Project Fact Sheet

Via Lido Soud & Nord Water Main Replacement

ABOUT THIS PROJECT

The Via Lido Soud & Nord Water Main Replacement project replaces older, deteriorated cast iron water mains installed in the 1930's that have outlived their design life and are now due to be replaced. Work also includes replacement of non-standard water meter boxes located in existing driveways for homes fronting Via Lido Soud and Via Lido Nord.

WHEN WILL CONSTRUCTION START?

Construction will begin in November 2020 and completion is anticipated in August 2021. See reverse side for the current construction phasing plan, which is subject to change. Generally the Contractor will work from Area 1 thru Area 4.

ACTION IS NECESSARY at this time regarding possible water meter box replacement. For non-standard meter boxes, the contractor will be upsizing these boxes and pouring a six-inch concrete encasement around the perimeter of the new box. If your home fronts Via Lido Soud or Via Lido Nord and you wish to match existing hardscape improvements, you will need to notify Public Works staff and make arrangements for this this work to be done in concert with the City effort.

STAY INFORMED
