

**Hyatt Regency Newport Beach Expansion EIR
Police Service Questionnaire**

1. Please indicate which police station would serve the proposed project, the station's location, distance to the project site, and staffing.
Location: 870 Santa Barbara Drive
Distance to Project Site: 1 Mile
Staffing: 284 Sworn and Civilian Employees
2. What is the response time to the project site? What is the department's standard for desired response time for emergency and non-emergency calls?
Response time is 1 minute. Our average response time to calls for service is 3-4 minutes.
3. Given the existing level of staffing and equipment, will the police department be able to provide police services to the proposed project? If not, please indicate what will be required to serve the project.
This cannot be answered with the project information provided. In order to answer this question additional information is necessary, such as additional population and car trips resulting from the completed project.
4. What impact will the proposed project, in combination with all the other projects planned in the area, have on the ability of the police department to provide police services in the area?

I don't have information on "other projects planned in the area".
5. What mitigation measures, if any, would you recommend for the proposed project?
Information from questions 3 and 4 is needed to answer this.
6. Please add any comments you may wish to make regarding this project.

3. **Given the existing level of staffing and equipment, will the police department be able to provide police services to the proposed project? If not, please indicate what will be required to serve the project.**

The Department is adequately staffed to deal with matters associated with adding 88 timeshare rooms to the facility.

4. **What impact will the proposed project, in combination with all the other projects planned in the area, have on the ability of the police department to provide police services in the area?**

Most of the police issues dealing with current projects under construction deal with traffic related issues. The Department will adapt to changing conditions and are sufficiently staffed to handle associated issues during and after the project is completed.

5. **What mitigation measures, if any, would you recommend for the proposed project?**

None.

6. **Please add any comments you may wish to make regarding this project.**

None.
