Newport Beach Fire Department Hosts Successful 2025 Fire Service Day

Newport Beach, CA — The Newport Beach Fire Department (NBFD) welcomed hundreds of residents to Santa Ana Heights Fire Station No. 7 on Sunday, October 5, 2025, for its annual Fire Service Day. The family-friendly event gave the community a behind-the-scenes look at the people, equipment, and programs that help keep Newport Beach safe.

Throughout the day, visitors enjoyed live demonstrations, including an auto extrication, a simulated rescue, and a live fire demonstration. Children had the opportunity to spray a fire hose, climb aboard emergency vehicles, and explore the fire station. The event also featured face painting, a bounce house, and complimentary hamburgers and hot dogs, served by NBFD staff and volunteers.

Newport Lifeguards showcased their rescue watercraft and shared information about ocean safety, while members of the Community Emergency Response Team (CERT) discussed neighborhood preparedness training opportunities. The Fire Prevention Division provided fire safety education materials, and Tora the Fire Support Dog made plenty of new friends while spreading smiles throughout the day.

In addition, the Newport Beach Fire Foundation hosted an informational booth to share how residents can support local firefighters and lifeguards through donations and volunteerism. The Newport Beach Firefighters' Association offered apparel and memorabilia sales, with proceeds benefiting community programs and outreach.

"Fire Service Day is one of our favorite opportunities each year to engage directly with our community," said David Gibson, Fire Services Coordinator. "We're proud to showcase the professionalism and dedication of our firefighters, lifeguards, and support teams while inspiring future generations to be involved in public safety."

NBFD extends its gratitude to all attendees, volunteers, and partner organizations who made the event a success.

The Newport Beach Fire Department provides all-risk services to the community by protecting life, property, and the environment through prevention, training, education, and response. For more information, please contact the Newport Beach Fire Department via email at PIO@nbfd.net.
