatment. If the concurrent care request is not an Urgent Request as defined above, USBHPC will treat the request as a new request for a Covered Service under the Behavioral Health Plan and will follow the time frame for non-Urgent requests as discussed above.

If you would like a copy of USBHPC's description of processes utilized for the authorization or denial of Behavioral Health Services, or the criteria or guidelines related to a particular condition, you may contact the USBHPC Customer Service Department or visit the USBHPC Web site at www.liveandworkwell.com.

Second Opinions

A Member, or his or her treating USBHPC Network Provider, may submit a request for a second opinion to USBHPC either in writing or verbally through the USBHPC Customer Service Department. Second opinions will be authorized for situations, including, but not limited to, when:

Questions about your benefits? Call our Customer Service Department at 1-877-359-3714 or 711 (TTY).

- the Member questions the reasonableness or necessity of recommended procedures;
- the Member questions a diagnosis or plan for care for a condition that threatens loss of life, loss of limb, loss of bodily functions, or substantial impairment, including but not limited to a chronic condition;
- the clinical indications are not clear or are complex and confusing, a diagnosis is in doubt due to conflicting test results, or the treating Provider is unable to diagnose the condition and the Member requests an additional diagnosis;
- the Treatment Plan in progress is not improving the medical condition of the Member within an appropriate period of time given the diagnosis and plan of care, and the Member requests a second opinion regarding the diagnosis or continuance of the treatment; or
- the Member has attempted to follow the plan of care or consulted with the initial Provider concerning serious concerns about the diagnosis or plan of care.

The request for a second opinion will be approved or denied by USBHPC's Medical Director (or designee) in a timely fashion appropriate for the nature of your or Dependent's condition. For circumstances other than an imminent or serious threat to your health, a second opinion request will be approved or denied within five business days after the Network Provider or USBHPC receives the request. When there is an imminent and serious threat to your behavioral health, a decision about your second opinion will be made within 72 hours after receipt of the request by your Network Provider or USBHPC.

If you are requesting a second opinion about care given by your Network Provider, the second opinion will be provided by an appropriately qualified behavioral health professional of your choice within the same Network Provider Network. If you request a second opinion about care received from a specialist the second opinion will be provided by any behavioral health care professional of your choice from within the same Network Provider Network. The Network Provider providing the second opinion will possess the clinical background, including training and expertise, related to the illness or condition associated with the request for a second opinion.

If there is no qualified Network Provider within the network, then USBHPC will authorize a second opinion by an appropriately qualified behavioral health professional outside the Network Provider network. In approving a second opinion either inside or outside of the Network Provider network, USBHPC will take into account the ability of the Member to travel to the Provider.

A second opinion will be documented by a consultation report which will be made available to you. If the Provider giving the second opinion recommends a particular treatment, diagnostic test or service covered by USBHPC, and it is determined to be Medically Necessary by your Network Provider, the treatment, diagnostic test or service will be provided or arranged by the Member's Network Provider. However, the fact that a Provider furnishing a second opinion recommends a particular treatment, diagnostic test or service does not necessarily mean that the treatment, diagnostic test or service is Medically Necessary or a Covered Service under your USBHPC Behavioral Health Plan. You will be responsible for paying any Co-payment, as set forth in your *Schedule of Benefits*, to the USBHPC Provider who renders the second opinion. If you obtain a second opinion without preauthorization from your Network Provider or USBHPC, you will be financially responsible for the cost of the opinion.

If you or your Dependent's request for a second opinion is denied, USBHPC will notify you in writing and provide the reason for the denial. You or your Dependent may appeal the denial by following the procedures outlined in the appeals section described below.

How are new treatment and technologies evaluated?

USBHPC is committed to evaluating new treatments and technologies in behavioral health care. A committee composed of USBHPC's Medical Director and people with subject matter expertise meet at least once a year to assess new advances and programs.

Your USBHPC Network Provider certifies that you have a Life-Threatening or Seriously Debilitating condition, as defined above, for which standard therapies have not been effective in improving your condition, or for which standard therapies would not be medically appropriate for you, or for which there is no more beneficial standard therapy covered by USBHPC than the therapy proposed pursuant to paragraph (3); and
3. Either (a) your USBHPC Network Provider has recommended a treatment, drug, device, procedure or other therapy that he or she certifies in writing is likely to be more beneficial to you than any available standard therapies, and he or she included a statement of the evidence relied upon by the Network Provider in certifying his or her recommendation; or (b) you, or your non-Contracting Physician who is a licensed, board-certified or board-eligible Physician or Provider qualified to practice in the area of practice appropriate to treat your condition, has requested a therapy that, based on two documents from medical and scientific evidence (as defined in California Health and Safety Code Section 1370.4(d)), is likely to be more beneficial for you than any available standard therapy.

U.S. Behavioral Health Plan, California
P.O. Box 2839

All information provided will be taken into account without regard to whether such information was submitted or considered in the initial ABD.

USBHPC will acknowledge receipt of your request within five (5) calendar days. Standard grievances are resolved within 30 calendar days.

You have the right to review the information that we have regarding your grievance. Upon request and free of charge, this information will be provided to you, including copies of all relevant documents, records, and other information. To make a request, contact Customer Service at 1-800-999-9585.

If USBHPC upholds the ABD, that decision becomes the Final Adverse Benefit Decision (FABD).

Upon receipt of an FABD, the following options are available to the Member:

- For FABDs involving medical judgment, the member may pursue the Independent External Review process described below;
- For FABDs involving benefit, the Member may pursue the CalPERS Administrative Review process as described in the CalPERS Administrative Review section. *[or you may initiate voluntary mediation, or binding arbitration, as described in the Voluntary Mediation and Binding Arbitration section.]*

Urgent Decision

An urgent grievance is resolved within 72 hours upon receipt of the request, but only if USBHPC determines the grievance meets one of the following:

- The standard appeal timeframe could seriously jeopardize your life, health, or ability to regain maximum function; **OR**
- The standard appeal timeframe would, in the opinion of a physician with knowledge of your medical condition, subject you to severe pain that cannot be adequately managed without extending your course of covered treatment; **OR**
- A physician with knowledge of your medical condition determines that your grievance is urgent.

Questions about your benefits? Call our Customer Service Department at 1-877-359-3714 or 711 (TTY).

If USBHPC determines the grievance request does not meet one of the above requirements, the grievance will be processed as a standard request.

Note: If you believe your condition meets the criteria above, you have the right to contact the California Department of Managed Health Care (DMHC) at any time to request an IMR, at 1-888-466-2219 (TDD 1-877-688-9891), without first filing an appeal with us.

Experimental or Investigational Denials

USBHPC does not cover Experimental or Investigational drugs, devices, procedures or therapies. However, if USBHPC denies or delays coverage for your requested treatment on the basis that it is Experimental or Investigational and you meet the eligibility criteria set out below, you may request an IMR of USBHPC's decision from the DMHC. **Note:** DMHC does not require you to exhaust USBHPC's appeal process before requesting an IMR of ABD's based on Experimental or Investigational Services. In such cases, you may immediately contact DMHC to request an IMR.

You pay no application or processing fees of any kind for this review. If you decide not to participate in the DMHC review process, you may be giving up any statutory right to pursue legal action against us regarding the disputed health care service.

We will send you an application form and an addressed envelope for you to request this review with any grievance disposition letter denying coverage. You may also request an application form by calling us at 1-800-999-9585 or write to us at U.S. Behavioral Health Plan, California, P.O. Box 2839, San Francisco, CA 94126. To qualify for this review, all of the following conditions must be met:

You have a life threatening or seriously debilitating condition. The condition meets either or both of the following descriptions:

- A life-threatening condition or a disease is one where the likelihood of death is high unless the course of the disease is interrupted. A life-threatening condition or disease can also be one with a potentially fatal outcome where the end point of clinical intervention is the patient's survival.
- A seriously debilitating condition or disease is one that causes major irreversible morbidity.

Your medical group/physician must certify that either (a) standard treatment has not been effective in improving your condition, (b) standard treatment is not medically appropriate, or (c) there is no standard treatment option covered by this plan that is more beneficial than the proposed treatment.

The proposed treatment must either be:

- Recommended by a/an USBHPC provider who certifies in writing that the treatment is likely to be more beneficial than standard treatments, or
- Requested by you or by a licensed board certified or board eligible doctor qualified to treat your condition. The treatment requested must be likely to be more beneficial for you than standard treatments based on two documents of scientific and medical evidence from the following sources:
 - Peer-reviewed scientific studies published in or accepted for publication by medical journals that meet nationally recognized standards;
 - Medical literature meeting the criteria of the National Institute of Health's National Library of Medicine for indexing in Index Medicus, Excerpta Medicus (EMBASE), Medline, and MEDLARS database of Health Services Technology Assessment Research (HSTAR);
 - Medical journals recognized by the Secretary of Health and Human Services, under Section 1861(t)(2) of the Social Security Act;

Questions about your benefits? Call our Customer Service Department at 1-877-359-3714 or 711 (TTY).

