- □ Categorical Exemption. State type and section number:
 □ Statutory Exemptions. State code number:
- Projects Consistent with a Community Plan, General Plan, or Zoning (Section 15183)

Reasons why project is exempt: The Project qualifies for an exemption from additional environmental review as set forth in CEQA Guidelines Section 15183 because it is consistent with the established development density for which the *City of Newport Beach General Plan Housing Implementation Program Final Program Environmental Impact Report* (State Clearinghouse No. 2023060699) (GPHIP PEIR) was certified, and the Project implements the applicable mitigation measures and plans, programs, and policies specified in the GPHIP PEIR. Specifically, the Project qualifies for the exemption because, pursuant to CEQA Guidelines Section 15183(b) and based on the analysis provided in the Project-specific Section 15183 Consistency Review, the City of Newport Beach determines the following with respect to the environmental effects of the proposed Project. There are no environmental effects that:

- 1. Are peculiar to the project or the parcel on which the project would be located;
- 2. Were not analyzed as significant effects in the GPHIP PEIR on the zoning action, general plan, or community plan, with which the project is consistent;
- 3. Are potentially significant off-site impacts or cumulative impacts which were not discussed in the GPHIP PEIR prepared for the general plan, community plan or zoning action; or
- 4. Are previously identified significant effects which, as a result of substantial new information which was not known at the time the GPHIP PEIR was certified, are determined to have a more severe adverse impact than discussed in the GPHIP PEIR.
