

Escape Planning

Plan Ahead! If a fire breaks out in your home, you may have only a few minutes to get out safely once the smoke alarm sounds. Everyone needs to know what to do and where to go if there is a fire.

SAFETY TIPS

- »» MAKE a home escape plan. Draw a map of your home showing all doors and windows. Discuss the plan with everyone in your home.
- »» KNOW at least two ways out of every room, if possible. Make sure all doors and windows leading outside open easily.
- »» HAVE an outside meeting place (like a tree, light pole or mailbox) a safe distance from the home where everyone should meet.
- »» PRACTICE your home fire drill at night and during the day with everyone in your home, twice a year.
- »» PRACTICE using different ways out.
- »» TEACH children how to escape on their own in case you can't help them.
- »» CLOSE doors behind you as you leave.

IF THE ALARM SOUNDS...

- »» If the smoke alarm sounds, GET OUT AND STAY OUT. Never go back inside for people or pets.
- »» If you have to escape through smoke, GET LOW AND GO under the smoke to your way out.
- »» CALL the fire department from outside your home.

FACTS

- ! A closed door may slow the spread of smoke, heat, and fire. Install smoke alarms inside every sleeping room and outside each separate sleeping area. Install alarms on every level of the home. Smoke alarms should be interconnected. When one smoke alarm sounds, they all sound.
- ! According to an NFPA survey, only **one of every three** American households have actually developed and practiced a home fire escape plan.
- ! While **71%** of Americans have an escape plan in case of a fire, only **47%** of those have practiced it.
- ! **One-third** of American households who made an estimate thought they would have at least 6 minutes before a fire in their home would become life-threatening. The time available is often less. And only **8%** said their first thought on hearing a smoke alarm would be to get out!

How to make a Home Fire Escape Plan

100 YEARS
1922-2022

FIRE PREVENTION WEEK™

Visit Sparky.org for more activities!

- Draw a map of your home. Show all doors and windows.
- Visit each room. Find two ways out.
- All windows and doors should open easily. You should be able to use them to get outside.
- Make sure your home has smoke alarms. Push the test button to make sure each alarm is working.
- Pick a meeting place outside. It should be in front of your home. Everyone will meet at the meeting place.
- Make sure your house or building number can be seen from the street.
- Talk about your plan with everyone in your home.
- Make sure everyone in your home knows how to dial 911 or your local emergency number.
- Practice your home fire drill!
- Make your own home fire escape plan using the grid provided on page 2.