- Either of the following: (i) The American Hospital Formulary Service's Drug Information, or (ii) the American Dental Association Accepted Dental Therapeutics;
- Any of the following references, if recognized by the federal Centers for Medicare and Medicaid Services as part of an anticancer chemotherapeutic regimen: (i) the Elsevier Gold Standard's Clinical Pharmacology, (ii) the National Comprehensive Cancer Network Drug and Biologics Compendium, or (iii) the Thomson Micromedex DrugDex;
- Findings, studies or research conducted by or under the auspices of federal governmental agencies and nationally recognized federal research institutes, including the Federal Agency for Health Care Policy and Research, National Institutes of Health, National Cancer Institute, National Academy of Sciences, Centers for Medicare and Medicaid Services, Congressional Office of Technology Assessment, and any national board recognized by the National Institutes of Health for the purpose of evaluating the medical value of health services; and
- Peer reviewed abstracts accepted for presentation at major medical association meetings.

In all cases, the certification must include a statement of the evidence relied upon.

You must ask for this review within six (6) months of the date you receive a denial notice from us in response to your grievance, or from the end of the 30 day or 72-hour grievance period, whichever applies. This application deadline may be extended by the DMHC for good cause.

Within three business days of receiving notice from the DMHC of your request for review we will send the reviewing panel all relevant medical records and documents in our possession, as well as any additional information submitted by you or your *doctor*. Any newly developed or discovered relevant medical records that we or a USBHPC *provider* identifies after the initial documents are sent will be immediately forwarded to the reviewing panel. The external independent review organization will complete its review and render its opinion within 30 days of its receipt of request (or within seven days if your *doctor* determines that the proposed treatment would be significantly less effective if not provided promptly). This timeframe may be extended by up to three days for any delay in receiving necessary records.

Independent Medical Review (IMR) Involving a Disputed Health Care Service

You or an authorized representative may request an IMR of Disputed Health Care Services from the DMHC if you believe that Health Care Services eligible for coverage and payment under your USBHPC Plan have been improperly denied, modified or delayed, in whole or in part, by USBHPC or one of its providers because the service is deemed not medically necessary.

The IMR process is in addition to any other procedures or remedies that may be available to you. You pay no application or processing fees of any kind for this review.

You have the right to provide information in support of the request for an IMR. USBHPC must provide you with an IMR application form and USBHPC's FABD letter that states its position on the Disputed Health Care Service. A decision not to participate in the IMR process may cause you to forfeit any statutory right to pursue legal action against USBHPC regarding the Disputed Health Care Service.

Eligibility: The DMHC will look at your application for IMR to confirm that:

1. One or more of the following conditions have been met:
 - (a) Your provider has recommended a health care service as *medically necessary*, or
 - (b) You have had *urgent care* or *emergency services* that a provider determined was *medically necessary*, or

Questions about your benefits? Call our Customer Service Department at 1-877-359-3714 or 711 (TTY).

- (c) You have been seen by a USBHPC *provider* for the diagnosis or treatment of the medical condition for which you want an IMR;
2. The disputed health care service has been denied, changed, or delayed by us or your *medical group*, based in whole or in part on a decision that the health care service is deemed not *medically necessary*; and
 3. You have filed a complaint with us or your *medical group* and the disputed decision is upheld or the complaint is not resolved after 30 days. If your complaint requires urgent review, you need not participate in our complaint process for more than 72 hours. The DMHC may waive the requirement that you follow our complaint process in extraordinary and compelling cases.

You must ask for this review within six (6) months of the date you receive a denial notice from us in response to your grievance, or from the end of the 30 day or 72-hour grievance period, whichever applies. This application deadline may be extended by the DMHC for good cause.

If your case is eligible for an IMR, the dispute will be submitted to an Independent Medical Review Organization (IRO) contracted with the DMHC for review by one or more expert reviewers, independent of USBHPC. The IRO will make an independent determination of whether or not the care should be provided. The IRO selects an independent panel of medical professionals knowledgeable in the treatment of your condition, the proposed treatment and the guidelines and protocols in the area of treatment under review. Neither you nor USBHPC will control the choice of expert reviewers.

The IRO will render its analysis and recommendations on your IMR case in writing, and in layperson's terms to the maximum extent practical. For standard reviews, the IRO must provide its determination and the supporting documents, within 30 days of receipt of the application for review. For urgent cases, utilizing the same criteria as in the Appeal and Grievance Procedures section above, the IRO must provide its determination within 72 hours.

If the IRO upholds USBHPC's FABD, you may have additional review rights under the CalPERS Administrative Review section.

For more information regarding the IMR process or to request an application form, please call Customer Service at 1-800-999-9585.

Department of Managed Health Care

The California Department of Managed Health Care is responsible for regulating health care service plans.

If you have a grievance against your health plan, you should first telephone your health plan toll free at 1-877-359-3714 (TTY users call 1-855-479-3660) and use your health plan's grievance process before contacting the department. Utilizing this grievance procedure does not prohibit any potential legal rights or remedies that may be available to you.

If you need help with an appeal involving an emergency, an appeal that has not been satisfactorily resolved by your health plan, or an appeal that has remained unresolved for more than 30 days, you may call DMHC for assistance.

You may also be eligible for an IMR. If you are eligible for an IMR, the IMR process will provide an impartial review of medical decisions made by a health plan related to the medical necessity of a proposed service or treatment, coverage decisions for treatments that are Experimental or Investigational in nature and payment disputes for emergency or urgent medical services. DMHC also has a toll-free telephone number **(1-888-466-2219)** and a TDD line **(1-877-688-9891)** for the hearing and speech impaired. DMHC's Internet website <http://www.DMHC.ca.gov> has complaint forms, IMR application forms and online instructions.

Questions about your benefits? Call our Customer Service Department at 1-877-359-3714 or 711 (TTY).

In the event that USBHPC should cancel or refuse to renew enrollment for you or your dependents and you feel that such action was due to health or utilization of benefits, you or your dependents may request a review by the DMHC Director.

Appeal Rights Following Grievance Procedure

If you do not achieve resolution of your complaint through the grievance process described under the sections, Grievance Procedures, Experimental or Investigational Denials, Independent Medical Review (IMR) Involving a Disputed Health Care Service, and Department of Managed Health Care, you have additional dispute resolution options, as follows below:

1. Eligibility issues

Issues of eligibility must be referred directly to CalPERS at:

CalPERS Health Account Management Division
Attn: Enrollment Administration
P.O. Box 942715
Sacramento, CA 94229-2715

888 CalPERS (or **888-225-7377**) CalPERS Customer Service and Outreach Division toll free telephone number
1-916-795-1277 fax number

2. Coverage Issues

A coverage issue concerns the denial or approval of health care services substantially based on a finding that the provision of a particular service is included or excluded as a covered benefit under this EOC booklet. It does not include a plan or contracting provider decision regarding a Disputed Health Care Service.

If you are dissatisfied with the outcome of USBHPC's internal appeal process or if you have been in the process for 30 days or more, you may request review by the DMHC, proceed to court, *[or initiate voluntary mediation or binding arbitration]*. Upon exhaustion of the DMHC review process, you may then request a CalPERS

Administrative Review. You may **not** request a CalPERS Administrative Review if you decide to proceed to court, *[or initiated voluntary mediation or binding arbitration]*.

3. Malpractice and Bad Faith

You must proceed directly to court.

4. Disputed Health Care Service Issue

A decision regarding a disputed health care service relates to the practice of medicine and is not a coverage issue, and includes decisions as to whether a particular service is not medically necessary, or Experimental or Investigational.

If you are dissatisfied with the outcome of USBHPC's internal grievance process or if you have been in the process for 30 days or more, you may request an IMR from the DMHC.

If you are dissatisfied with the IMR determination, you may request a CalPERS Administrative Review within 30 days of the DMHC or IMR determination, or you may proceed to court. If you choose to proceed to court, you may **not** request a CalPERS Administrative Review.

Administrative Review. You may **not** request a CalPERS Administrative Review if you decide to proceed to court, *or initiated voluntary mediation or binding arbitration.*

Voluntary Mediation and Binding Arbitration

If you are dissatisfied with USBHPC's Appeal Process determination, you can request that USBHPC submit the appeal to voluntary mediation or binding arbitration before JAMS.

Voluntary Mediation

In order to initiate voluntary mediation, either you or the agent acting on your behalf must submit a written request to USBHPC. If all parties mutually agree to mediation, the mediation will be administered by JAMS in accordance with the JAMS Mediation Rules and Procedures, unless all parties otherwise agree. Expenses for mediation will be shared equally by the parties. The Department of Managed Health Care will have no administrative or enforcement responsibilities with the voluntary mediation process.

CalPERS Administrative Review

If you remain dissatisfied with USBHPC's determination, the DMHC's determination or the IMR's determination, the Member may request an Administrative Review. The Member must exhaust USBHPC's internal grievance process, the DMHC's process and the IMR process, when applicable, prior to submitting a request for CalPERS Administrative Review.

The request for an Administrative Review must be submitted in writing to CalPERS within thirty (30) days from the date of the DMHC FABD or, the IMR determination letter, in cases involving a Disputed Health Care Service, or Experimental or Investigational determination.

The request must be mailed to:

CalPERS Health Plan Administration Division
Health Appeals Coordinator
P.O. Box 1953
Sacramento, CA 95812-1953

The Member is encouraged to include a signed Authorization to Release Health Information (ARHI) form in the request for an Administrative Review, which gives permission to the Plan to provide medical documentation to CalPERS. If the Member would like to designate an Authorized Representative to represent him/her in the Administrative Review process, complete Section IV. Election of Authorized Representative on the ARHI form. The Member must complete and sign the form. An ARHI assists CalPERS in obtaining health information needed to make a decision regarding a Member's request for Administrative Review. The ARHI form will be provided to the Member with the FABD letter from USBHPC. If the Member has additional medical records from Providers or scientific studies that the Member believes are relevant to CalPERS review, those records should be included with the written request. The Member should send **copies** of documents, not originals, as CalPERS will retain the documents for its files. The Member is responsible for the cost of copying and mailing medical records required for the Administrative Review. Providing supporting information to CalPERS is voluntary. However, failure to provide such information may delay or preclude CalPERS in providing a final Administrative Review determination.

Providing supporting information to CalPERS is voluntary. However, failure to provide such information may delay or preclude CalPERS in providing a final Administrative Review determination.

Questions about your benefits? Call our Customer Service Department at 1-877-359-3714 or 711 (TTY).

Note: In urgent situations, if the Member requests an IMR at the same time the Member submits a request for CalPERS Administrative Review, but before a determination has been made by the IMR, CalPERS will not begin its review or issue its determination until the IMR determination is issued.

Administrative Hearing

The Member must complete the CalPERS Administrative Review process prior to being offered the opportunity for an Administrative Hearing. Only claims involving covered benefits are eligible for an Administrative Hearing.

The Member must request an Administrative Hearing in writing within 30 days of the date of the Administrative Review determination. Upon satisfactorily showing good cause, CalPERS may grant additional time to file a request for an Administrative Hearing, not to exceed 30 days.

The request for an Administrative Hearing must set forth the facts and the law upon which the request is based. The request should include any additional arguments and evidence favorable to a member's case not previously submitted for Administrative Review, DMHC and IMR.

If CalPERS accepts the request for an Administrative Hearing, it shall be conducted in accordance with the Administrative Procedure Act (Government Code section 11500 et seq.). An Administrative Hearing is a formal legal proceeding held before an Administrative Law Judge (ALJ); the Member may, but is not required to, be represented by an attorney. After taking testimony and receiving evidence, the ALJ will issue a Proposed Decision. The CalPERS Board of Administration (Board) will vote regarding whether to adopt the Proposed Decision as its own decision at an open (public) meeting. The Board's final decision will be provided in writing to the Member within two weeks of the Board's open meeting.

Appeal Beyond Administrative Review and Administrative Hearing

If the Member is still dissatisfied with the Board's decision, the Member may petition the Board for reconsideration of its decision, or may appeal to the Superior Court.

A Member may not begin civil legal remedies until after exhausting these administrative procedures.

None of the Network Providers or their employees are employees or agents of USBHPC. Likewise, neither USBHPC nor any employee of USBHPC is an employee or agent of any Network Provider.

Our USBHPC Network Providers are paid on a discounted fee-for-service basis for the services they provide. They have agreed to provide services to you at the normal fee they charge, minus a discount. USBHPC does not compensate nor does it provide any financial bonuses or any other incentives to its Providers based on their utilization patterns.

Medically Necessary (or Medical Necessity) refers to an intervention, if, as recommended by the treating Practitioner and determined by the Medical Director of USBHPC to be all of the following:

- a. A health intervention for the purpose of treating a Mental Disorder or **Substance-Related and Addictive Disorder**;
- b. The most appropriate level of service or item, considering potential benefits and harms to the Member;
- c. Known to be effective in improving health outcomes. For existing interventions, effectiveness is determined first by scientific evidence, then by professional standards, then by expert opinion. For new interventions, effectiveness is determined by scientific evidence; and
- d. If more than one health intervention meets the requirements of (a) through (c) above, furnished in the most cost-effective manner that may be provided safely and effectively to the Member. “Cost-effective” does not necessarily mean lowest price.

Questions about your benefits? Call our Customer Service Department at 1-877-359-3714 or 711 (TTY).

A service or item will be covered under the USBHPC Health Plan if it is an intervention that is an otherwise covered category of service or item, not specifically excluded and Medically Necessary. An intervention may be medically indicated yet not be a covered benefit or meet the definition of Medical Necessity.

In applying the above definition of Medical Necessity, the following terms shall have the following meaning:

- i. *Treating Practitioner* means a Practitioner who has personally evaluated the patient.
- ii. A *health intervention* is an item or service delivered or undertaken primarily to treat (that is, prevent, diagnosis, detect, treat or palliate) a Mental Disorder or **Substance-Related and Addictive Disorder** or to maintain or restore functional ability. A health intervention is defined not only by the intervention itself, but also by the Mental Disorder and **Substance-Related and Addictive Disorder** condition and the patient indications for which it is being applied.
- iii. *Effective* means that the intervention can reasonably be expected to produce the intended result and to have expected benefits that outweigh potential harmful effects.
- iv. *Health outcomes* are outcomes that affect health status as measured by the length or quality (primarily as perceived by the patient) of a person's life.
- v. *Scientific evidence* consists primarily of controlled clinical trials that either directly or indirectly demonstrate the effect of the intervention on health outcomes. If controlled clinical trials are not available, observational studies that suggest a causal relationship between the intervention and health outcomes can be used. Partially controlled observational studies and uncontrolled clinical series may be suggestive but do not by themselves demonstrate a causal relationship unless the magnitude of the effect observed exceeds anything that could be explained either by the natural history of the Mental Disorder or **Substance-Related and Addictive Disorder** condition or potential Experimental biases. For existing interventions, the scientific evidence should be considered first and, to the greatest extent possible, should be the basis for determinations of medical necessity. If no scientific evidence is available, professional standards of care should be considered. If professional standards of care do not exist, or are outdated or contradictory, decisions about existing interventions should be based on expert opinion. Giving priority to scientific evidence does not mean that coverage of existing interventions should be denied in the absence of conclusive scientific evidence. Existing interventions can meet the definition of Medical Necessity in the absence of scientific evidence if there is a strong conviction of effectiveness and benefit expressed through up-to-date and consistent professional standards of care or, in the absence of such standards, convincing expert opinion.
- vi. A *new intervention* is one that is not yet in widespread use for the Mental Disorder or **Substance-Related and Addictive Disorder** and patient indications being considered. New interventions for which clinical trials have not been conducted because of epidemiological reasons (i.e., rare or new diseases or orphan populations) shall be evaluated on the basis of professional standards of care. If professional standards of care do not exist, or are outdated or contradictory, decisions about such new interventions should be based on convincing expert opinion.
- vii. An intervention is considered *cost-effective* if the benefits and harms relative to costs represent an economically efficient use of resources for patients with this condition. The application of this criterion is to be on an individual case and the characteristics of the individual patient shall be determinative.

SECTION 3. PREPAYMENT OF FEES

3.1 Premium Rate Schedule

The Group is responsible for timely payment to Health Plan of the applicable total monthly premium. The Group will notify Members of the portion of that charge, if any, which Members are required to pay. The first day of a month of coverage under the Group Enrollment Agreement is called the "Premium Due Date." Premium payments which remain outstanding subsequent to the end of the grace period shall be subject to a late penalty charge of one percent (1.00%) of the total premium amount due calculated for each thirty-one (31)-day period or portion thereof during which the premium remains outstanding. 8.5 Second Opinions

Where, as a result of a Chiropractic Disorder or Acupuncture Disorder, a treatment plan is recommended by a Network Provider, Health Plan, Member or the treating Provider on a Member's behalf, may request that a second opinion be obtained from a Network Provider qualified to diagnose and treat the specific Chiropractic Disorder or Acupuncture Disorder.

8.5.1 Second Opinion Requests

A Member may request a second opinion when the Member has concerns that may include, but are not limited to, any of the following:

- (A) The Member questions a diagnosis or plan for care for a condition that threatens loss of life, loss of limb, loss of bodily function, or substantial impairment, including, but not limited to a serious chronic condition;
- (B) The Member finds that the clinical indications are not clear or are complex and confusing, a diagnosis is in doubt due to conflicting test results, or the treating chiropractic or acupuncture health professional is unable to diagnose the condition;
- (C) The Member determines that the treatment plan in progress is not improving the chiropractic or acupuncture health condition of the Member within an appropriate period of time given the diagnosis and plan of care; or
- (D) The Member has attempted to follow the plan of care or consulted with the initial provider concerning serious concerns about the diagnosis or plan of care.

Members may request a second opinion by contacting Health Plan's Customer Services Department at the toll-free telephone number listed on the front page of this *Combined Evidence Of Coverage and Disclosure Form*.

When the request originates with the Member and concerns care from a Network Provider, a second opinion is to be provided by any provider of the Member's choice from within the Health Plan's network. The provider must be of the same or equivalent specialty, acting within his or her scope of practice and possess clinical background, including training and expertise, related to the particular illness, disease, condition or conditions associated with the request for the second opinion.

If there is no Network Provider within the network who meets the standard specified above, then the Health Plan shall authorize a second opinion by an appropriately qualified health professional outside of the Health Plan's provider network.

All second opinions requested or certified by Health Plan, including all related diagnostic tests, are Covered Health Care Services. If Health Plan approves a Member request for a second opinion, the Health Plan shall be responsible for the costs of such opinion. The Member shall be responsible only for the costs of applicable Co-payments that the Health Plan requires for similar referrals.

If an out-of-plan second opinion is authorized by the Health Plan, the Member's Co-payment will be the same as the in-network Co-payment payable to the same type of provider.

Questions about your benefits? Call our Customer Service Department at 1-877-359-3714 or 711 (TTY).

A second opinion authorized by the Health Plan shall not count against the Member's benefit limitation. Unless specifically authorized by the Health Plan, any **additional** medical opinions not within the contracted network shall be the responsibility of the Member.

8.5.2 Plan Review of Requests for Second Opinions

Health Plan's authorization or denial of a request for a second opinion shall be provided in an expeditious manner. All non-urgent requests will be resolved within 72 hours of the Health Plan's receipt of a request for a second opinion.

An urgent request, when the Member's condition is such that the Member faces an imminent or serious threat to his or her health, including, but not limited to, the potential loss of life, limb, or other major bodily function, or lack of timeliness would be detrimental to the Member's ability to regain maximum function, will be expedited and resolved (authorized or denied) whenever possible within 24 hours but not to exceed 72 hours from the Plan's receipt of the request.

The Health Plan will deny a Member's request for a second opinion only in the absence of applicable benefits. In any such case, the Health Plan shall notify the Member in writing of the reasons for the denial and shall inform the Member of the right to file a grievance with the Health Plan.

Members who wish to request continuity of care coverage or a copy of Health Plan's Policy and Procedure regarding continuity of care should contact the Health Plan's Customer Services Department at the toll-free telephone number listed on the front page of this *Combined Evidence Of Coverage and Disclosure Form*, or by writing to the Customer Services Department at the following address:

Terminated Provider if the provider does not accept the payment rates and methods of payment provided for in this Section 8.6.7. In such cases, Health Plan will refer the Member to a Network Provider.

8.6.8 Non-Contracting Providers. In the event the criteria listed in the continuity of care section (8.5) are met; Health Plan will allow a Non-Contracted Provider to treat a Member, as long as the provider agrees in writing to be subject to the same contractual terms and conditions that apply to Network Providers providing similar services and who are practicing in the same or a similar geographic area as the Non-Contracting Provider, including, but not limited to, credentialing, utilization review, peer review, and quality assurance requirements. If the Non-Contracting Provider does not agree to comply or does not comply with these contractual terms and conditions, Health Plan will not continue the provider's services. In such cases, Health Plan will refer the Member to a Network Provider.

Unless otherwise agreed upon by the Non-Contracting Provider and Health Plan, the services rendered shall be compensated at rates and methods of payment similar to those used by Health Plan for Network Providers providing similar services who are practicing in the same or a similar geographic area as the Non-Contracting Provider. Health Plan will not continue the services of a Non-Contracted Provider if the provider does not accept the payment rates and methods of payment provided for in this Section 8.6.8. In such cases, Health Plan will refer the Member to a Network Provider.

8.6.9 Limitations. Members are not eligible to keep their provider if the provider does not agree to be subject to the same contractual terms and conditions that apply to Network Providers providing similar services and who are practicing in the same or a similar geographic area as your provider. Members are not eligible to keep their provider if their provider had a contract with Health Plan which was terminated or not renewed for reasons relating to a medical disciplinary cause or reason, fraud, or other criminal activity. New Members are not eligible to keep their provider if the Member had the option to continue with another health plan or provider and voluntarily chose to change health plans. In each of these cases, Health Plan will refer the Member to a Network Provider. Health Plan will not cover services that are not otherwise covered under a Member's benefit plan.

8.6.10 If a Member is not satisfied with Health Plan's decision, a Member may file a grievance with the Health Plan subject to the terms and instructions included at Section 15 of this *Combined Evidence Of Coverage and Disclosure Form*.

SECTION 11. COORDINATION OF BENEFITS (COB)

11.1 The Purpose of COB

The provisions of this Section establish a procedure through which Health Plan or a Network Provider may, in certain instances, recover a portion of the costs of Covered Health Care Services from an insurer or other third-party payor which also provides indemnity or other coverage for Chiropractic Services or Acupuncture Services provided to a Member. The Group and all Members shall cooperate with Health Plan in the administration of these provisions.

11.2 Benefits Subject to COB

All of the benefits provided under this Agreement are subject to COB in accordance with the provisions of this Section 11.

11.3 Definitions

The following definitions are applicable to the provisions of this Section only:

11.3.1 “Plan” means any plan providing chiropractic and acupuncture benefits for, or by reason of, Chiropractic Services and Acupuncture Services, which benefits are provided by (i) group, blanket or franchise insurance coverage, (ii) service plan contracts, group practice, individual practice and other prepayment coverage, (iii) any coverage under labor-management trustee plans, union welfare plans, employer organization plans, or employee benefit organization plans, and (iv) any coverage under governmental programs other than Medi-Cal, or California Children's Services, and any coverage required or provided by any statute.

11.3.2 The term “Plan” shall be construed separately with respect to each policy, contract, or other arrangement for benefits or services and separately with respect to that portion of any such policy, contract, or other arrangement which reserves the right to take the benefits or services of other Plans into consideration in determining its benefits and that portion which does not.

11.3.2.1 The term “Plan” shall include:

11.3.2.1.1 All group policies, group subscriber contracts, selected group disability insurance contracts issued pursuant to Section 10270.97 of the California Insurance Code and blanket insurance contracts, except blanket insurance contracts issued pursuant to 10270.2(b) or (e) which contain non-duplication of benefits or excess policy provisions.

11.3.2.1.2 “Medicare” or other similar governmental benefits, provided that:

- (A) The definition of “Allowable Expenses” shall only include the chiropractic and acupuncture benefits as may be provided by the governmental program;
- (B) Such benefits are not by law excess to this Plan; and
- (C) The inclusion of such benefits is inconsistent with any other provision of this Agreement.

11.3.2.1.3 The term “Plan” shall not include:

11.3.2.1.3.1 Individual or family policies, or individual or family subscriber contracts, except as otherwise provided herein.

Questions about your benefits? Call our Customer Service Department at 1-877-359-3714 or 711 (TTY).

11.3.2.1.3.2 Any entitlements to Medi-Cal benefits under Chapter 7 (commencing with Section 14000) or Chapter 8 (commencing with Section 14500) of Part 3 of Division 9 of the California Welfare and Institutions Code, or benefits under the California Children's Services under Section 10020 of the Welfare and Institutions Code, or any other coverage provided for or required by law when, by law, its benefits are excess to any private insurance or other non-governmental program.

11.3.2.1.3.3 Medical payment benefits customarily included in traditional automobile contracts.

11.3.3 "Plan" means that portion of this Agreement that provides the benefits that are subject to this Section.

11.3.4 "Allowable Expense" means any necessary, reasonable, and customary item of expense at least a portion of which is covered under at least one of the plans covering the person for whom claim is made. When a plan provides benefits in the form of services rather than cash payments, the reasonable cash value of each service rendered shall be deemed to be both an Allowable Expense and benefit paid.

11.3.5 "Claim Determination Period" means a calendar year.

11.4 Effect on Benefits

11.4.1 This Section 11 shall apply in determining the benefits as to a person covered under this Plan for any Claim Determination Period if, for the Allowable Expenses incurred as to such person during such period, the sum of:

11.4.1.1 The value of the benefits that would be provided by this Plan in the absence of this Section 11, and

11.4.1.2 The benefits that would be payable under all other Plans in the absence therein of provisions of similar purpose to this provision would exceed such Allowable Expenses.

11.4.2 As to any Claim Determination Period to which this Section is applicable, the benefits that would be provided under this Plan in the absence of this provision for Allowable Expenses incurred as to such person during such Claim Determination Period shall be reduced to the extent necessary so that the sum of such reduced benefits and all the benefits payable for such Allowable Expenses under all other Plans, except as provided in Section 11.4.3 immediately below, shall not exceed the total of such Allowable Expenses. Benefits payable under another Plan include the benefits that would have been payable had claim been made therefore.

11.4.3 If another Plan which is involved in Section 11.4.2 immediately above and which contains: provisions coordinating its benefits with those of this Plan would, according to its rules, determine its benefits after the benefits of this Plan have been determined; and the rules set forth in Section 11.5 immediately below would require this Plan to determine its benefits before such other Plan, then the benefits of such other Plan will be ignored for the purposes of determining the benefits under this Plan.

11.5 Rules Establishing Order of Determination

For the purpose of Section 11.4, the rules establishing the order of determination are:

11.5.1 The benefits of a Plan which covers the person on whose expenses claim is based other than as a dependent shall be determined before the benefits of a Plan which covers such person as dependent.

Questions about your benefits? Call our Customer Service Department at 1-877-359-3714 or 711 (TTY).

- 11.5.2** Except for cases of a person for whom claim is made as a dependent child whose parents are separated or divorced, the benefits of a Plan which covers the person on whose expenses claim is based as a dependent of a person whose date of birth, excluding year of birth, occurs earlier in a calendar year, shall be determined before the benefits of a Plan which covers such person as dependent of a person whose date of birth, excluding year of birth, occurs later in a calendar year. If either Plan does not have the provisions of this paragraph regarding dependents, which results either in each Plan determining its benefits before the other or in each Plan determining its benefits after the other, the provisions of this paragraph shall not apply, and the rule set forth in the Plan which does not have the provisions of this paragraph shall determine the order of the benefits.
- 11.5.3** In the case of a person for whom claim is made as a dependent child whose parents are separated or divorced and the parent with custody of the child has not remarried, the benefits of a Plan which covers the child as a dependent of the parent with custody of the child will be determined before the benefits of a Plan which covers the child as a dependent of the parent without custody.
- 11.5.4** In the case of a person for whom claim is made as a dependent child whose parents are divorced and the parent with custody of the child has remarried, the benefits of a Plan which covers the child as a dependent of the parent with custody shall be determined before the benefits of a Plan which covers that child as a dependent of the stepparent, and the benefits of a Plan which covers that child as a dependent of the stepparent will be determined before the benefits of a Plan which covers that child as dependent of the parent without custody.
- 11.5.5** In the case of a person for whom claim is made as a dependent child whose parents are separated or divorced where there is a court decree which would otherwise establish financial responsibility for the costs of Chiropractic Services or Acupuncture Services with respect to the child, then, notwithstanding Sections 11.5.3 and 11.5.4, the benefits of a Plan which covers the child as a dependent of the parent with such financial responsibility shall be determined before the benefits of any other Plan which covers the child as a dependent child.
- 11.5.6** When Sections 11.5.1 through 11.5.5 do not establish an order of benefit determination, the benefits of a Plan which has covered the person on whose expenses claim is based for the longer period of time shall be determined before the benefits of a Plan which has covered such person the shorter period of time, provided that:
- 11.5.6.1** The benefits of a Plan covering the person on whose expenses claim is based as a laid-off or retired employee, or dependent of such person, shall be determined after the benefits of any other Plan covering such person as an employee, other than a laid-off or retired employee, or dependent of such person; and
- 11.5.6.2** If either Plan does not have a provision regarding laid-off or retired employees, which results in each Plan determining benefits after the other, then Section 11.5.6.1 shall not apply.

In determining the length of time an individual has been covered under a given Plan, two successive Plans of a given group shall be deemed to be one continuous Plan so long as the claimant concerned was eligible for coverage within twenty-four (24) hours after the prior Plan terminated. Thus, neither a change in the amount or scope of benefits provided by a Plan, a change in the carrier insuring the Plan, nor a change from one type of Plan to another (e.g., single employer to multiple employer Plan, or vice versa, or single employer to a Taft Hartley Welfare Plan) would constitute the start of a new Plan for purposes of this provision.

If a claimant's effective date of coverage under a given Plan is subsequent to the date the other carrier first contracted to provide the Plan for the group concerned (employer, union, association, etc.), then, in

Questions about your benefits? Call our Customer Service Department at 1-877-359-3714 or 711 (TTY).

the absence of specific information to the contrary, the carrier shall assume, for purposes of this provision, that the claimant's length of time covered under the Plan shall be measured from the claimant's effective date of coverage. If a claimant's effective date of coverage under a given Plan is the same as the date the carrier first contracted to provide the Plan for the group concerned, then the carrier shall request the group concerned to furnish the date the claimant first became covered under the earliest of any prior Plans the group may have had. If such date is not readily available, the date the claimant first became a member of the group shall be used as the date from which to determine the length of time his or her coverage under that Plan has been in force.

11.6 Reduction of Benefits

When this Section 11 operates to reduce the total amount of benefits otherwise payable as to a person covered under this Plan during any Claim Determination Period, each benefit that would be payable in the absence of this provision shall be reduced proportionately, and such reduced amount shall be charged against any applicable benefit limit of this Plan. Health Plan may not decrease, in any manner, the benefits stated herein, except after a period of at least thirty (30) days from the date of the postage paid mailing to the Group.

11.7 Right to Receive and Release Necessary Information

For the purposes of determining the applicability of and implementing the terms of this Section 11 of this Plan or any provision of similar purpose of any other Plan, to the extent permitted by applicable law, including the Health Insurance Portability and Accountability Act of 1996 and the Confidentiality of Medical Information Act, the Plan may release to or obtain from any insurance Health Plan or other organization or person any information, with respect to any person, which the Plan deems to be necessary for such purposes. Any person claiming benefits under this Plan shall furnish such information as may be necessary to implement this provision.

11.8 Facility of Payment

Whenever payments which should have been made under this Plan in accordance with this provision have been made under any other Plans, the Plan shall have the right, exercisable alone and in its sole discretion, to pay over to any organizations making such other payments any amounts it shall determine to be warranted in order to satisfy the intent of this provision, and amounts so paid shall be deemed to be benefits paid under this Plan and, to the extent of such payments, the Plan shall be fully discharged from liability under this Plan.

11.9 Right of Recovery

Whenever payments have been made by the Plan with respect to Allowable Expenses in a total amount, at any time, in excess of the maximum amount of payment necessary at that time to satisfy the intent of this Section 11, the Plan shall have the right to recover such payments, to the extent of such excess, from one or more of the following, as the Plan shall determine: any persons to, for, or with respect to whom such payments were made, any insurers, any service plans, or any other organizations.

SECTION 12. THIRD-PARTY LIABILITY

12.1 Member Reimbursement Obligation

If a Member receives payment by way of a third-party suit or settlement for Covered Health Care Services provided or paid for by Health Plan, the Member shall be obligated to reimburse Health Plan for the actual costs incurred by Health Plan for such Covered Health Care Services, but no more than the amount the Member recovers on account of the condition for which Covered Health Care Services were provided, exclusive of any amounts awarded in a suit as compensatory damages for any items other than the expenses of Chiropractic Services and Acupuncture Services and any amounts awarded as punitive damages.

12.2 Health Plan's Right of Recovery

Health Plan shall have a lien on all funds recovered by a Member from a third party pursuant to Section 12.1 immediately above. Such lien shall not exceed the sum of the reasonable costs actually paid by Health Plan to perfect the lien and the amount actually paid by Health Plan to any treating provider. If the Member engaged an attorney, the lien may not exceed one-third (1/3) of the monies due to the Member under any final judgment, compromise, or settlement agreement. If the Member did not engage an attorney, the lien may not exceed one-half (1/2) of the monies due to the Member under any final judgment, compromise, or settlement agreement. Health Plan may give notice of such lien to any party who may have contributed to the loss.

12.3 Member Cooperation

The Member shall take such action, furnish such information (including responding to requests for information about any accident or injuries and making court appearances) and assistance, and execute such instruments (including a written confirmation of assignment, and consent to release medical records) as Health Plan may require to facilitate enforcement of Health Plan's rights under this Section 12, and shall take no action that tends to prejudice such rights. Any Member who fails to cooperate in Health Plan's administration of this Section 12 shall be responsible for the amount otherwise recoverable by Health Plan under this Section.

12.4 Subrogation Limitation

Health Plan shall be subrogated to and shall succeed to all rights of recovery, under any legal theory of any type, from any or all of the following:

- (A) Third parties, including any person alleged to have caused Member to suffer injuries or damages;
- (B) Member's employer;
- (C) Any person or entity obligated to provide benefits or payments to Member, including benefits or payments for underinsured or uninsured motorist protection (collectively referred to as "Third Parties.")

Health Plan has the right to be subrogated to the Member's rights for all amounts recoverable by Health Plan under this Section 12. Health Plan's rights under this Section 12.4 include the right to bring suit against the third party in the Member's name.

Member agrees:

- (A) To assign all rights of recovery against Third Parties, to the extent of the actual costs of Covered Health Care Services provided or paid for by Health Plan, plus reasonable costs of collection;
- (B) To cooperate with Health Plan in protecting Health Plan's legal rights to subrogation and reimbursement;
- (C) That Health Plan's rights will be considered as the first priority claim against Third Parties, to be paid before any other of Member's claims are paid;

Questions about your benefits? Call our Customer Service Department at 1-877-359-3714 or 711 (TTY).

- (D) That Member will do nothing to prejudice Health Plan's rights under this provision, either before or after the need for services or benefits under this document;
- (E) That Health Plan may, at Health Plan's option, take necessary and appropriate action to preserve Health Plan's rights under these subrogation provisions, including filing suit in Member's name;
- (F) That regardless of whether or not Member has been fully compensated, Health Plan may collect from the proceeds of any full or partial recovery that Member or Member's legal representative obtain, whether in the form of a settlement (either before or after any determination of liability) or judgment, the actual costs incurred by Health Plan for Covered Health Care Services provided or paid for by Health Plan;
- (G) To hold in trust for Health Plan's benefit under these subrogation provisions any proceeds of settlement or judgment;
- (H) That Health Plan shall be entitled to recover from Member reasonable attorney fees incurred in collecting proceeds held by Member;
- (I) That Member will not accept any settlement that does not fully compensate or reimburse Health Plan without Health Plan's written approval.

SECTION 13. MANAGED CARE PROGRAM

13.1 Managed Care Program

The Managed Care Program is the program by which Health Plan determines whether services or other items are Medically Necessary and directs care in the most cost-efficient manner. The Managed Care Program includes, but is not limited to, requirements with respect to the following: concurrent and retrospective utilization review; and quality assurance activities. The Managed Care Program requires the cooperation of Members, Network Providers, and Health Plan. All Network Providers have agreed to participate in Health Plan's Managed Care Program.

13.2 Managed Care Process

Health Plan's Utilization Management Committees will have program oversight for Chiropractic Services and Acupuncture Services provided, or to be provided, to Members under this Agreement in order to determine: (i) whether the services are/were Medically Necessary; (ii) the appropriateness of the recommended treatment setting; (iii) the required duration of treatment; (iv) whether the recommended treatment qualifies as a Covered Service; and (v) whether any Limitations apply.

13.3 Appeal Rights

All decisions made by Health Plan in connection with the Managed Care Program may be appealed by the Member through the Grievance Procedure set forth in Section 16.

13.4 Utilization Management

Health Plan utilizes the following process to authorize, modify, or deny services under benefits provided by the Health Plan.

- 13.4.1 Utilization Review.** Utilization review occurs as the services are provided (concurrent), or after the services have been provided (retrospective). The Utilization Review Process requires health care providers to submit the authorization request forms. Utilization review will not be conducted more frequently than is reasonably required to assess whether the health care services under review meet plan benefit coverage criteria. The provider is responsible for documenting the medical necessity of services through the authorization process.
- 13.4.2 Benefit Coverage Determinations.** Benefit coverage determinations are made by the Health Plan's Support Clinicians based upon your benefit plan and may include an adverse determination due to a limitation in benefit coverage or an exclusion of benefit coverage. These are not medical necessity determinations.
- 13.4.3 Support Clinicians/Clinical Peer Reviewers.** All clinical reviews are conducted by licensed peer reviewers who meet the Health Plan provider credentialing process and possess the additional qualifications.
- 13.4.4 Member Disclosure.** The process used by Health Plan to authorize, modify, or deny health care services under any benefit plan will be disclosed to members or their designees upon request.
- 13.4.5 Notifications and Time Frames.** Unless specific state or federal law requires other time frame and notification standards, the following will apply for Health Plan's utilization management determinations.
 - 13.4.5.1** Health Plan uses one standard process that applies to both concurrent and retrospective review. The Support Clinician completes the concurrent review process within five (5) business days of receipt of all necessary information. Retrospective reviews are completed within thirty (30) business days of receipt of all necessary information.

Questions about your benefits? Call our Customer Service Department at 1-877-359-3714 or 711 (TTY).

- 13.4.5.2** An Authorization Response is sent to the provider and Enrollee indicating the Support Clinician's decision within one (1) business day of the date of decision. The written response is sent to the provider by U.S. Mail. Written notification is sent to the Enrollee by U.S. Mail.
- 13.4.5.3** The Authorization Response sent to the provider and the Enrollee includes messages addressing any changes to the requested treatment plan. In addition, each response to the provider includes the name of the Support Clinician and instructions and timelines for the submission of missing or additional documentation.
- 13.4.5.4** If Health Plan cannot make a decision to approve, modify or deny a request for authorization within the time frames specified above because Health Plan is not in receipt of all of the information reasonably necessary and requested, or because Health Plan requires consultation by an expert reviewer, or because Health Plan has asked that an additional examination or test be performed upon the member (provided the examination or test is reasonable and consistent with good medical practice in the organized chiropractic community), Health Plan shall, immediately upon the expiration of the specified time frame, or as soon as Health Plan becomes aware that it will not meet the time frame, whichever occurs first, notify the provider and the member, in writing, that Health Plan cannot make a decision to approve, modify, or deny the request for authorization within the required time frame, and specify the information requested but not received, or the expert reviewer to be consulted, or the additional examinations or tests required. Health Plan shall also notify the provider and the member of the anticipated date on which a decision may be rendered. Upon receipt of all information reasonably necessary and requested, Health Plan will approve, modify, or deny the request for authorization within the applicable time frame specified above.
- 13.4.5.5** A request for services may be denied on the basis that information necessary to determine medical necessity was not received. If Health Plan requests medical information from a provider in order to determine whether to approve, modify, or deny a request for authorization, Health Plan will request only the information reasonably necessary to make the determination. A reasonable attempt to obtain the missing information from the enrollee's provider will be made prior to denying services based on lack of information. The request for the necessary information will be handled in accordance with Health Plan policy.
- 13.4.5.6** In the case of concurrent review, care shall not be discontinued until the member's treating provider has been notified of Health Plan's decision, and a care plan has been agreed upon by the treating provider that is appropriate for the medical needs of that member.

13.4.6 Adverse Determinations. Unless specific state or federal law requires other time frame and notification standards, the following will apply for Health Plan's utilization management determinations.

- 13.4.6.1** An adverse determination by a Health Plan Support Clinician means one or more of the service(s) requested was determined to be not Medically Necessary or appropriate.
- 13.4.6.2** Clinical determinations are decisions made with regard to the provider's requested duration of care, quantity or services or types of services.

13.4.7 Nothing in this Section 13 shall be construed or applied to interfere with a Member's right to submit a grievance or seek an independent medical review in accordance with applicable law. Members shall in all cases have an opportunity to submit a grievance to Health Plan or seek an independent

medical review whenever a health care service is denied, modified, or delayed by Health Plan, or by one of its contracting providers, if the decision was based in whole or in part on a finding that the proposed health care services are not Medically Necessary.

13.4.8 All grievances shall be handled in accordance with Health Plan's Grievance Resolution Policies and Procedures, as described in Section 16.

13.4.9 A request for an independent medical review shall be handled in accordance with Health Plan's policies and procedures on independent medical reviews or, if applicable, the policies and procedures on independent review of decisions regarding experimental or investigational therapies, as described in Section 16.5.

15.6.3 In the event that Health Plan fails to pay a non-contracting provider for any amounts owed by the Health Plan, Member may be responsible to the non-contacting provider for the cost of services.

Health Plan will acknowledge receipt of the grievance in writing for urgent issues on the day of receipt, and all routine grievances within five (5) calendar days of receipt. These deadlines do not apply to grievances that are received by telephone, by facsimile, or by email, that are not coverage disputes, disputed health care services involving medical necessity, or experimental or investigational treatment and that are resolved by the next business day.

If the grievance pertains to a Quality of Service issue, it may be investigated and resolved by the Health Plan in collaboration with any other involved departments. If the grievance pertains to a Quality of Care issue and is routine, the Health Plan transfers the information to the Medical Director. If the grievance pertains to a Quality of Care issue and is urgent, the Health Plan will promptly initiate the Expedited Review process.

Health Plan will provide a written statement on the determination of any grievance except for grievances that are received by telephone, by facsimile, or by email, that are not coverage disputes, disputed health care services involving medical necessity, or experimental or investigational treatment and that are resolved by the next business day. For an urgent grievance in which medical/clinical services are underway, Health Plan will notify the complainant and the Department within twenty-four (24) hours of the Health Plan's receipt of the grievance. For all other urgent grievances, Health Plan will notify the complainant and the Department within three (3) calendar days of the Health Plan's receipt of the grievance. complaint. The Member may request an Independent Medical Review (IMR) of Disputed Health Care Services from the Department if the Member believes that health care services have been improperly denied, modified, or delayed by the Health Plan or one of its contracting providers. A “Disputed Health Care Service” is any health care service eligible for coverage and payment under the subscriber contract that has been denied, modified, or delayed by the Plan or one of its contracting providers, in whole or in part because the service is not Medically Necessary.

The IMR process is in addition to any other procedures or remedies that may be available to the Member. The Member pays no application or processing fees of any kind for IMR. The Member has the right to provide information in support of the request for IMR. The Plan must provide the Member with an IMR application form with any grievance disposition letter that denies, modifies, or delays health care services. A decision not to participate in the IMR process may cause the Member to forfeit any statutory right to pursue legal action against the plan regarding the Disputed Health Care Service.

For more information regarding the IMR process, or to request an application form, please call Health Plan’s Customer Services department at 1-800-428-6337; or write to OptumHealth Physical Health of California at P.O. Box 880009, San Diego, CA 92168-0009.

16.5 Independent Medical Review (IMR) for Experimental and Investigational Therapies

You may also have the right to an independent medical review through the Department if the Health Plan denies coverage for a requested service on the basis that it is experimental or investigational. Health Plan will notify you within 5 business days of its decision to deny an experimental/investigational therapy. You are not required to participate in the Health Plan’s grievance process prior to seeking an independent medical review of this decision.

The Independent Medical Review Organization will complete its review within 30 days of receipt of your application and supporting documentation. If your physician determines that the proposed therapy would be significantly less effective if not promptly initiated, the review will be completed within 7 days.

16.6 Implementation of IMR Decision

If the Member receives a decision by the Director of the Department that a Disputed Health Care Service is Medically Necessary, Health Plan will promptly implement the decision.

In the case of reimbursement for services already provided, Health Plan will reimburse the provider or Member within five (5) working days. In the case of services not yet provided, Health Plan will authorize the services within five (5) working days of receipt of the written decision from the Director or sooner, if appropriate for the nature of the Member’s medical condition, and will inform the Member and Provider of the authorization according to the requirements of Health and Safety Code Section 1367.01(h)(3).

16.7 Exhaustion of Remedies

A Member shall not be entitled to maintain a cause of action alleging that Health Plan has failed to exercise ordinary care unless the Member or his or her representative has exhausted the procedures provided by IMR process, except in a case where either of the following applies: (i) substantial harm has occurred prior to the completion of the IMR process; or (ii) substantial harm will imminently occur prior to the completion of the IMR process. For purposes of this Section 16.7, substantial harm means loss of life, loss or significant impairment of limb or bodily function, significant disfigurement, severe and chronic physical pain, or significant financial loss.

2025 UnitedHealthcare SignatureValue™ Alliance HMO – Basic Plan

SECTION 17. TERMINATION OF BENEFITS

17.1 Basis for Termination of a Member's Coverage

Health Plan may terminate a Member's coverage for any one or more of the following reasons:

- 17.1.1** If the Group has failed to pay a premium due within 31 days of the Premium Due Date, Health Plan shall send a notice of cancellation to the Group requesting payment of any past due premiums and providing notice that coverage for a Member whose premium is unpaid shall terminate automatically as of the sixteenth (16th) day following issuance of such notice of cancellation. If the Member is hospitalized or undergoing treatment for an ongoing condition at the time of such termination, Health Plan shall continue to be financially responsible only for those Chiropractic Services and Acupuncture Services provided after such termination that had already received prior written certification as Covered Services, and had already commenced, as of the date of such termination.
- 17.1.2** The Member fails to pay or make appropriate arrangements to pay a required Co-payment after the Member has been billed by the provider for two different billing cycles. Health Plan will provide the Member with written notice, and the Member will be subject to termination if payment or appropriate payment arrangements are not made within the thirty (30)-day notice period.
- 17.1.3** If the Member permits the misuse of his or her identification documents by any other person, or misuses another person's identification, coverage of the Member may be terminated immediately upon notice to the Member. The Member shall be liable to Health Plan for all costs incurred as a result of any misuse of identification documents.
- 17.1.4** A Member's coverage will be terminated upon mailing of notice if a Member threatens the safety of any provider, his or her office staff, or the Health Plan if such behavior does not arise from a diagnosed illness or condition. In addition, a Member's coverage may be immediately terminated upon mailing of notice if the Member repeatedly or materially disrupt the operations of the Health Plan to the extent that the Member's behavior substantially impairs Health Plan's ability to furnish or arrange services for the Member or other Members or substantially impairs the ability of any provider, or his or her office staff, to provide services to other patients.
- 17.1.5** The Member moves out of the service area without the intention to return. Termination shall be effective on the sixteenth (16th) day following issuance of such notice.
- 17.1.6** The Member voluntarily disenrolls, provided the Group allows voluntary disenrollment. Termination shall take effect on the last day of the month in which the Member voluntarily disenrolls.
- 17.1.7** The notice of cancellation issued by Health Plan shall be in writing and dated, and shall state:
- (A) The cause for cancellation, with specific reference to the clause of this Agreement giving rise to the right of cancellation;
 - (B) That the cause for cancellation was not the Member's health status or requirements for health care services;
 - (C) The time when the cancellation is effective; and
 - (D) That a Member who alleges that an enrollment or subscription has been cancelled or not renewed because of the Member's health status or requirements for health care services may request a review of cancellation by the Director of the Department.

17.2 Reinstatement

Subject to Section 17.5, the reinstatement of any Member whose coverage under this Agreement has terminated for any reason shall be within the sole discretion of Health Plan. This Section does not apply to reinstatement of

the Group, but rather to reinstatement of a Member whose coverage has terminated for reasons unrelated to cancellation of the Group Enrollment Agreement for nonpayment.

17.3 Rescission

If, at any time, Health Plan determines that a Member fraudulently or intentionally provided incomplete or incorrect material information and Health Plan's decision to accept the Member's enrollment was based, in whole or in part, on the misinformation, Health Plan may rescind the Member's membership instead of terminating the Member's coverage upon the date of mailing. Rescind means Health Plan will completely cancel membership so that no coverage ever existed. Health Plan can also rescind membership if it finds that a Member fraudulently or intentionally did not inform Health Plan about changes to the information the Member submitted in their enrollment application that occurred before the Member's coverage became effective, and Health Plan would have denied the Member's enrollment if the Member had informed Health Plan about the changes. If Health Plan rescinds a membership, Health Plan will send written notice to the affected Member which will explain the basis for Health Plan's decision and how the Member may appeal the decision. Any Member whose membership is rescinded will be required to pay as a non-Member for any services Health Plan covered. Within 30 days, Health Plan will refund all applicable premiums amounts due pursuant to Section 17.4, except that Health may subtract any amounts the Member owes Health Plan. The Member will not be allowed to enroll in an OptumHealth Physical Health of California health plan in the future.

17.4 Return of Premiums for Unexpired Period

In the event of termination or rescission of a Member's coverage by Health Plan, Health Plan shall, within thirty (30) days following such termination, return to the Group the pro rata portion of any premium paid to Health Plan that corresponds to any unexpired period for which payment had been made less any amounts due to Health Plan from the Group.

17.5 Director Review of Termination

Any Member who in good faith believes that his or her coverage has been terminated or not renewed because of the Member's health status or requirements for Chiropractic Services or Acupuncture Services, may request a review of the termination or non-renewal by the Director of the California Department of Managed Health Care. If the Director determines that a proper complaint exists under Section 1365 of the California Health and Safety Code, the Director will notify Health Plan of that fact. Health Plan must, within fifteen (15) days after receipt of the notice, either request a hearing or reinstate the Member. If, based on the hearing, the Director determines that the termination or non-renewal is contrary to applicable law; Health Plan must reinstate the Member retroactive to the time of the termination or non-renewal. Under such circumstances, Health Plan will be liable for the expenses incurred by the Member after the termination or non-renewal for Chiropractic Services or Acupuncture Services that would otherwise have received certification as Covered Services.

17.6 Individual Continuation of Benefits

In the event the Group ceases to exist, the Group contract is terminated, an individual Subscriber leaves the Group or the Member's eligibility status changes, the Member may remain in the Plan if he or she otherwise satisfies the eligibility criteria for COBRA.

17.6.1 Continuation of Benefits for Totally Disabled Members

If a Member becomes Totally Disabled while covered under the Group Enrollment Agreement, and the Group Enrollment Agreement between Health Plan and the Group is subsequently terminated, benefits for Covered Services directly relating to the disabling condition will continue for twelve (12) months following the last day of coverage for which a total monthly premium was paid to Health Plan on behalf of the Member, notwithstanding the termination of the Group Enrollment Agreement during such period. Any extension of benefits may be terminated at such time as the Member is no longer totally disabled or at such time as coverage for the Member becomes effective under any replacement agreement or policy.

Questions about your benefits? Call our Customer Service Department at 1-877-359-3714 or 711 (TTY).

Covered Services provided after termination will be subject to all of the Exclusions and Limitations, as well as all of the other terms and conditions, contained in this document, including, but not limited to, all applicable Co-payments and Annual Benefit Maximums. A Member who is not a Family Dependent will be considered to be Totally Disabled when as a result of bodily injury or disease, he or she is prevented from engaging in any occupation for compensation or profit; a Member who is a Family Dependent will be considered totally disabled when such Member is prevented from performing all regular and customary activities usual for a person of his or her age and family status. An enrolled Family Dependents who attain the limiting age may continue enrollment in the Health Plan beyond the limiting age if the Family Dependent meets all of the following:

1. The Family Dependent is incapable of self-sustaining employment by reason of a physically or mentally disabling injury, illness or condition; and
2. The Family Dependent is chiefly dependent upon the Subscriber for support and maintenance.

At least 90 days prior to a disabled Family Dependent reaching the limiting age, you, the Subscriber will receive notice that coverage for the disabled Family Dependent, will terminate at the end of the limiting age unless proof of such incapacity and dependency is provided to Health Plan by the Member within 60 days of receipt of notice. Health Plan shall determine if the disabled Family Dependent meets the conditions above, prior to the disabled Family Dependent reaching the limiting age. Otherwise, coverage will continue until Health Plan makes a determination.

Health Plan may require ongoing proof of a Family Dependent's disability and dependency, but not more frequently than annually after the two-year period following the Family Dependent's attainment of the limiting age. This proof may include supporting documentation from a state or federal agency or a written statement by a licensed psychologist, psychiatrist or other physician to the effect that such disabled Family Dependent is incapable of self-sustaining employment by reason of physical or mental disabling injury, illness or condition.

If you are enrolling a disabled child for new coverage, Health Plan may request initial proof of incapacity and dependency of the child, and then yearly, to ensure that the child continues to meet the conditions above. You, as the Subscriber, must provide Health Plan with the requested information within 60 days of receipt of the request. The child must have been covered as a dependent of the Subscriber or spouse under a previous health plan at the time the child reached the age limit.

17.6.2 Continuation of Coverage under Federal Law

If Member's coverage ends, Member may be entitled to elect continuation coverage (coverage that continues on in some form) in accordance with federal law. Continuation coverage under COBRA (the federal Consolidated Omnibus Budget Reconciliation Act) is available only to Groups that are subject to the terms of COBRA. Member can contact his or her plan administrator to determine if the Group is subject to the provisions of COBRA. If Member selected continuation coverage under a prior plan which was then replaced by coverage under this plan, continuation coverage will end as scheduled under the prior plan or in accordance with the terminating events listed below, whichever is earlier. Health Plan is not the Group's designated "plan administrator" as that term is used in federal law and does not assume any responsibilities of a "plan administrator" according to federal law.

Health Plan is not obligated to provide continuation coverage to Member if the Group or its plan administrator fails to perform its responsibilities under federal law. Examples of the responsibilities of the Group or its plan administrator are: (A) Notifying Member in a timely manner of the right to elect continuation coverage; and (B) Notifying Health Plan in a timely manner of your election of continuation coverage.

Questions about your benefits? Call our Customer Service Department at 1-877-359-3714 or 711 (TTY).

17.6.3 Qualified Beneficiary

In order to be eligible for continuation coverage under federal law, Member must meet the definition of a "Qualified Beneficiary." A Qualified Beneficiary is any of the following persons who was covered under the plan on the day before a qualifying event:

- (A) A Subscriber.
- (B) A Subscriber's Family Dependent, including with respect to the Subscriber's children, a child born to or placed for adoption with the Subscriber during a period of continuation coverage under federal law.
- (C) A Subscriber's former spouse.

17.6.3.1 Qualifying Events for Continuation Coverage under Federal Law (COBRA)

If the coverage of a Qualified Beneficiary would ordinarily terminate due to one of the following qualifying events, then the Qualified Beneficiary is entitled to continue coverage. The Qualified Beneficiary is entitled to elect the same coverage that she or he had on the day before the qualifying event.

- (A) Termination of the Subscriber from employment with the Group, for any reason other than gross misconduct, or reduction of hours; or
- (B) Death of the Subscriber;
- (C) Divorce or legal separation of the Subscriber;
- (D) Loss of eligibility by a Family Dependent who is a child;
- (E) Entitlement of the Subscriber to Medicare benefits; or
- (F) The Group filing for bankruptcy, under Title XI, United States Code, on or after July 1, 1986, but only for a retired Subscriber and his or her Family Dependents. This is also a qualifying event for any retired Subscriber and his or her Family Dependents if there is a substantial elimination of coverage within one year before or after the date the bankruptcy was filed.

17.6.4 Notification Requirements and Election Period for Continuation Coverage under Federal Law (COBRA)

The Subscriber or other Qualified Beneficiary must notify the Group's designated plan administrator within 60 days of the Subscriber's divorce, legal separation or a Family Dependent's loss of eligibility as a Family Dependent. If the Subscriber or other Qualified Beneficiary fails to notify the designated plan administrator of these events within the 60 day period, the Group and its plan administrator are not obligated to provide continued coverage to the affected Qualified Beneficiary. If a Subscriber is continuing coverage under Federal Law, the Subscriber must notify the Group's designated plan administrator within 60 days of the birth or adoption of a child.

Continuation must be elected by the later of 60 days after the qualifying event occurs; or 60 days after the Qualified Beneficiary receives notice of the continuation right from the Group's designated plan administrator. If the Qualified Beneficiary's coverage was terminated due to a qualifying event, then the initial Premium due to the Group's designated plan administrator must be paid on or before the 45th day after electing continuation.

17.6.5 Terminating Events for Continuation Coverage under Federal Law (COBRA)

Continuation under this document will end on the earliest of the following dates:

- (A) Eighteen months from the date of the qualifying event, if the Qualified Beneficiary's coverage would have ended because the Subscriber's employment was terminated or hours were reduced (i.e., qualifying event A). If a Qualified Beneficiary is determined to

have been disabled under the Social Security Act at anytime within the first 60 days of continuation coverage for qualifying event A, then the Qualified Beneficiary may elect an additional 11 months of continuation coverage (for a total of 29 months of continued coverage) subject to the following condition: (i) notice of such disability must be provided within 60 days after the determination of the disability, and in no event later than the end of the first 18 months; (ii) the Qualified Beneficiary must agree to pay any increase in the required premium for the additional 11 months; and (iii) if the Qualified Beneficiary entitled to the 11 months of coverage has non-disabled family members who are also Qualified Beneficiaries, then those non-disabled Qualified Beneficiaries are also entitled to the additional 11 months of continuation coverage. Notice of any final determination that the Qualified Beneficiary is no longer disabled must be provided within 30 days of such determination. Thereafter, continuation coverage may be terminated on the first day of the month that begins more than 30 days after the date of that determination.

- (B) Thirty-six months from the date of the qualifying event for a Family Dependent whose coverage ended because of the death of the Member, divorce or legal separation of the Subscriber, loss of eligibility by a Family Dependent who is a child (i.e., qualifying events B, C, or D).
- (C) For the Family Dependents of a Subscriber who was entitled to Medicare prior to a qualifying event that was due to either the termination of employment or work hours being reduced, eighteen months from the date of the qualifying event, or, if later, 36 months from the date of the Subscriber's Medicare entitlement.
- (D) The date coverage terminates under the plan for failure to make timely payment of the Premium.
- (E) The date, after electing continuation coverage, that coverage is first obtained under any other group health plan. If such coverage contains a limitation or exclusion with respect to any pre-existing condition, continuation shall end on the date such limitation or exclusion ends. The other group health coverage shall be primary for all health services except those health services that are subject to the pre-existing condition limitation or exclusion.
- (F) The date, after electing continuation coverage, that the Qualified Beneficiary first becomes entitled to Medicare, except that this shall not apply in the event that coverage was terminated because the Group filed for bankruptcy, (i.e., qualifying event F)
- (G) The date this document terminates.
- (H) The date coverage would otherwise terminate under this document.

17.6.5 CAL-COBRA.

Group with two (2) to nineteen (19) subscribers who do not qualify for federal COBRA, continuation coverage under this Health Plan shall comply with the requirements of the California Continuation Benefits Replacement Act, as amended ("Cal-COBRA"). Continuation coverage under Cal-COBRA shall be provided in accordance with section 1366.20 et seq. of the California Health and Safety Code, and shall be equal to, and subject to the same limitations as, the benefits provided to other Group Members regularly enrolled in this Health Plan. Group shall provide affected Members with written notice of available continuation coverage as required by, and in accordance with, Cal-COBRA and amendments thereto.

17.6.5.1 Notice Upon Termination.

Upon the termination of continuation coverage under Cal-COBRA, Group shall notify affected Members receiving Cal-COBRA continuation coverage whose continuation coverage will terminate under Health

Plan prior to the end of statutory continuation coverage period of the Member's ability to continue coverage under a new group plan for the balance of the statutory period. Notice shall be provided 30 days prior to the termination or when all Members are notified, whichever is later Group shall notify a successor plan in writing of the Members receiving Cal-COBRA continuation coverage.

If a Qualified Beneficiary is entitled to 18 months of continuation and a second qualifying event occurs during that time, the Qualified Beneficiary's coverage may be extended up to a maximum of 36 months from the date coverage ended because employment was terminated or hours were reduced. If the Qualified Beneficiary was entitled to continuation because the Group filed for bankruptcy, (i.e., qualifying event F) and the retired Subscriber dies during the continuation period, then the other Qualified Beneficiaries shall be entitled to continue coverage for 36 months from the date of the Subscriber's death. Terminating events B through G described in this section will apply during the extended continuation period.

Continuation coverage for Qualified Beneficiaries whose continuation coverage terminates because the Subscriber becomes entitled to Medicare may be extended for an additional period of time. Such Qualified Beneficiaries should contact the Group's designated plan administrator for information regarding the continuation period.

Health Plan may delegate this discretionary authority to other persons or entities that provide services in regard to the administration of the plan.

In certain circumstances, for purposes of overall cost savings or efficiency, Health Plan may, in its sole discretion, offer benefits for services that would otherwise not be Covered Health Care Services. The fact that Health Plan does so in any particular case shall not in any way be deemed to require Health Plan to do so in other similar cases.

Health Plan may, in its sole discretion, arrange for various persons or entities to provide administrative services in regard to the plan, such as claims processing. The identity of the service providers and the nature of the services they provide may be changed from time to time in Health Plan's sole discretion.
